

# Cathedral Canyon/Whitewater River Bridge Project

## Community Public Scoping Meeting

February 23, 2010

5:00 PM

at the

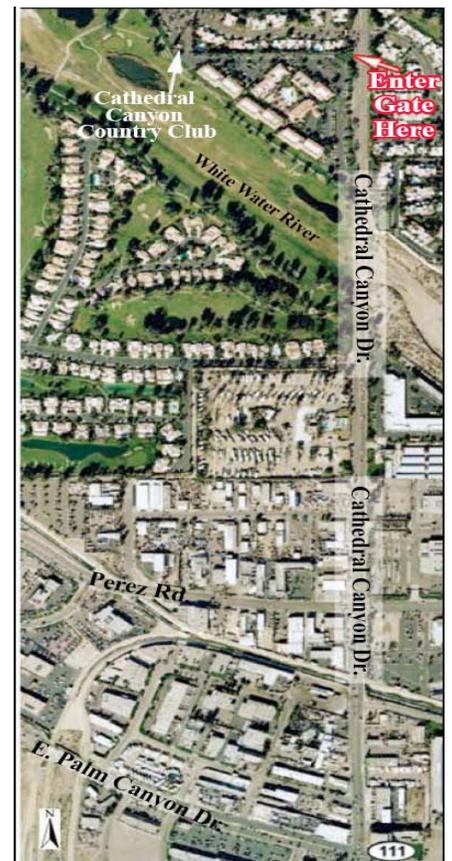

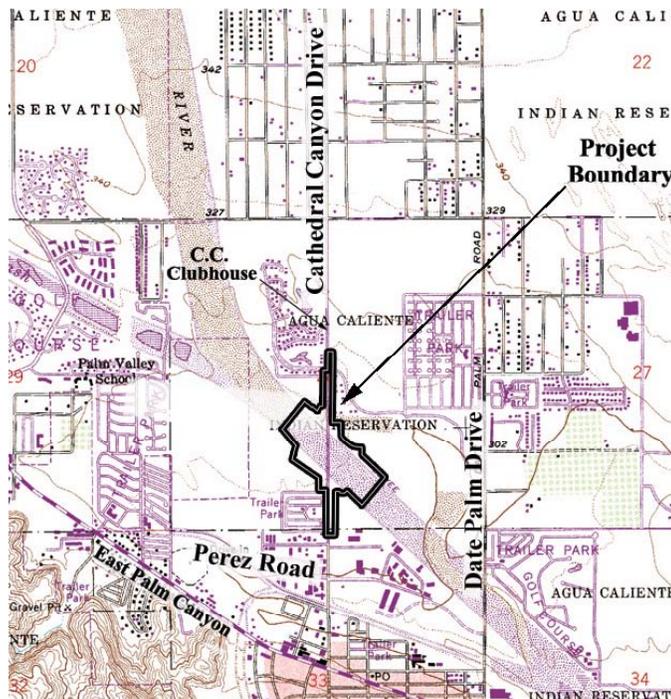

Cathedral Canyon Country Club Clubhouse

68311 Paseo Real, Cathedral City, CA

**Directions:** Enter from the Cathedral Canyon Dr. gate. Press the key emblem twice then press "Enter 1970". Go straight 1,000-feet and clubhouse will be on the left.

The City of Cathedral City is holding a Community Public Scoping Meeting on Tuesday, February 23, 2010 at 5:00 PM at the Clubhouse at Cathedral Canyon Country Club to make a presentation on the Cathedral Canyon Drive/Whitewater River Bridge project, and to get input on community issues and concerns you would like addressed in the project.

The City is in the process of preparing preliminary plans and analysis for an all-weather bridge, which will replace the existing low-flow crossing of the Whitewater River located just north of the City's downtown village area. The bridge project generally extends approximately 600-feet north and south of the river. Please see the project boundary maps below.

If you have any questions, please feel free to call John Criste, Cathedral City Consulting Planner, at 760-320-9040. We hope to see you on February 23rd!
