

**RESOLUTION NO. OB-2014-26**

**A RESOLUTION OF THE OVERSIGHT BOARD FOR THE SUCCESSOR AGENCY TO THE FORMER REDEVELOPMENT AGENCY OF THE CITY OF CATHEDRAL CITY APPROVING THE SUCCESSOR AGENCY'S RESUBMITTED LONG-RANGE PROPERTY MANAGEMENT PLAN IN ACCORD WITH CALIFORNIA HEALTH & SAFETY CODE SECTION 34191.5**

**WHEREAS**, in accordance with the provisions of the California Community Redevelopment Law (Health and Safety Code section 33000, et seq. (“**CRL**”), the City Council of the City of Cathedral City (“**City**”) previously established the Redevelopment Agency of the City of Cathedral City, a public body, corporate and politic (“**Agency**”), to carry out the purposes of and exercise the powers granted to community redevelopment agencies in accordance with the CRL;

**WHEREAS**, the Agency established three redevelopment project areas and subsequently merged them into a single “Merged Project Area” in 2006 (the “**Project Area**”), to carry out the redevelopment and revitalization of properties within the Project Area in accord with the approved redevelopment plan for the Project Area (the “**Redevelopment Plan**”) adopted under the authority of the CRL;

**WHEREAS**, on February 1, 2012, the Agency was dissolved in accord with Assembly Bill IX26 (Stats. 2011, 1st Ex. Sess., Ch. 5) (“**AB 26**”), and its rights, powers, duties and obligations were transferred to a “successor agency” (as defined by CRL section 34171(j) and section 34173);

**WHEREAS**, in accord with AB 26, the City Council took official action electing to become the Agency’s successor agency (“**Successor Agency**”) in accord with CRL sections 34173 and 34176;

**WHEREAS**, an oversight board (“**Oversight Board**”) was formed for the Successor Agency in accord with CRL section 34179 and it exercises the powers and carries out the responsibilities given to it under Part 1.85 of Division 24 of the CRL;

**WHEREAS**, the Successor Agency completed the due diligence reviews (“**DDRs**”) required under CRL section 34179.5 and submitted them for approval to the Oversight Board and the California Department of Finance (“**DOF**”), as required by CRL section 34179.6;

**WHEREAS**, the Oversight Board and DOF reviewed and approved the DDRs;

**WHEREAS**, following the DDRs’ approval, the Successor Agency paid those amounts required under CRL sections 34179.5(c)(6) and 34179.6(d), as confirmed by the Riverside County Auditor-Controller in accord with CRL section 34179.6(g);

**WHEREAS**, the Successor Agency also paid those amounts required under CRL section 34183.5;

**WHEREAS**, as a result of the above-described payments, on April 17, 2013, the DOF issued the Successor Agency a “finding of completion” (“**Finding of Completion**”) as described in CRL section 34179.7;

**WHEREAS**, as a result of its receipt of the Finding of Completion, the Successor Agency was required to prepare a long-range property management plan meeting the requirements of CRL section 34191.5 and submit it to the Oversight Board and the DOF for approval;

**WHEREAS**, the Successor Agency prepared a long-range property management plan in accord with CRL section 34191.5(c);

**WHEREAS**, on September 26, 2013, the Oversight Board adopted Resolution OB-2013-19, approving the Successor Agency’s long-range property management plan (the long-range property management plan as approved, the “**LRPMP**”);

**WHEREAS**, on September 30, 2013, the Successor Agency submitted the LRPMP to the DOF for approval in accordance with CRL section 34191.5;

**WHEREAS**, on June 5, 2014, the DOF notified the Successor Agency that the DOF had disapproved the LRPMP;

**WHEREAS**, following consultations between the Successor Agency and the DOF, the Successor Agency agreed to address certain of the DOF’s reasons for its disapproval of the LRPMP and to resubmit it to the DOF for reconsideration (the LRPMP as resubmitted, the “**Resubmitted LRPMP**”);

**WHEREAS**, the DOF requires that the Oversight Board review and approve the Resubmitted LRPMP; and

**WHEREAS**, the Resubmitted LRPMP is attached as Exhibit A.

**NOW, THEREFORE, BE IT RESOLVED BY THE OVERSIGHT BOARD FOR THE SUCCESSOR AGENCY OF THE FORMER REDEVELOPMENT AGENCY OF THE CITY OF CATHEDRAL CITY AS FOLLOWS:**

**Section 1.** Approval of Resubmitted LRPMP. The Oversight Board finds that the Resubmitted LRPMP meets the requirements of CRL section 34191.5(c) and approves the Resubmitted LRPMP in the form attached as Exhibit A. The Oversight Board directs the Successor Agency to transmit the Resubmitted LRPMP to the DOF for approval as required by CRL section 34191.5(b).

**Section 2.** CEQA. This Resolution has been reviewed with respect to the applicability of the California Environmental Quality Act (Public Resources Code section 21000 *et seq.*) (“CEQA”). Pursuant to the State CEQA Guidelines (14 Cal Code Regs section 15000 *et seq.*) (the “Guidelines”), the Oversight Board has determined that the approval of the Resubmitted LRPMP is not a project under CEQA and that the adoption of this Resolution is exempt therefrom because it is an organizational or administrative activity of government that

will not result in direct or indirect physical changes in the environment (Guidelines section 15378(b)(5)). Further, it can be seen with certainty that there is no possibility that the approval of the Resubmitted LRPMP may have a significant effect on the environment because this Resolution does not authorize the development of land or permit any new use of land which will result in a significant effect on the environment and, thus, the action is exempt from CEQA (Guidelines section 15061(b)(3)). The Successor Agency is directed to prepare and post a notice of exemption pursuant to Guidelines section 15062.

**Section 3.** Effectiveness. This Resolution will become effective as provided by CRL section 34179(h).

The foregoing Resolution was duly and regularly adopted at a regular meeting of the Oversight Board to the Successor Agency of the Redevelopment Agency of Cathedral City held on \_\_\_\_\_, 2014 by the following vote:

# 1.0 Introduction

## 1.1 Background & Purpose

Health and Safety Code Section 34191.5 was established under Assembly Bill 1484 (“AB 1484”, signed into law on June 27, 2012), and requires each successor agency to prepare and approve a Long-Range Property Management Plan (“PMP”) addressing the disposition and use of the real properties of the former Cathedral City Redevelopment Agency (“RDA”). Properties held by a successor agency cannot be disposed of until the State Department of Finance (“DOF”) has approved the PMP. This document is the PMP for the Successor Agency to the former Cathedral City Redevelopment Agency (“Successor Agency”).

## 1.2 Legal Requirements

Pursuant to Health and Safety Code section 34191.5, a successor agency holding property owned by a former redevelopment agency is required to submit a PMP to the DOF for approval within six months after it receives a “Finding of Completion” from the DOF. Prior to the submittal of the PMP to the DOF, the oversight board to the successor agency must review and approve the PMP. Pursuant to AB 1484 this PMP includes the following components:

1. An inventory of all properties in the Community Redevelopment Property Trust Fund (“Property Trust Fund”), established to serve as the repository of the former redevelopment agency’s real properties. This inventory includes the following information:
  - a. Date of acquisition of the property, the value of the property at that time, and an estimate of the current value of the property.
  - b. Purpose for which the property was acquired.
  - c. Parcel data, including address, lot size, and current zoning in the former redevelopment agency redevelopment plan or specific, community, or general plan.
  - d. Estimate of the current value of the parcel including, if available, any appraisal information.
  - e. Estimate of any lease, rental, or any other revenues generated by the property, and a description of the contractual requirements for the disposition of those funds.
  - f. History of environmental contamination, including designation as a brownfield site, and related environmental studies, and history of any remediation efforts.
  - g. Description of the property’s potential for transit-oriented development and the advancement of the planning objectives of the successor agency.

- 
- h. Brief history of previous development proposals and activity, including the rental or lease of property.
  2. A discussion of the proposed use or disposition of all properties in the Property Trust Fund. Permissible uses include:
    - a. Retention for governmental use pursuant to subdivision (a) of Section 34181;
    - b. Retention for future development;
    - c. Sale of the property; or
    - d. Use of property to fulfill an enforceable obligation.
  3. Identification and a list of properties in the Property Trust Fund dedicated to governmental use purposes and properties retained for purposes of fulfilling an enforceable obligation. With respect to the use or disposition of all other properties, all the following apply:
    - a. If the plan directs the use or liquidation of the property for a project identified in an approved redevelopment plan, the property shall be transferred to the city, county, or city and county.
    - b. If the plan directs the liquidation of the property or the use of revenues generated from the property, such as lease or parking revenues, for any purpose other than (ii) to fulfill an enforceable obligation, or (ii) that specified in subsection 3(a) above, the proceeds from the sale shall be distributed as property tax to the taxing agencies.
    - c. Property shall not be transferred to a successor agency, city, county, or city and county, unless the PMP has been approved by the oversight board and DOF.

### **1.3 Real Property Asset Summary**

The former Cathedral City Redevelopment Agency owned and controlled 127 real property assets prior to dissolution; all of which are now the responsibility of the Successor Agency to dispose of pursuant to the law. The 127 assets (Asset 1 - 127 in the list that follows) include a myriad of properties that fall under the categories of governmental use, enforceable obligation, and sale in terms of their ultimate disposition.

Seventeen of the assets consist of public buildings, public right-of-way and other facilities such as a Community Center, Buddy Rodgers Park, Fire Station, Town Square Fountain, retention basin, Public Works building and public right-of-way parcels, which are proposed to be transferred to the City of Cathedral City ("City") as a governmental use. One of the assets is proposed to be retained to fulfill an enforceable obligation, which is related to a Disposition and Development Agreement ("DDA") entered into between the former RDA with a private development entity.

Finally, the remaining 109 assets are proposed to be sold and primarily consist of vacant lots as well as some commercial and residential properties. As a result of the sheer number of assets

---

proposed to be sold, the Agency has developed a distinct disposition strategy for the sale of each property.

The following summary table below details the four permissible uses selected for property owned by the former RDA in accordance with the requirements outlined in AB 1484.

<b>Summary Table - Asset Disposition Categories</b>	
<b>Intended Use / Purpose</b>	<b>No. of Assets</b>
Government Use	17
Future Development	0
Enforceable Obligation	1
Sale	109
<b>Total Assets</b>	<b>127</b>

---

## 2.0 Long-Range Property Management Plan

As mentioned previously, the former Cathedral City Redevelopment Agency owned 127 assets prior to dissolution. Each of these assets have been designated an asset number, and grouped and displayed in subsequent sections of this report by the permissible use categories of Governmental Use, Enforceable Obligation, and Sale as defined under AB 1484. The asset number provided in this report corresponds to the “New No.” column in the DOF’s approved inventory worksheet provided as Appendix A. Further, the DOF inventory worksheet provides all of the information required by Health and Safety Code Section 34191.5(c) under AB 1484.

### 2.1 Valuation Methodology

Pursuant to Health and Safety Code Section 34191.5(c)(1)(D), the Successor Agency is required to provide an estimate of current value for each property in the Long Range Property Management Plan (“PMP”).

Valuations contained in this report, as well as the DOF’s inventory worksheet (Appendix A) were determined based on available information including appraisals, title research, and analysis of market conditions. However, it should be noted that the marketplace will ultimately dictate what the properties will yield in terms of a sale price prior to ultimate liquidation of the assets.

In general, property values presented herein represent estimates of fair market value in consideration of individual property characteristics and local market considerations. Actual values achievable in the market could vary, especially if properties are sold on an individual versus aggregated basis, and/or with provisions requiring the installation of infrastructure improvements. Gross property values were initially estimated by reviewing recent property sales and values within the market area relevant to each property. Values for properties that had potential impairments to value that were atypical of market comparables were adjusted by deducting the estimated cost of impairments from the gross estimated values. Examples of such impairments include annual sewer and/or lighting district assessments, as well as properties requiring basic infrastructure and utility connections prior to development.

Valuation of annual impairments was performed by capitalizing future payments at a 6% discount rate for the term of the obligation, and where appropriate, escalating future payments at an assumed average inflation rate of 3.25%. Infrastructure improvements were estimated based on line-item engineering estimates, with pricing based on recent bids, and appropriate cost escalators. Additional discussions of valuation methodologies are provided where pertinent herein.

## 3.0 Parcels to be Retained for Governmental Use (Assets 1 - 17)

All assets listed in this section (Asset Nos. 1 - 17) are proposed to be transferred to the City as a governmental use pursuant to Health and Safety Code Section 34181(a), which allows properties of a former redevelopment agency to be transferred to a public jurisdiction. The list of seventeen (17) assets includes public parks, a community recreation center, recreation facilities, a fire station, public right-of-way, and a retention basin for storm water mitigation. A description of all properties, including the legally required information, aerial maps, and photographs of each asset, are presented throughout this section.

The following table provides a summary of the legally required information included for each individual asset contained in this section.

No.	Permissible Use	Estimated Current Value	Value Basis	Date of Estimated Current Value	Address	APN #	Lot Size (Acres)	Current Zoning
1	Government Use	\$ 418,000	Fair Market Value	8/21/2013	68-707 East Palm Canyon Dr	687-199-001	0.38	MXC

---

## Notes on Valuation Methodology of Assets 1 - 17

In addition to the general valuation methodology described above in Section 2.1, specific information for Assets 1 through 17 is as follows:

- **Assets 1 - 8, 10 - 12, and 16 - 17** are all encumbered by annual sewer assessments through Fiscal Year 2034/35. Actual annual assessments (fixed) for the next 19 years were capitalized at 6% discount rate and deducted from gross value estimates to approximate fair market value.
- **Assets 1 and 2** include building improvements considered in estimating fair market value.
- **Asset 14** is a detention pond, and an alternative use of the property is not feasible. As such the asset was determined to have no value in the open market.
- **Asset 15** is part of a street right of way, and as such the asset was determined to have no use or value in the open market.

### 3.1 Assets 1- 9: Community Center

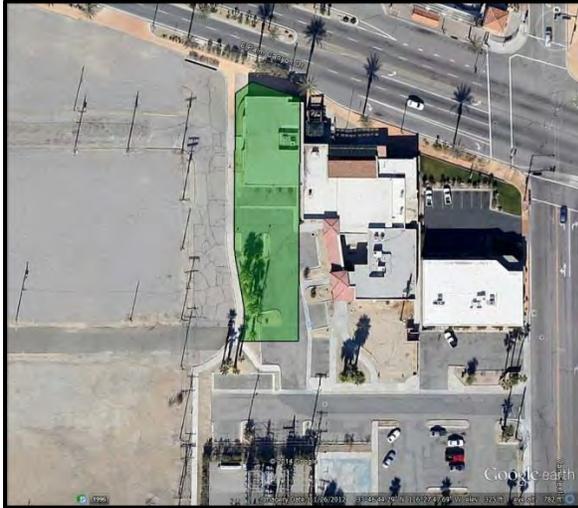

All properties listed below (Assets 1 - 9) are proposed to be transferred to the City of Cathedral City as a governmental use (“City”) as part of Cathedral City’s Community Center pursuant to Health and Safety Code Section 34181 (a). The Cathedral City Community Center occupies approximately 10,000 square feet in two buildings: the City-owned community center building and the old library building..

The City’s old Senior Center occupies an additional 3,000 square feet in a building adjacent to the Community Center building. The Community Center offers a wide range of community programs and activities, including day camps, dance and tumbling programs, karate lessons, bridge clubs, and seasonal/holiday festivities. Large and small meeting rooms are available to scouts, clubs and other community groups.

A summary description of the assets, aerial maps, and photographs comprising the City’s Community Center are below:

No.	Permissible Use	Estimated Current Value	Value Basis	Date of Estimated Current Value	Address	APN #	Lot Size (Acres)	Current Zoning
1	Government Use	\$ 418,000	Fair Market Value	8/21/2013	68-707 East Palm Canyon Dr	687-199-001	0.38	MXC
2	Government Use	\$ 908,000	Fair Market Value	8/21/2013	68-727 East Palm Canyon Dr	687-199-002	0.48	MXC
3	Government Use	\$ 25,000	Fair Market Value	8/21/2013	68-727 East Palm Canyon Dr	687-212-009	0.1	DRN
4	Government Use	\$ 25,000	Fair Market Value	8/21/2013	68-727 East Palm Canyon Dr	687-212-010	0.1	DRN

## 4.0 Parcels to be Retained to Fulfill an Enforceable Obligation

The asset listed in this section (Asset No. 18) is proposed to be retained to fulfill an enforceable obligation pursuant to Health and Safety Code Section 34191.5(C)(2). In accordance with a disposition and development agreement (“DDA”) entered into between the RDA and M&M Property Company, LLC (“Developer”), Asset No. 18 will be developed into an auto-related facility or business. The terms and details of the DDA are summarized as follows:

Grantor:	Redevelopment Agency of the City of Cathedral City (RDA)
Grantee:	M & M Property Company, LLC (Developer)
Action:	Agency’s grant of certain real Property and prepare, expedite and process a parcel map in exchange for Developer’s specific performance.
Grant:	A 3.09 acre parcel and option to purchase a 2.76 acre parcel immediately to the south
Performance:	<ol style="list-style-type: none"><li>1) A master entry-way to the site,</li><li>2) Pay a pro-rata share of the entry-way cost,</li><li>3) Provide a 10-year lease for continuous operation of a new car franchise,</li><li>4) Pay Agency \$140,000 toward off-site improvements,</li><li>5) Pay prevailing wage for construction,</li><li>6) Comply with the California Environmental Quality Act,</li><li>7) Obtain development entitlements, and approved building plans,</li><li>8) Complete construction within 390 days.</li></ol>
Location:	Parcel 5 of Parcel Map 36428, westerly of 67-925 East Palm Canyon Drive, Cathedral City (created by combining APN 687-510-031 and 033 along with other existing lots/parcels)
Purpose:	Development of a 20,000 ± square foot automobile showroom on parcel on East Palm Canyon Drive
Date:	June 22, 2011, RDA adopts Resolution No. RDA-498, approving the DDA with the Developer

---

## **Notes on Valuation Methodology of Asset 18**

The value of Asset 18 was based on provisions within the DDA, dated June 22, 2011, between the RDA and the Developer. The value was already approved as an enforceable obligation on the Enforceable Obligations Payment Schedule (“EOPS”) and a subsequent Recognized Obligation Payment Schedule (“ROPS”).

A further description of Asset No. 18, including the legally required information, an aerial map, and photograph, are presented on the next page.

## Asset 18: Parcel 5 of Tentative Parcel Map 36428 Vacant Lot

Parcel Data	
<b>Address</b>	n/a
<b>APN</b>	687-510-048
<b>Lot Size</b>	3.35 acres
<b>Use</b>	Vacant Lot / Land
<b>Zoning</b>	Planned Community Commercial
<b>Current Title</b>	Cathedral City Redevelopment Agency
Acquisition & Valuation Information	
<b>Purchase Date</b>	7/8/2013
<b>Purchase Price</b>	\$1,090,371
<b>Purpose</b>	Blight Remediation
<b>Estimate of Current Value</b>	\$99,000
<b>Method of Valuation</b>	Fair market value
Revenues Generated by Property & Contractual Requirements	
<b>City / Successor Agency Lease Agreement</b>	This property does not generate revenues.
Overview of Environmental Contamination, Remediation Efforts and Other Deficiencies	
<b>None</b>	This property does not have a history of environmental contamination.

**Agency Planning Objectives**

Ensures the General Plan goal that provides for “dependable, cost-effective, and conveniently located public buildings, services and facilities, which meet the current and future needs of the City residents.” Source: General Plan/ Public Building and Facilities Element, Page VI-47, Goal 1

---

**Recommendation for Disposition****Fulfill an Enforceable Obligation**

Pursuant to an existing DDA, the asset is proposed to be retained to fulfill an enforceable obligation and will be developed as a related automotive facility adjacent to a dealership showroom. Parcels 6 and 7 of PM 36428 are to be developed as related or associated automotive facilities, automobile inventory parking and storage, and automotive preparation facility. This development strategy is defined in the 2006 Merged Redevelopment Project Plan included as Appendix B and the 2009 Redevelopment Implementation Plan included as Appendix C.

---

## 5.0 Parcels to be Designated For Sale (Assets 19 - 127)

All assets (Assets 19 - 127) listed in this section are proposed to be marketed and offered for sale. The information required by CRL Section 34191.5(c) is provided throughout this section for each asset and any remaining requirements are satisfied in the DOF property inventory included in Appendix A. Due to the number of assets identified for sale in this PMP, the Successor Agency has grouped assets by geographic area and certain commonality, adjacency, and development potential. The primary grouping occurs in the Downtown core area where previous redevelopment activities were progressing in efforts to revitalize the local area.

### 5.1 Background

The former Redevelopment Agency of the City of Cathedral City was created in November 1981 and adopted its first redevelopment plan in 1982. During that time, the former RDA used tax increment financing to provide infrastructure improvements, finance public projects and support private investment. Furthermore, the former RDA made great efforts to acquire and clear a number of parcels within the Merged Redevelopment Project Area (“Merged Project Area”), comprised of Project Area No. 1, Project Area No. 2, and Project Area No. 3, in order to remove blighted structures and uses. Several of the assets identified in this section are along major streets and may be suitable for retail and commercial development and/or mixed-use development. Other assets are located in established residential neighborhoods suitable for in-fill residential development and if combined, may be suitable for some type of multi-family development.

### 5.2 Asset Summary

The Successor Agency has grouped all of the assets (Assets 19 - 127) designated for sale into eight distinctive areas, which are identified as blocks, and two geographic areas as follows: Block B-1, Block B-2, Block B-2.1, Block B-3, Block B-4, Block B-4.1, North, and Southwest. The Southwest area is an area partially in the Auto Mall area and the North area represents the general region north of Ramon Road.

The following table below presents a summary of the assets designated for sale by block group and geographic region (Southwest and North) and includes the Successor Agency’s determination of the estimated value of each grouping:

<b>BLOCK SUMMARY TABLE</b>		
<b>Block</b>	<b>Assets for Sale</b>	<b>Estimated Value</b>
B-1	6	\$853,000
B-2	64	\$699,000
B-2.1	1	\$218,000
B-3	2	\$69,000
B-4	13	\$329,000
B-4.1	5	\$161,000
Southwest	4	\$372,000
North	14	\$130,000
<b>Total</b>	<b>109</b>	<b>\$2,831,000</b>

### **5.3 Asset Disposition Strategy**

As part of the ultimate disposition of the assets identified in this section for sale (Assets 19 - 127), the Successor Agency intends to develop and implement an asset disposition strategy (“Disposition Strategy”) seeking to not only dispose of the assets in an “expeditious” manner but “in a manner aimed at maximizing value.” Furthermore, the Agency seeks to maximize the interests of the City, community, State, and taxing entities within the confines of ABx1 26 and AB 1484. The Disposition Strategy would generally be applicable to all assets within this section designated for sale and would promote orderly planning, marketing, and disposition of the properties.

The Successor Agency’s eight designated areas (Blocks B-1, B-2, B-2.1, B-3, B-4, B-4.1, Southwest and North) represent groupings of assets that may be assembled and marketed for joint development opportunities in a coordinated and comprehensive manner. As such, the Successor Agency anticipates implementing a strategy to engage developers to complete certain blocks and/or areas or assume the role of a master developer with an association of sub-developers, major tenants, builders, and contractors to complete the development. The goals and objectives of the ultimate disposition of these assets contained in this section are aligned with the former RDA’s adopted 2006 Merged Redevelopment Plan and the 2009 Five-Year Implementation Plan, which are included herein as Appendix B and C, respectively.

The sale and ultimate disposition of the assets identified for sale within this PMP will be initiated upon approval of the PMP by the Oversight Board and subsequently DOF. The marketing component of this Disposition Strategy will include input from the Successor Agency as well as a review of local market conditions and specific cost-effective techniques that will effectively expose the properties to public and/or private prospects as appropriate. Techniques that may be employed by the Successor Agency may include direct marketing within the broker community, on-line marketing platforms, and/or creating and facilitating an RFQ/P process.

*It should be noted that subsequent to the sale of the properties, the resulting sales proceeds will be distributed to the affected taxing entities net of any future costs of the sale of the property.*

---

including but not limited to: appraisals, environmental documentation, title insurance, title report, and commissions.

The major components of this Disposition Strategy will include methods, processes, and resources designed to achieve the desired outcome from the development of the parcels to provide the maximum benefits of future jobs and increased economic activity, public revenues, and public services to the City. As outlined in DOF's presentation given to the CSMFO (California Society of Municipal Finance Officers) called "AB-1484 So Many Moving Pieces," the two approved methods that can be employed with the sale of PMP assets to a third party are through a traditional brokerage sale and/or an auction.

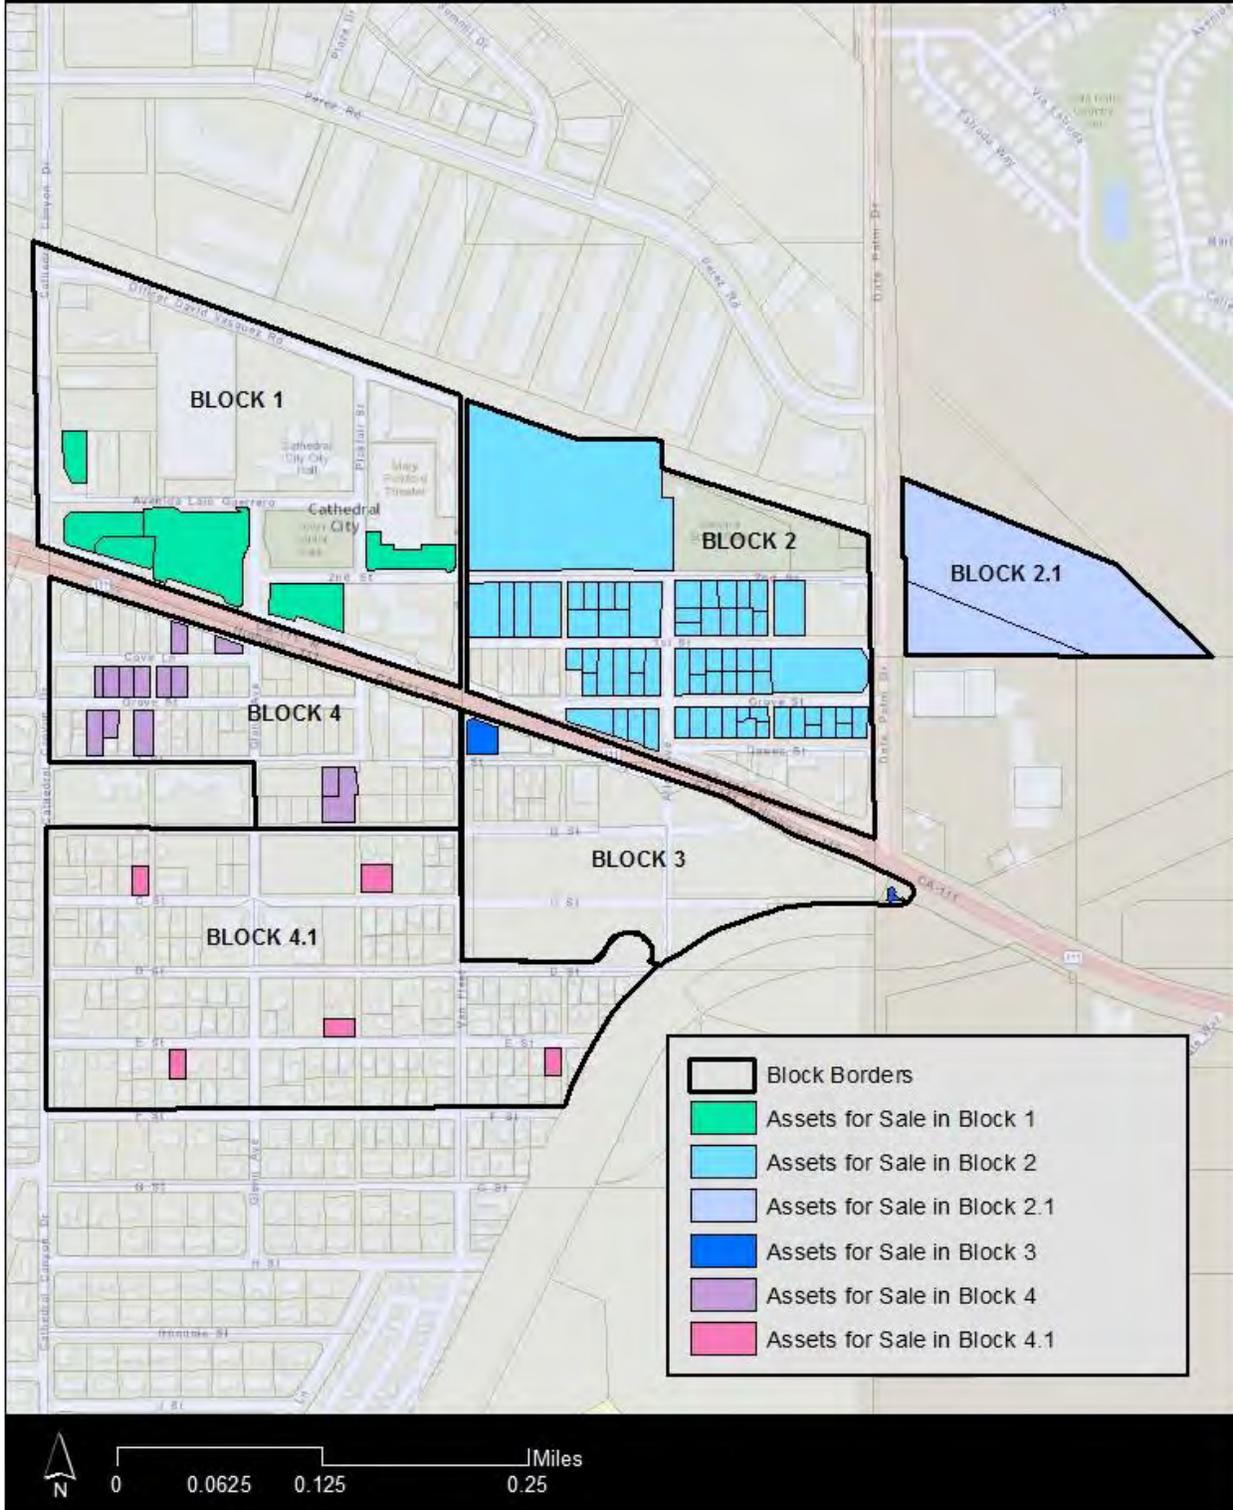

However, the Successor Agency may choose to utilize the following resources to effectively market and sell the assets identified in this section, which include but are not limited to:

- Successor Agency staff, with assistance provided by title officers, escrow officers, real estate brokers, and appraisers to package and market the identified assets or implement an RFP/Q type process.
- Engage qualified local brokerage firms who would perform all marketing and complete all sales transactions through a traditional sales process.
- Engage an online property auction site or auction company to market and complete the sale of the identified assets.
- A combination and/or a portion of all the above.

If after six (6) months of commencement of the marketing component of the Disposition Strategy, the assets within the section have not sold, the Successor Agency will, at that time, re-evaluate the approach to determine if further refinements will need to be made, which may include the adjustment of sale prices based on the local market or constraints related to land use or zoning regulations and/or whether the parcels should be grouped together or separated because of their adjacency, common features, or other related conditions. If it is determined the prices are too high, the Successor Agency will consider readjusting the asking prices and/or further engage local real estate brokers and other real estate professionals to revise the determined values as part of the Disposition Strategy.

The following map depicts the location of the various blocks (Blocks B-1, B-2, B-2.1, B-3, B-4, B-4.1) as well as the Southwest and North areas presented in subsequent sections of this report.

# Cathedral City Downtown Blocks

## 5.4 Block B-1 – Civic Center (Assets 19 - 24)

All assets listed in Block B-1 (Asset Nos. 19 – 24) are proposed to be marketed and sold pursuant to AB 1484. The list of six (6) assets in Block B-1 includes the Desert Cinemas Theater and restaurant development that are currently non-performing, obsolete and inefficient. Furthermore, the cost to maintain and operate these assets is approximately \$500,000 annually, which places an undue financial burden on the Successor Agency. The Disposition Strategy for Block B-1 is to group all the parcels and market them to a developer in order to reconfigure, redevelop, and re-tenant the entire block, which is aligned with the goals and objectives of the 2006 Merged Redevelopment Project Plan (Appendix C).

### Notes on Valuation Methodology of Assets 19 - 24

Assets Nos. 19 - 23 are encumbered by perpetual annual lighting district assessments. Actual annual assessments (variable based on inflation adjustments, into perpetuity) were escalated into the future at an assumed average inflation rate of 3.25% and then capitalized at 6% discount rate to calculate a present value of impairment. This estimated impairment was then deducted from gross value estimates to approximate fair market value.

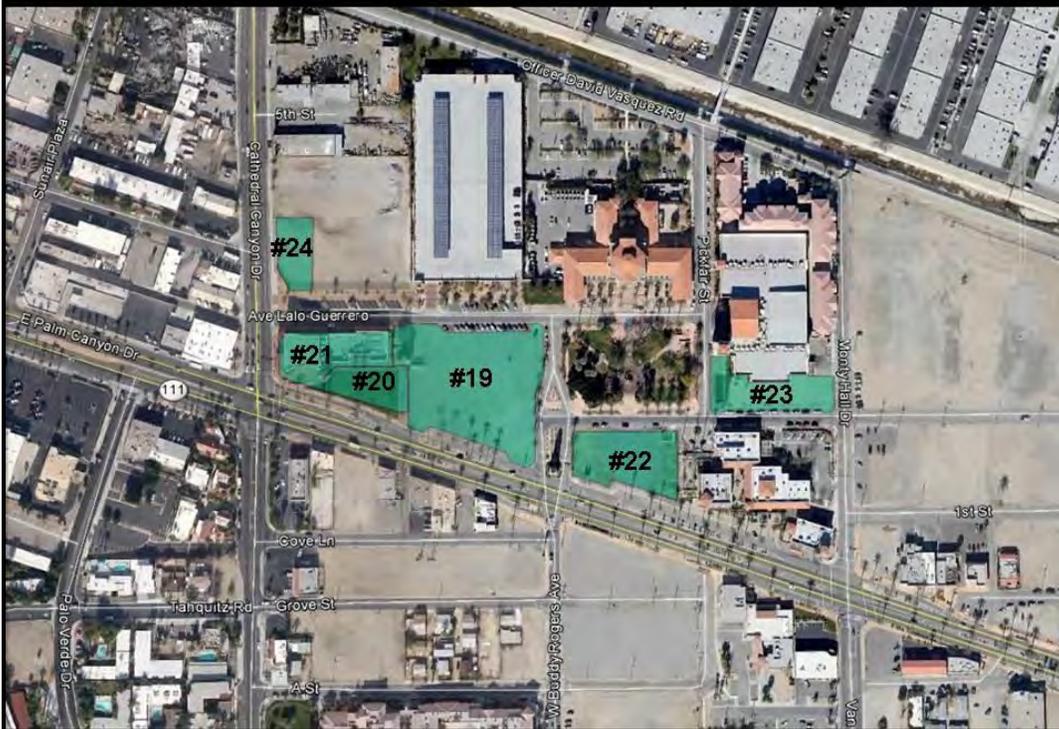

The following tables and maps provide a summary of some of the legally required information included for each individual asset contained in this section as well as their location in Block B-1.

No.	Permissible Use	Estimated Current Value	Value Basis	Date of Estimated Current Value	Address	APN #	Lot Size (Acres)	Current Zoning

Recommendation for Disposition	
<b>Liquidate</b>	This property will be sold as part of Cathedral City's B-1 Civic Center Block.

---

## **5.5 Eastside Block B-2 (Assets 25 - 88)**

All assets listed in Block B-2 (Asset Nos. 25 – 88) are proposed to be marketed and sold pursuant to AB 1484. Block B-2 is generally known as the “Eastside” and has experienced parcel by parcel acquisition, relocation, demolition, and clearance by the former RDA for a number of years in order to facilitate the maximum development potential of several downtown sites.

During this time period, the former RDA had engaged in discussions and negotiations with numerous developers about a myriad of potential development proposals, which progressed to exclusive negotiating memorandums of understanding and/or Disposition and Development Agreements with some developers such as LINC; Tri-Millennium, Cathedral City; Cathedral City Town Center Venture, LLC; and most recently the Lewis Group.

Development proposals under consideration were generally mixed-use commercial and residential. Unfortunately, none of these proposals ultimately proved to be feasible due, in large part, to the high cost of required public infrastructure, on-site improvements, and more recently, due to the overall downturn in the national and local economy prior to dissolution of redevelopment.

The Disposition Strategy for Block B-2 is to group and market the assets to a developer to reconfigure and redevelop the entire block, which is aligned with the goals and objectives of the 2006 Merged Redevelopment Project Plan attached as Appendix B and the 2009 Redevelopment Implementation Plan attached as Appendix C.

### **Notes on Valuation Methodology of Assets 25 – 88**

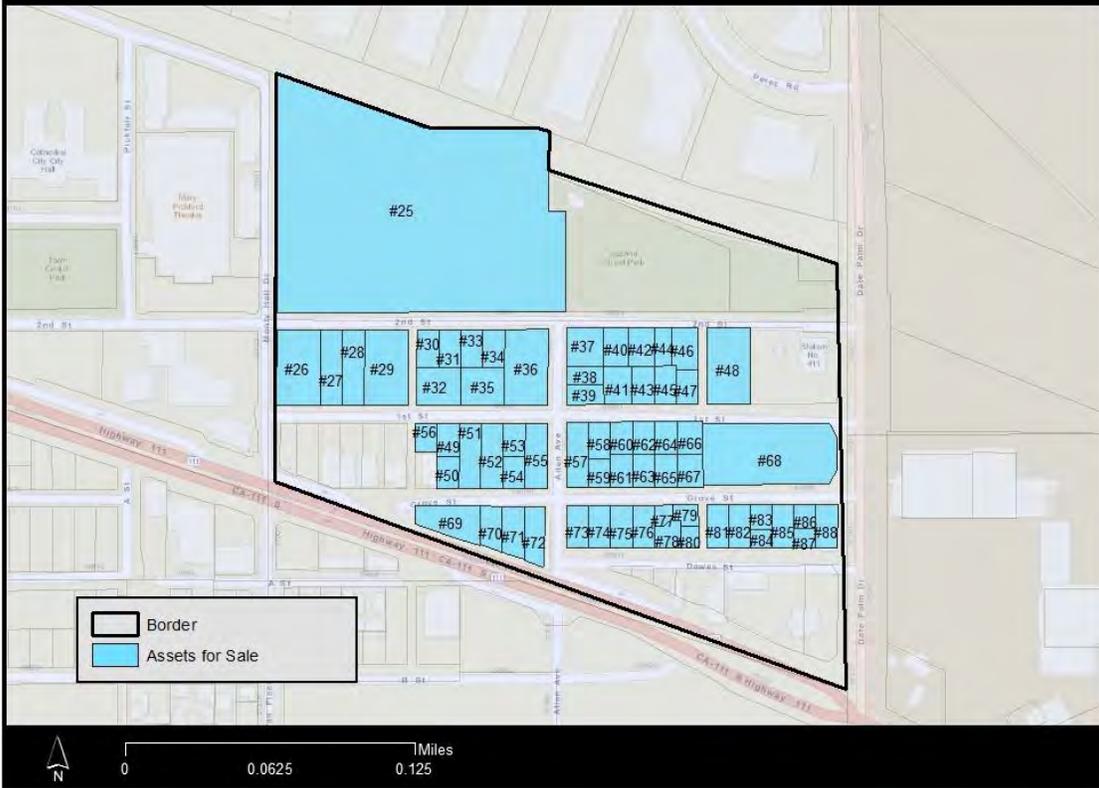

The estimated gross value of Assets 25 – 88 is based on an appraisal dated August 13, 2013 and performed by Champion Appraisal. The appraisal provided an opinion of value of \$3.10 per square foot of land area. In this PMP, the land area utilized in calculations of value is the specific underlying parcels only, and does not consider the potential for the sale of additional land area through the abandonment of street right-of-ways. All assets in Block B-2 are encumbered by annual sewer assessments through Fiscal Year 2034/35. Actual annual assessments (fixed) for the next 19 years were capitalized at a 6% discount rate and deducted from gross value estimates to approximate fair market value.

The following tables and maps provide a summary of some of the legally required information included for each individual asset contained in this section as well as their location in Block B-2.

No.	Permissible Use	Estimated Current Value	Value Basis	Date of Estimated Current Value	Address	APN #	Lot Size (Acres)	Current Zoning

## 5.6 Block B-2.1 (Asset 89)

Asset No. 89, which consists of two parcels (APN 674-020-051 and a portion of APN 674-020-050), labeled as 89A and 89B, are in the flood channel and have major impediments such as access, visibility, and flood control remediation impacts. The Disposition Strategy is to market and sell Asset No. 89 with the intent to include it with the redevelopment of the adjacent shopping center.

However, given the current site constraints, the sale and development of the asset will likely need to include coordination and discussions with the County of Riverside Flood Control District to identify a solution to protect this property from flooding. Furthermore, without local, state, and/or federal assistance or a joint development with the adjacent shopping center, this asset alone is likely undevelopable.

### Note on Valuation Methodology of Assets 89A & 89B

Block B-2.1 is comprised of two contiguous assets adjacent to and within a storm drainage channel. The drainage channel is paved and confined up to the westerly property lines, and drainage channel improvements should be continued along the northern boundary of Asset 89B as shown in the summary table preceding this section. In order to develop Asset 89A, site utilities and related street improvements must be made.

An engineering estimate of the cost to complete the required infrastructure improvements to both assets was performed, and included as an impairment to value in estimating the fair market value. The resulting value for Asset 89B is a negative land value. However, there is no legal requirement for the improvements to be completed.

Further there is an existing billboard sign on Asset 89B generating annual revenues that effectively grow with inflation through percentage rent provisions, potentially providing a positive fair market value if drainage channel improvements are not made. In estimating the fair market value of Asset 89B, this signage revenue stream was grown at an assumed inflation rate of 3.25% and then capitalized at a 10% discount rate to estimate the present value of the billboard revenues.

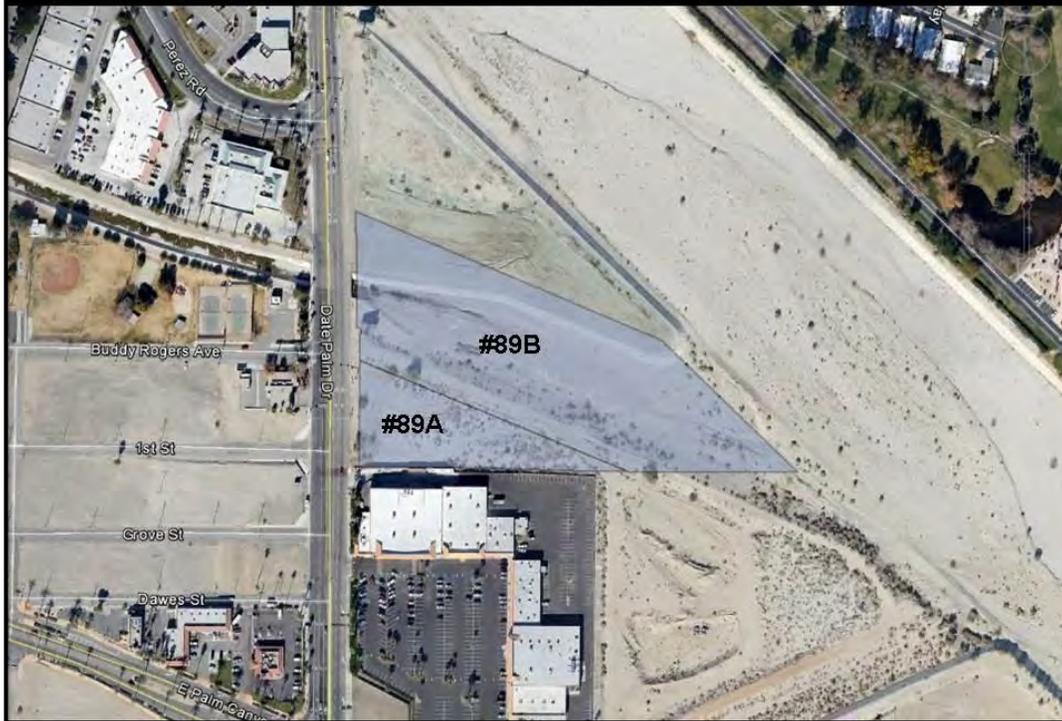

The following tables and maps provide a summary of some of the legally required information including valuation for each individual asset contained in this section as well as their location.

No.	Permissible Use	Estimated Current Value	Value Basis	Date of Estimated Current Value	Address	APN #	Lot Size (Acres)	Current Zoning
89A	Sale at Fair Market Value	\$ 99,000	Fair Market Value	8/21/2013	36-920 Date Palm Drive	674-020-051	2.25	MXC
89B	Sale at Fair Market Value	\$ 119,000	Fair Market Value	8/21/2013	36-920 Date Palm Drive (Adj)	674-020-050	2.65	MXC

# Block B-2.1

## Asset 89: 36-920 Date Palm Drive

### Vacant Lot / Land

Parcel Data	
<b>Address</b>	36-920 Date Palm Drive
<b>APN</b>	674-020-051 and a portion of 674-020-050
<b>Lot Size</b>	4.896 acres
<b>Use</b>	Vacant Lot / Land
<b>Zoning</b>	Mixed Use Commercial
<b>Current Title</b>	Cathedral City Redevelopment Agency

Acquisition & Valuation Information	
<b>Purchase Date</b>	FY 2002
<b>Purchase Price</b>	\$896,466
<b>Purpose</b>	Blight Remediation
<b>Estimate of Current Value</b>	89A: \$99,000   89B: \$119,000
<b>Method of Valuation</b>	Fair market value

Revenues Generated by Property & Contractual Requirements	
<b>City / Successor Agency Lease Agreement</b>	This asset generates revenues of \$8,000 per year.

Overview of Environmental Contamination, Remediation Efforts and Other Deficiencies	
<b>None</b>	This property does not have a history of environmental contamination.

Transit-Oriented Development & Advancement of Agency Planning Objectives	
<b>Potential for TOD</b>	Not applicable
<b>Agency Planning Objectives</b>	Market and offer for sale (liquidate)

Recommendation for Disposition	
<b>Liquidate</b>	This property will be sold as part of Cathedral City's B-2.1 Block.

## 5.7 Block B-3 (Assets 90 & 91)

All assets listed in Block B-3 (Asset Nos. 90 & 91) are proposed to be marketed and sold pursuant to AB 1484. Block B-3 consists of a small parking lot (Asset 90) and a remnant parcel (Asset 91). The Disposition Strategy is to group all assets in Block B-3 and market parcels to a developer interested in the development of the entire block. These two parcels could anchor and or link the western portion of the development with the eastern portion and also serve as gateways or entrances to the development. The area was previously considered a potential hotel/conference center development site. The proposed Disposition Strategy is defined in the 2006 Merged Redevelopment Project Plan, which is attached as Appendix B and the 2009 Redevelopment Implementation Plan attached as Appendix C.

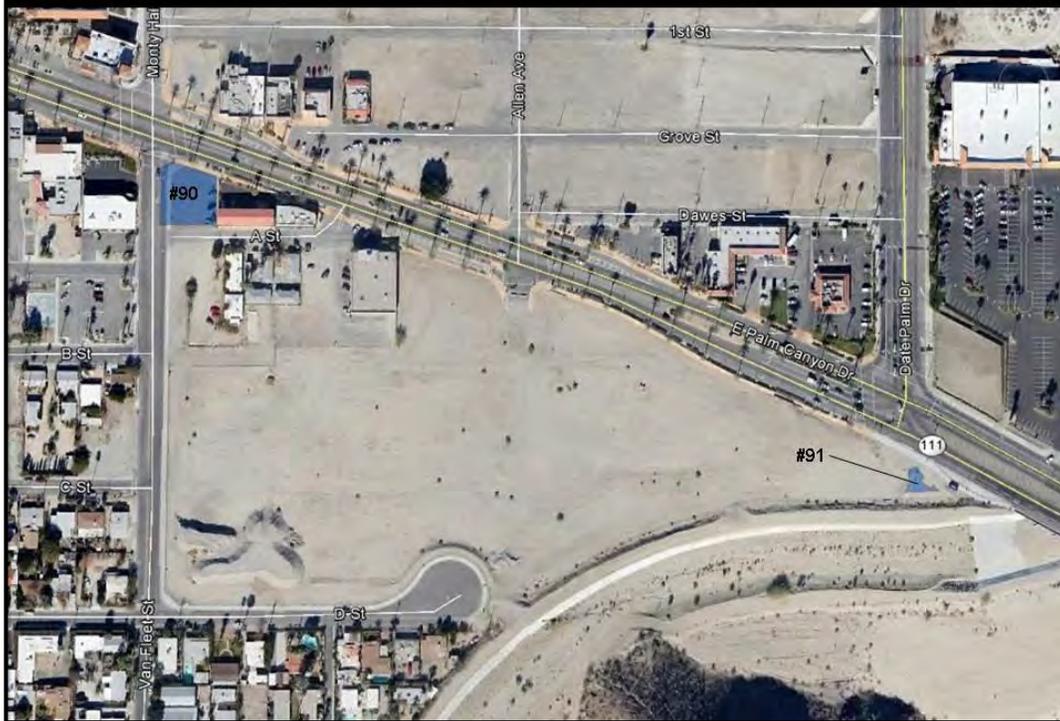

The following tables and maps provide a summary of some of the legally required information including valuation for each individual asset contained in this section as well as their location in Block B-3.

No.	Permissible Use	Estimated Current Value	Value Basis	Date of Estimated Current Value	Address	APN #	Lot Size (Acres)	Current Zoning
90	Sale at Fair Market Value	\$ 56,000	Fair Market Value	8/21/2013	68-759 East Palm Canyon Dr	687-207-005	0.22	MXC

<b>Potential for TOD</b>	Not applicable
<b>Agency Planning Objectives</b>	Market and offer for sale (liquidate)

Recommendation for Disposition	
<b>Liquidate</b>	This property will be sold as part of Cathedral City's B-3 Block.

## 5.8 Block B-4 (Assets 92 - 104)

All assets listed in Block B-4 (Asset Nos. 92 - 104) are proposed to be marketed and sold pursuant to AB 1484. The proposed Disposition Strategy is to group and market all the assets in Block B-4 to a developer(s) to reconfigure and redevelop the entire block to provide infill residential units along Plumley Place and Grove Street, and infill retail/commercial/office along East Palm Canyon Drive.

The proposed Disposition Strategy is defined in the 2006 Merged Redevelopment Project Plan, which is attached as Appendix B and the 2009 Redevelopment Implementation Plan attached as Appendix C.

### Notes on Valuation Methodology of Assets 92 - 104

All assets in Block B-4 are encumbered by annual sewer assessments through Fiscal Year 2034/35. Actual annual assessments (fixed) for the next 19 years were capitalized at a 6% discount rate and deducted from gross value estimates to approximate fair market value.

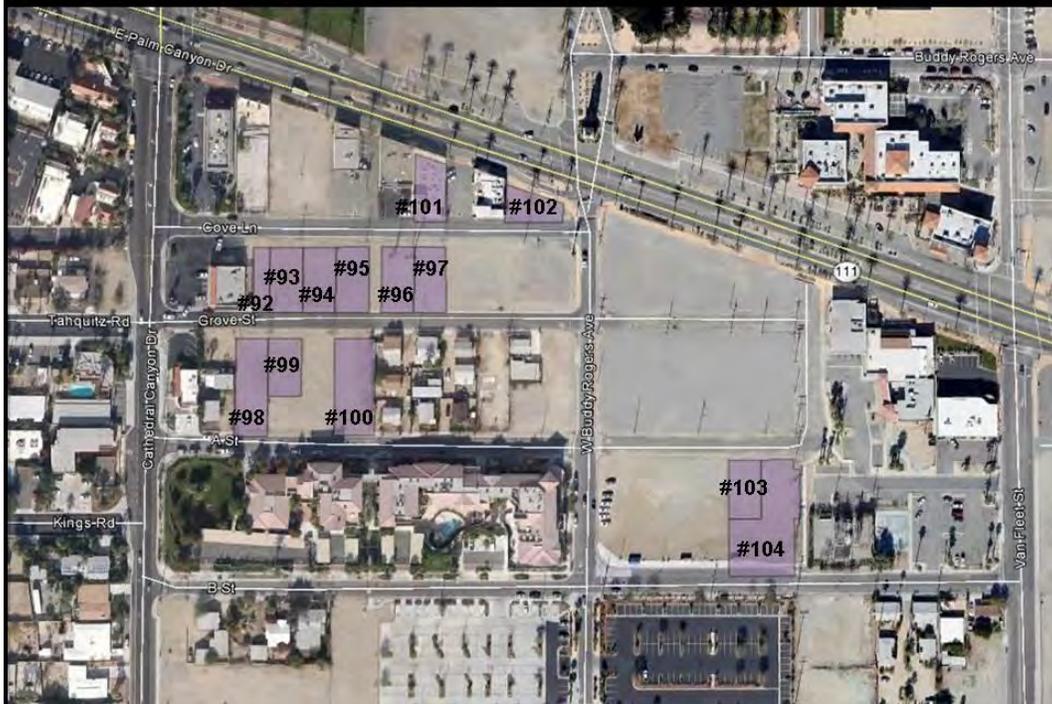

The following tables and maps provide a summary of some of the legally required information including valuation for each individual asset contained in this section as well as the location of assets contained in Block B-4.

No.	Permissible Use	Estimated Current Value	Value Basis	Date of Estimated Current Value	Address	APN #	Lot Size (Acres)	Current Zoning

<b>Potential for TOD</b>	Not applicable
<b>Agency Planning Objectives</b>	Market and offer for sale (liquidate)

Recommendation for Disposition	
<b>Liquidate</b>	This property will be sold as part of Cathedral City's B-4 Block.

## 5.9 Block B-4.1 (Assets 105 - 109)

All assets listed in Block B-4.1 (Asset Nos. 105 - 109) are proposed to be marketed and sold pursuant to AB 1484. Block B-4.1 consists of five residentially-zoned infill parcels in close proximity to the City's Downtown, which range in size from 4,800 square feet to 9,000 square feet. The proposed Disposition Strategy is to sell all five assets to a developer that proposes to develop single-family and multi-family units on the individual sites and/or rehabilitate the current units to ensure compliance with current building codes and development standards.

This proposed Disposition Strategy is defined in the 2006 Merged Redevelopment Project Plan attached as Appendix B and the 2009 Redevelopment Implementation Plan attached as Appendix C.

### Notes on Valuation Methodology of Assets 105 - 109

All assets in Block B-4.1 are encumbered by annual sewer assessments through Fiscal Year 2034/35. Actual annual assessments (fixed) for the next 19 years were capitalized at a 6% discount rate and deducted from gross value estimates to approximate fair market value.

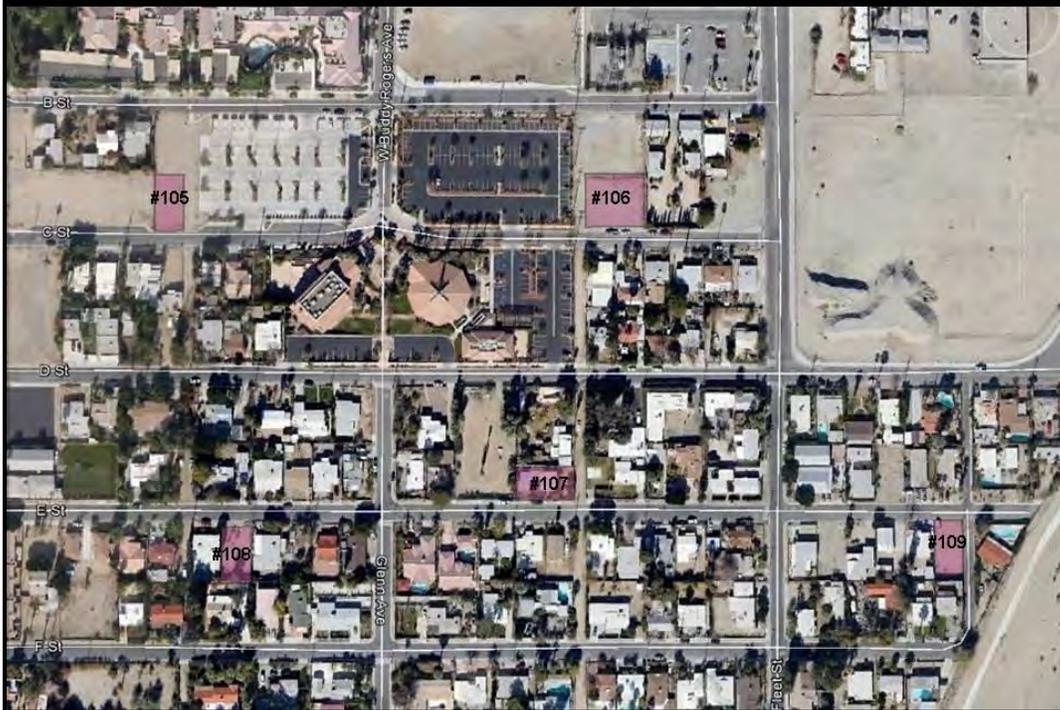

The following tables and maps provide a summary of some of the legally required information including valuation for each individual asset contained in this section as well as the location of assets contained in Block B-4.1.

No.	Permissible Use	Estimated Current Value	Value Basis	Date of Estimated Current Value	Address	APN #	Lot Size (Acres)	Current Zoning
105	Sale at Fair Market Value	\$ 20,000	Fair Market Value	8/21/2013	68-550 "C" Street	687-213-012	0.109	DRN
106	Sale at Fair Market Value	\$ 65,000	Fair Market Value	8/21/2013	68-697 "B" Street	687-214-009	0.207	DRN
107	Sale at Fair Market Value	\$ 29,000	Fair Market Value	8/21/2013	68-676 "E" Street	687-232-006	0.126	R1-LH
108	Sale at Fair Market Value	\$ 24,000	Fair Market Value	8/21/2013	68-575 E Street	687-233-008	0.109	R1-LH
109	Sale at Fair Market Value	\$ 23,000	Fair Market Value	8/21/2013	68-805 E Street	687-241-045	0.11	DRN

Potential for TOD	Not applicable
Agency Planning Objectives	Market and offer for sale (liquidate)

Recommendation for Disposition	
Liquidate	This property will be sold as part of Cathedral City’s B-4.1 Block.

## 5.10 Southwest Block (Assets 110 - 113)

All assets listed in the Southwest Block (Asset Nos. 110 – 113) are proposed to be marketed and sold pursuant to AB 1484. The proposed Disposition Strategy for the Southwestern Block is to sell Asset Nos. 110, 111, and 112 to various preferred developers that would acquire the sites to develop automobile sales, repairs, and servicing facilities, which would likely maximize the advantage of being located in the midst of automobile sales and service facilities.

Asset No. 113 is the largest of the assets in the Southwest Block and consists of a 50+ acre parcel that is zoned OS/R20H. Pursuant to the City’s Zoning Ordinance, the OS/R20H zoning designation would allow for the development of two (2) single-family residential units at a density of one single-family residential unit per 20 acres or open space. Given the physical characteristics of the site, specifically the steep slope and lack of developable area, this asset would likely be best marketed to a non-profit conservation group or organization to remain as open space. However, the Successor Agency will market the site for sale under the current zoning designation and evaluate, at that time, the potential buyer pool and proposed uses for the site.

This proposed Disposition Strategy is defined in the 2006 Merged Redevelopment Project Plan attached as Appendix B and the 2009 Redevelopment Implementation Plan attached as Appendix C. The following tables and maps provide a summary of some of the legally required information included for each individual asset contained in this section as well as their location in the Southwest Block.

No.	Permissible Use	Estimated Current Value	Value Basis	Date of Estimated Current Value	Address	APN #	Lot Size (Acres)	Current Zoning
110	Sale at Fair Market Value	\$ 110,000	Fair Market Value	8/21/2013	Parcel 6, PM 36428	687-510-049	3.74	PCC
111	Sale at Fair Market Value	\$ 102,000	Fair Market Value	8/21/2013	36-009 Campbell Street	687-040-052	2.2	PCC
112	Sale at Fair Market Value	\$ 60,000	Fair Market Value	8/21/2013	Parcel 7, PM 36428	687-510-050	2.05	PCC

Acquisition & Valuation Information	
<b>Purchase Date</b>	8/5/2005
<b>Purchase Price</b>	\$667,209
<b>Purpose</b>	Blight Remediation
<b>Estimate of Current Value</b>	\$60,000
<b>Method of Valuation</b>	Fair market value

Revenues Generated by Property & Contractual Requirements	
<b>City / Successor Agency Lease Agreement</b>	This property does not generate revenue.

Overview of Environmental Contamination, Remediation Efforts and Other Deficiencies	
<b>None</b>	This property does not have a history of environmental contamination.

Transit-Oriented Development & Advancement of Agency Planning Objectives	
<b>Potential for TOD</b>	Not applicable
<b>Agency Planning Objectives</b>	Market and offer for sale (liquidate)

Recommendation for Disposition	
<b>Liquidate</b>	This property will be sold as part of Cathedral City's Southwestern Block.

## Asset 113: 68-235 East Palm Canyon Drive Vacant Lot / Land

Parcel Data	
<b>Address</b>	68-235 East Palm Canyon Drive
<b>APN</b>	687-040-059
<b>Lot Size</b>	50.17 acres
<b>Use</b>	Vacant Lot / Land
<b>Zoning</b>	Open Space / Multiple-Family Residential / Hillside Protection Regulations
<b>Current Title</b>	Cathedral City Redevelopment Agency

Acquisition & Valuation Information	
<b>Purchase Date</b>	10/24/2003
<b>Purchase Price</b>	\$2,000,000
<b>Purpose</b>	Blight Remediation
<b>Estimate of Current Value</b>	\$100,000
<b>Method of Valuation</b>	Fair market value

Revenues Generated by Property & Contractual Requirements	
<b>City / Successor Agency Lease Agreement</b>	This property does not generate revenue.

Overview of Environmental Contamination, Remediation Efforts and Other Deficiencies	
<b>None</b>	This property does not have a history of environmental contamination.

Transit-Oriented Development & Advancement of Agency Planning Objectives	
<b>Potential for TOD</b>	Not applicable
<b>Agency Planning Objectives</b>	Market and offer for sale (liquidate)

Recommendation for Disposition	
<b>Liquidate</b>	This property will be sold as part of Cathedral City's Southwestern Block.

---

## 5.11 North Block (Assets 114 - 127)

All assets listed in the North Block (Asset Nos. 114 – 127) are proposed to be marketed and sold pursuant to AB 1484. The North Block consists of a large area north of Dinah Shore Drive and consists of fourteen (14) residentially zoned parcels. The proposed Disposition Strategy is to sell the assets contained in the North Block to a private residential infill developer or a non-profit affordable housing developer that would develop a mix of single family and/or multi-family units on the sites.

This proposed Development Strategy is defined in the 2006 Merged Redevelopment Project Plan attached as Appendix B and the 2009 Redevelopment Implementation Plan attached as Appendix C.

### Notes on Valuation Methodology of Assets 114 – 127

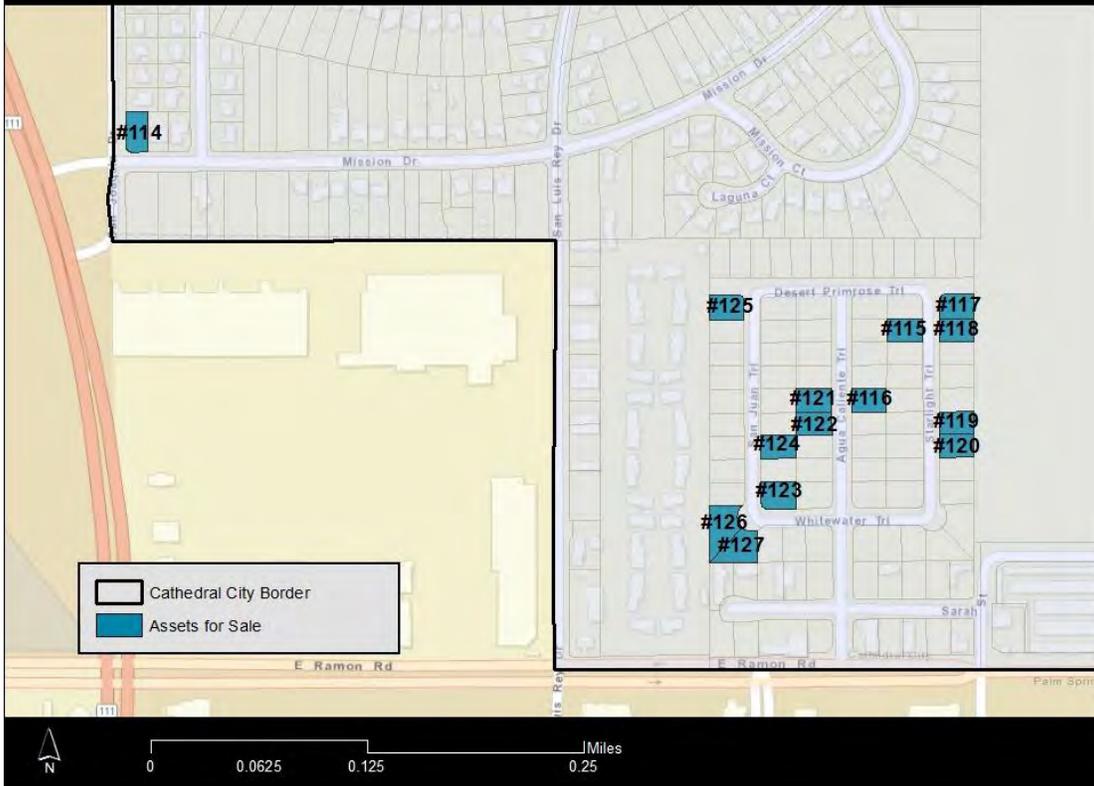

Asset 114 is a vacant and undeveloped parcel sitting adjacent to active Palm Springs International Airport runways. While utilities necessary to develop this asset are in place, given the value of adjacent homes, such development may not be of interest to the private market until notable changes in market fundamentals occur. Further, Asset 114 is encumbered by an annual sewer assessment through Fiscal Year 2034/35. Actual annual assessments (fixed) for the next 19 years were capitalized at a 6% discount rate and deducted from gross value estimates to approximate fair market value.

Assets 115 – 127 are vacant, unimproved paper lots with no site utilities and they sit in close proximity to active Palm Springs International Airport runways. A property within the same tract has been for sale at a listed price of \$20,000 for more than four years. Disposition and development of these assets may not be of interest to the private market until notable changes in market fundamentals occur.

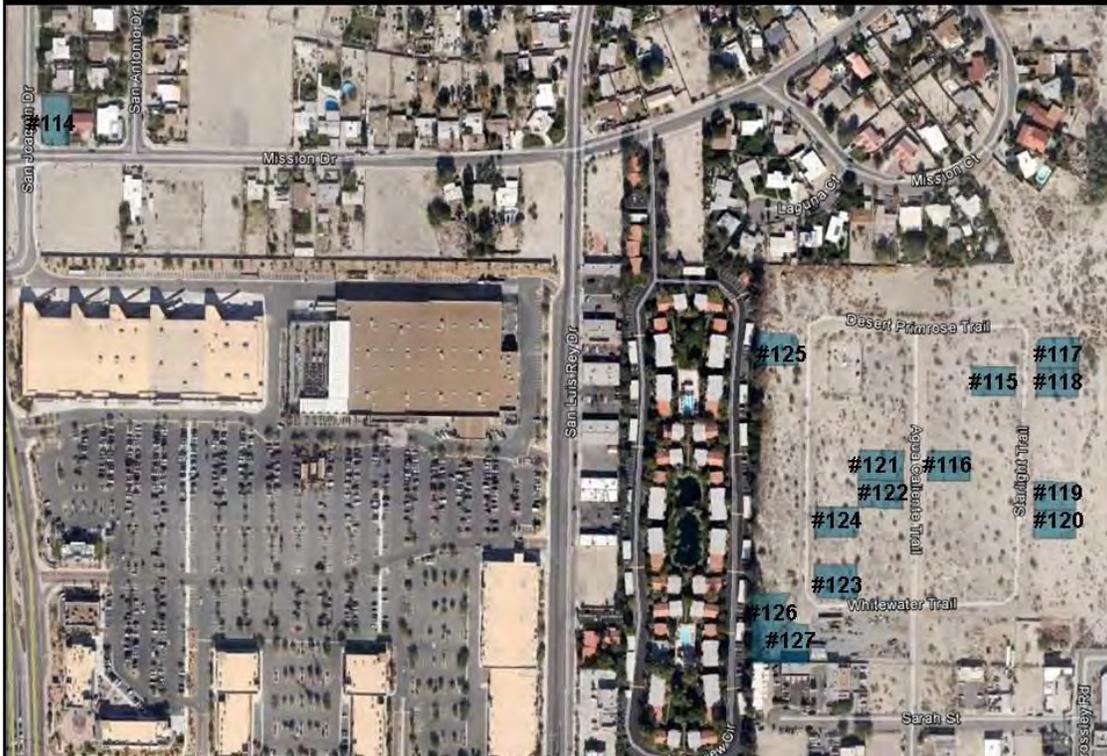

The following tables and maps provide a summary of some of the legally required information included for each individual asset contained in this section as well as their location in the North Block.

No.	Permissible Use	Estimated Current Value	Value Basis	Date of Estimated Current Value	Address	APN #	Lot Size (Acres)	Current Zoning
114	Sale at Fair Market Value	\$ 24,000	Fair Market Value	8/21/2013	31-392 San Joaquin Drive	677-381-006	0.191	R1

## Asset 114: 31-392 San Joaquin Drive Vacant Lot / Land

Parcel Data	
<b>Address</b>	31-392 San Joaquin Drive
<b>APN</b>	677-381-006
<b>Lot Size</b>	.191 acres
<b>Use</b>	Vacant Lot / Land
<b>Zoning</b>	Single Family Residential
<b>Current Title</b>	Cathedral City Redevelopment Agency

Acquisition & Valuation Information	
<b>Purchase Date</b>	2/28/2007
<b>Purchase Price</b>	\$15,784
<b>Purpose</b>	Blight Remediation
<b>Estimate of Current Value</b>	\$24,000
<b>Method of Valuation</b>	Fair market value

Revenues Generated by Property & Contractual Requirements	
<b>City / Successor Agency Lease Agreement</b>	This property does not generate revenue.

Overview of Environmental Contamination, Remediation Efforts and Other Deficiencies	
<b>None</b>	This property does not have a history of environmental contamination.

Transit-Oriented Development & Advancement of Agency Planning Objectives	
<b>Potential for TOD</b>	Not applicable
<b>Agency Planning Objectives</b>	Market and offer for sale (liquidate)

Recommendation for Disposition	
<b>Liquidate</b>	This property will be sold as part of Cathedral City's North Block.

## Asset 115: 31-625 Starlight Trail

### Vacant Lot / Land

Parcel Data	
Address	31-625 Starlight Trail
APN	677-442-002
Lot Size	.172 acres
Use	Vacant Lot / Land
Zoning	Single Family Residential
Current Title	Cathedral City Redevelopment Agency

Acquisition & Valuation Information	
Purchase Date	10/2007
Purchase Price	\$18,000
Purpose	Blight Remediation
Estimate of Current Value	\$7,000
Method of Valuation	Fair market value

Revenues Generated by Property & Contractual Requirements	
City / Successor Agency Lease Agreement	This property does not generate revenue.

Overview of Environmental Contamination, Remediation Efforts and Other Deficiencies	
None	This property does not have a history of environmental contamination.

Transit-Oriented Development & Advancement of Agency Planning Objectives	
Potential for TOD	Not applicable
Agency Planning Objectives	Market and offer for sale (liquidate)

Recommendation for Disposition	
Liquidate	This property will be sold as part of Cathedral City's North Block.

## Asset 116: 31-686 Agua Caliente Trail Vacant Lot / Land

Parcel Data	
Address	31-686 Agua Caliente Trail
APN	677-442-014
Lot Size	.172 acres
Use	Vacant Lot / Land
Zoning	Single Family Residential
Current Title	Cathedral City Redevelopment Agency

Acquisition & Valuation Information	
Purchase Date	3/2007
Purchase Price	\$20,000
Purpose	Blight Remediation
Estimate of Current Value	\$7,000
Method of Valuation	Fair market value

Revenues Generated by Property & Contractual Requirements	
City / Successor Agency Lease Agreement	This property does not generate revenue.

Overview of Environmental Contamination, Remediation Efforts and Other Deficiencies	
None	This property does not have a history of environmental contamination.

Transit-Oriented Development & Advancement of Agency Planning Objectives	
Potential for TOD	Not applicable
Agency Planning Objectives	Market and offer for sale (liquidate)

Recommendation for Disposition	
Liquidate	This property will be sold as part of Cathedral City's North Block.

## Asset 117: 31-600 Starlight Trail

### Vacant Lot / Land

Parcel Data	
Address	31-600 Starlight Trail
APN	677-443-001
Lot Size	.199 acres
Use	Vacant Lot / Land
Zoning	Single Family Residential
Current Title	Cathedral City Redevelopment Agency

Acquisition & Valuation Information	
Purchase Date	3/2007
Purchase Price	\$20,000
Purpose	Blight Remediation
Estimate of Current Value	\$9,000
Method of Valuation	Fair market value

Revenues Generated by Property & Contractual Requirements	
City / Successor Agency Lease Agreement	This property does not generate revenue.

Overview of Environmental Contamination, Remediation Efforts and Other Deficiencies	
None	This property does not have a history of environmental contamination.

Transit-Oriented Development & Advancement of Agency Planning Objectives	
Potential for TOD	Not applicable
Agency Planning Objectives	Market and offer for sale (liquidate)

Recommendation for Disposition	
Liquidate	This property will be sold as part of Cathedral City's North Block.

## Asset 118: 31-622 Starlight Trail

### Vacant Lot / Land

Parcel Data	
Address	31-622 Starlight Trail
APN	677-443-002
Lot Size	.176 acres
Use	Vacant Lot / Land
Zoning	Single Family Residential
Current Title	Cathedral City Redevelopment Agency

Acquisition & Valuation Information	
Purchase Date	3/2007
Purchase Price	\$20,000
Purpose	Blight Remediation
Estimate of Current Value	\$8,000
Method of Valuation	Fair market value

Revenues Generated by Property & Contractual Requirements	
City / Successor Agency Lease Agreement	This property does not generate revenue.

Overview of Environmental Contamination, Remediation Efforts and Other Deficiencies	
None	This property does not have a history of environmental contamination.

Transit-Oriented Development & Advancement of Agency Planning Objectives	
Potential for TOD	Not applicable
Agency Planning Objectives	Market and offer for sale (liquidate)

Recommendation for Disposition	
Liquidate	This property will be sold as part of Cathedral City's North Block.

## Asset 119: 31-740 Starlight Trail

### Vacant Lot / Land

Parcel Data	
Address	31-740 Starlight Trail
APN	677-443-006
Lot Size	.175 acres
Use	Vacant Lot / Land
Zoning	Single Family Residential
Current Title	Cathedral City Redevelopment Agency

Acquisition & Valuation Information	
Purchase Date	5/2008
Purchase Price	\$17,000
Purpose	Blight Remediation
Estimate of Current Value	\$8,000
Method of Valuation	Fair market value

Revenues Generated by Property & Contractual Requirements	
City / Successor Agency Lease Agreement	This property does not generate revenue.

Overview of Environmental Contamination, Remediation Efforts and Other Deficiencies	
None	This property does not have a history of environmental contamination.

Transit-Oriented Development & Advancement of Agency Planning Objectives	
Potential for TOD	Not applicable
Agency Planning Objectives	Market and offer for sale (liquidate)

Recommendation for Disposition	
Liquidate	This property will be sold as part of Cathedral City's North Block.

## Asset 120: 31-750 Starlight Trail

### Vacant Lot / Land

Parcel Data	
Address	31-750 Starlight Trail
APN	677-443-007
Lot Size	.175 acres
Use	Vacant Lot / Land
Zoning	Single Family Residential
Current Title	Cathedral City Redevelopment Agency

Acquisition & Valuation Information	
Purchase Date	5/2008
Purchase Price	\$17,000
Purpose	Blight Remediation
Estimate of Current Value	\$8,000
Method of Valuation	Fair market value

Revenues Generated by Property & Contractual Requirements	
City / Successor Agency Lease Agreement	This property does not generate revenue.

Overview of Environmental Contamination, Remediation Efforts and Other Deficiencies	
None	This property does not have a history of environmental contamination.

Agency Planning Objectives	Market and offer for sale (liquidate)

Recommendation for Disposition	
Liquidate	This property will be sold as part of Cathedral City's North Block.

## Asset 123: 31-800 San Juan Trail

### Vacant Lot / Land

Parcel Data	
Address	31-800 San Juan Trail
APN	677-445-010
Lot Size	.199 acres
Use	Vacant Lot / Land
Zoning	Single Family Residential
Current Title	Cathedral City Redevelopment Agency

Acquisition & Valuation Information	
Purchase Date	11/2007
Purchase Price	\$18,000
Purpose	Blight Remediation
Estimate of Current Value	\$9,000
Method of Valuation	Fair market value

Revenues Generated by Property & Contractual Requirements	
City / Successor Agency Lease Agreement	This property does not generate revenue.

Overview of Environmental Contamination, Remediation Efforts and Other Deficiencies	
None	This property does not have a history of environmental contamination.

Transit-Oriented Development & Advancement of Agency Planning Objectives	
Potential for TOD	Not applicable
Agency Planning Objectives	Market and offer for sale (liquidate)

Recommendation for Disposition	
Liquidate	This property will be sold as part of Cathedral City's North Block.

## Asset 124: 31-750 San Juan Trail

### Vacant Lot / Land

Parcel Data	
Address	31-750 San Juan Trail
APN	677-445-012
Lot Size	.17 acres
Use	Vacant Lot / Land
Zoning	Single Family Residential
Current Title	Cathedral City Redevelopment Agency

Acquisition & Valuation Information	
Purchase Date	6/2007
Purchase Price	\$2,807
Purpose	Blight Remediation
Estimate of Current Value	\$7,000
Method of Valuation	Fair market value

Revenues Generated by Property & Contractual Requirements	
City / Successor Agency Lease Agreement	This property does not generate revenue.

Overview of Environmental Contamination, Remediation Efforts and Other Deficiencies	
None	This property does not have a history of environmental contamination.

Transit-Oriented Development & Advancement of Agency Planning Objectives	
Potential for TOD	Not applicable
Agency Planning Objectives	Market and offer for sale (liquidate)

Recommendation for Disposition	
Liquidate	This property will be sold as part of Cathedral City's North Block.

## Asset 125: 31-606 San Juan Trail Vacant Lot / Land

Parcel Data	
Address	31-606 San Juan Trail
APN	677-446-001
Lot Size	.196 acres
Use	Vacant Lot / Land
Zoning	Single Family Residential
Current Title	Cathedral City Redevelopment Agency

Acquisition & Valuation Information	
Purchase Date	3/2007
Purchase Price	\$18,000
Purpose	Blight Remediation
Estimate of Current Value	\$9,000
Method of Valuation	Fair market value

Revenues Generated by Property & Contractual Requirements	
City / Successor Agency Lease Agreement	This property does not generate revenue.

Overview of Environmental Contamination, Remediation Efforts and Other Deficiencies	
None	This property does not have a history of environmental contamination.

Transit-Oriented Development & Advancement of Agency Planning Objectives	
Potential for TOD	Not applicable
Agency Planning Objectives	Market and offer for sale (liquidate)

Recommendation for Disposition	
Liquidate	This property will be sold as part of Cathedral City's North Block.

## Asset 126: 31-825 San Juan Trail

### Vacant Lot / Land

Parcel Data	
Address	31-825 San Juan Trail
APN	677-446-010
Lot Size	.259 acres
Use	Vacant Lot / Land
Zoning	Single Family Residential
Current Title	Cathedral City Redevelopment Agency

Acquisition & Valuation Information	
Purchase Date	3/2007
Purchase Price	\$20,000
Purpose	Blight Remediation
Estimate of Current Value	\$11,000
Method of Valuation	Fair market value

Revenues Generated by Property & Contractual Requirements	
City / Successor Agency Lease Agreement	This property does not generate revenue.

Overview of Environmental Contamination, Remediation Efforts and Other Deficiencies	
None	This property does not have a history of environmental contamination.

Transit-Oriented Development & Advancement of Agency Planning Objectives	
Potential for TOD	Not applicable
Agency Planning Objectives	Market and offer for sale (liquidate)

Recommendation for Disposition	
Liquidate	This property will be sold as part of Cathedral City's North Block.

## Asset 127: 67-375 Whitewater Trail Vacant Lot / Land

Parcel Data	
<b>Address</b>	67-375 Whitewater Trail
<b>APN</b>	677-446-011
<b>Lot Size</b>	.216 acres
<b>Use</b>	Vacant Lot / Land
<b>Zoning</b>	Single Family Residential
<b>Current Title</b>	Cathedral City Redevelopment Agency

Acquisition & Valuation Information	
<b>Purchase Date</b>	3/2007
<b>Purchase Price</b>	\$20,000
<b>Purpose</b>	Blight Remediation
<b>Estimate of Current Value</b>	\$9,000
<b>Method of Valuation</b>	Fair market value

Revenues Generated by Property & Contractual Requirements	
<b>City / Successor Agency Lease Agreement</b>	This property does not generate revenue.

**MERGED REDEVELOPMENT PLAN  
FOR THE  
MERGED REDEVELOPMENT PROJECT AREA  
AND  
REDEVELOPMENT PROJECT AREA NO. 3**

**I. [Section 100] INTRODUCTION**

**A. [Section 101] General**

"This is the Amended Merged Redevelopment Plan ("Redevelopment Plan" or "Plan") for the Merged Redevelopment Project Area and Redevelopment Project Area No. 3 ("Merged Project") in the City of Cathedral City (the "City"), County of Riverside, State of California. This Plan amends and supersedes in their entirety the redevelopment plans heretofore adopted and amended for the foregoing constituent projects ("Constituent Projects") that comprise the Merged Project. Nothing in this Plan is intended to or shall affect in any manner the base year or base year assessed valuations for the Constituent Projects determined in accordance with Health and Safety Code Section 33670.

"This Plan consists of text (Sections 100 through 1000), a Redevelopment Plan Map showing the Merged Project and each of the Constituent Projects (Exhibit "A-1"), a Legal Description of the Merged Project Area (Exhibits "B-1," "B-2" and "B-3"), and the Proposed Public Improvements and Facilities Projects (Exhibits "C-1" and "C-2").

This Plan was amended by Ordinance Nos. \*\*\* and \*\*\*, adopted on \*\*\*, 2006,<sup>1</sup> to merge the Redevelopment Plan for the Merged Project with the Redevelopment Enabling Plan for Project Area No. 3, thus forming the 2006 Cathedral City Merged Project (the "2006 Merged Project").

"This Plan was prepared by the Redevelopment Agency of the City of Cathedral City (the "Agency") pursuant to the Community Redevelopment Law of the State of California (Health and Safety Code, Section 33000 *et seq.*; all statutory references hereinafter shall be to the Health and Safety Code unless otherwise designated, the California Constitution, and all applicable local codes and ordinances.

"The definitions of general terms which are contained in the Community Redevelopment Law govern the construction of this Plan, unless more specific terms and definitions therefor are otherwise provided in this Plan.

"Many of the requirements contained in this Plan are necessitated by and in accord with statutory provisions in effect at the time of adoption of this Plan. Such statutory provisions may be changed from time to time. In the event that any such changes affect this Plan's requirements, and would be applicable to the Agency, either constituent project, the 2006 Merged Project, or this Plan whether or not this Plan were formally amended to reflect such changes, then the requirements of this Plan that are so affected shall be superseded by such changes to the extent necessary to be in conformity with such changes.

"The merged project area (the "2006 Merged Project Area") includes all properties within the merged project boundary shown on the Redevelopment Plan Map and described in the Legal Description of the 2006 Merged Project.

"This Plan provides the Agency with powers, duties and obligations to implement and further the program generally formulated in this Plan for the continued redevelopment, rehabilitation, and revitalization of the 2006 Merged Project Area. This Plan does not present a specific plan or establish priorities for specific projects for the redevelopment, rehabilitation, and

---

<sup>1</sup> Ordinance number and adoption date to be inserted after adoption of the proposed 2006 Merged Project.

revitalization of any particular area within either constituent project or the 2006 Merged Project Area. Instead, this Plan presents a process and a basic framework within which specific development plans will be presented, priorities for specific projects will be established, and specific solutions will be proposed, and by which tools are provided to the Agency to fashion, develop, and proceed with such specific plans, projects, and solutions.

"The goals and objectives of the Agency's redevelopment program for each constituent project in the 2006 Merged Project Area are set forth in the implementation plan adopted in December, 2004, which covers both of the Constituent Projects.

"The principal goal and objective of the 2006 Merged Project shall be to eliminate all remaining blight and complete all Agency-assisted redevelopment activities as quickly as possible consistent with the needs of the Constituent Projects and the availability of financial resources to fund them.

"Redevelopment of the 2006 Merged Project Area pursuant to this Redevelopment Plan and the above goals and objectives will attain the purposes of the California Community Redevelopment Law by: (1) elimination of areas suffering from economic dislocation and disuse; (2) replanning, redesign and/or redevelopment of areas which are stagnant or improperly utilized, and which could not be accomplished by private enterprise acting alone without public participation and assistance; (3) protecting and promoting sound development and redevelopment of blighted areas and the general welfare of the citizens of the City by remedying such injurious conditions through the employment of appropriate means; (4) installation of new or replacement of existing public improvements, facilities and utilities in areas which are currently inadequately served with regard to such improvements, facilities and utilities; and (5) other means as deemed appropriate."

## **II. [Section 200] 2006 MERGED PROJECT AREA BOUNDARY AND LEGAL DESCRIPTION**

The boundaries of the 2006 Merged Project Area and the constituent project areas are shown on the Redevelopment Plan Map attached as Exhibit "A-1." The boundaries of the 2006 Merged Project Area are described in the Legal Description of the Merged Project Area attached as Exhibit "B-1."

## **III. [Section 300] REDEVELOPMENT ACTIVITIES**

### **A. [Section 301] General**

The Agency has and will continue to eliminate and prevent the spread of blight and blighting influences, and to strengthen the economic base of the 2006 Merged Project Area and the community, by some or all of the following:

1. Permitting participation in the redevelopment process by owners and occupants of properties located in the 2006 Merged Project Area, consistent with this Plan and rules adopted by the Agency;
2. Acquisition of real property;
3. Management of property under the ownership and control of the Agency;
4. Relocation assistance to displaced occupants of property acquired by the Agency in the 2006 Merged Project Area;
5. Demolition or removal of buildings and improvements;
6. Installation, construction, expansion, addition, extraordinary maintenance or reconstruction of streets, utilities, and other public facilities and improvements;
7. Disposition of property for uses in accordance with this Plan;
8. Redevelopment of land by private enterprise and public agencies for uses in accordance with this Plan;

9. Rehabilitation of structures and improvements by present owners, their successors, and the Agency;
10. Rehabilitation, development or construction of low and moderate income housing within the 2006 Merged Project and/or the City; and
11. Providing for the retention of controls and establishment of restrictions or covenants running with the land so that property will continue to be used in accordance with this Plan.

In the accomplishment of these activities, and in the implementation and furtherance of this Plan, the Agency is authorized to use all the powers provided in this Plan and all the powers to the extent now or hereafter permitted by law, which powers are not expressly limited by this Plan.

**B. [Section 302] Owner Participation and Business Reentry Preferences**

**1. [Section 303] Owner Participation**

Owners of real property within the 2006 Merged Project Area shall be extended reasonable opportunities to participate in the redevelopment of property in their constituent project within the 2006 Merged Project Area if such owners agree to participate in the redevelopment in conformity with this Redevelopment Plan and owner participation implementation rules adopted by the Agency.

Participation methods include remaining in substantially the same location either by retaining all or portions of the property, or by retaining all or portions of the property and purchasing adjacent property from the Agency or joining with another person or entity for the rehabilitation or development of the owner's property and, if appropriate, other property. An owner who participates in the same location may be required to rehabilitate or demolish all or part of his/her existing buildings, or the Agency may acquire the buildings only and then remove or demolish the buildings. Participation methods also include the Agency buying land and improvements at fair market value from owners and offering other parcels for purchase and rehabilitation or development by such owners, or offering an opportunity for such owners to rehabilitate or develop property jointly with other persons or entities.

Participation opportunities shall be limited to the potential participant's constituent project and shall necessarily be subject to and limited by factors including but not limited to the following: (1) the elimination and changing of some land uses; (2) the construction, realignment, abandonment, widening, opening and/or other alteration or elimination of public rights-of-way; (3) the removal, relocation, and/or installation of public utilities and public facilities; (4) the ability of potential participants to finance the proposed acquisition, development or rehabilitation in accordance with this Redevelopment Plan; (5) the ability and experience of potential participants to undertake and complete the proposed development (6) any reduction in the total number of individual parcels in the constituent project area; (7) the construction or expansion of public improvements and facilities, and the necessity to assemble areas for such; (8) any change in orientation and character of the constituent project area; (9) the necessity to assemble areas for public and/or private development (10) the requirements of this Plan and applicable rules, regulations, and ordinances of the City of Cathedral City; (11) any Design Guide adopted by the Agency pursuant to Section 420 hereof; and (12) the feasibility of the potential participants proposal.

**2. [Section 304] Business Reentry Preferences**

Business occupants engaged in business in the 2006 Merged Project Area shall be extended reasonable preferences to reenter in business within the redeveloped area if they otherwise meet the requirements prescribed by this Redevelopment Plan and business reentry preferences implementation rules adopted by the Agency.

Whenever a business occupant will be displaced by Agency action from either constituent project within the 2006 Merged Project Area, the Agency will, prior to such displacement,

determine: 1) whether such business occupant desires to relocate directly to another location within the business occupants constituent project, or 2) if suitable relocation accommodations within the constituent project are not available prior to displacement, whether such business occupant would desire to reenter in business within the constituent project at a later date should suitable accommodations become available. For those business occupants who desire to relocate directly to another location within the constituent project the Agency will make reasonable efforts to assist such business occupants to find accommodations at locations and rents suitable to their needs. A record of the business occupants who cannot be or do not want to be directly relocated within their constituent project, but who have stated that they desire to reenter into business within their constituent project whenever suitable locations and rents are available, will be maintained by the Agency. The Agency will make reasonable efforts to assist such business occupants to find reentry accommodations at locations and rents suitable to their needs.

Unless otherwise determined by the Agency, reentry preferences shall be limited to the displaced business occupants constituent project and shall necessarily be subject to and limited by factors such as the following: (1) the extent to which suitable relocation or reentry accommodations exist or are rehabilitated or developed within the constituent project (2) the extent to which suitable relocation or reentry accommodations are available to displaced business occupants within an acceptable time period or at rents and other terms that are acceptable to such displaced business occupants, and within their financial means; and (3) the requirements of this Redevelopment Plan or any Design Guide adopted by the Agency pursuant to this Redevelopment Plan.

### **3. [Section 305] Participation Agreements**

The Agency may require that, as a condition to participate in redevelopment or to obtain a building permit pursuant to Section 421 hereof, each participant shall enter into a binding written participation agreement with the Agency by which the participant agrees to contribute, sell, lease, acquire, rehabilitate, develop or use the property in conformance with this Plan and to be subject to provisions hereof and such other provisions and conditions to which the parties may agree. In such agreements, participants who retain real property may be required to sign and join in the recordation of such documents as is necessary to make the provisions of this Plan and such participation agreement applicable to their properties. In the event an owner or participant fails or refuses to develop, or use and maintain, their real property pursuant to this Plan and such participation agreement, the real property or any interest therein may be acquired by the Agency and sold or leased for development in accordance with this Plan.

Whether or not a participant enters into a participation agreement with the Agency, the provisions of this Plan are applicable to all public and private property in the 2006 Merged Project Area.

### **4. [Section 306] Implementing Rules**

The provisions of Sections 302 through 305 shall be implemented according to the rules adopted by the Agency prior to the approval of this Plan, and the same may be from time to time amended by the Agency. Where there is a conflict between the participation and re-entry preferences provisions in this Plan and such rules adopted by the Agency, the rules shall prevail.

#### **C. [Section 307] Property Acquisition**

##### **1. [Section 308] Acquisition of Real Property**

The Agency may acquire, but is not required to acquire, any real property located in the 2006 Merged Project Area by gift, devise, exchange, lease, purchase, eminent domain or any other lawful method.

It is in the public interest and is necessary in order to execute this Plan for the power of eminent domain to be employed by the Agency to acquire real property in all portions of Redevelopment Project Area No. 1. No eminent domain proceeding to acquire property within

Redevelopment Project Area No. 1 shall be commenced after August 9, 2015. This time limitation may be extended only by amendment of this Plan.

The Agency shall not have the authority to employ the power of eminent domain to acquire real property within Redevelopment Project Area No. 2. Such authority may be established only by amendment to this Plan.

It is in the public interest and is necessary in order to execute this Plan for the power of eminent domain to be employed by the Agency to acquire real property in portions of Redevelopment Project Area No. 3 subject to the exceptions specified in this section. No eminent domain proceeding to acquire property within Redevelopment Project Area No. 3 shall be commenced after March 23, 2017. This time limitation may be extended only by amendment of this Plan.

The Agency is authorized to acquire structures without acquiring the land upon which those structures are located. The Agency is also authorized to acquire any other interest in real property less than a fee.

Without the consent of the owner, the Agency shall not acquire property to be retained by an owner pursuant to a participation agreement if the owner fully performs under the agreement. The Agency shall not acquire real property on which an existing building is to be continued on its present site and in its present form and use without the consent of the owner, unless such building requires structural alteration, improvement, modernization, or rehabilitation, or the site or lot on which the building is situated requires modification in size, shape or use, or it is necessary to impose upon such property any of the standards, restrictions and controls of this Plan or of any Design Guide adopted by the Agency pursuant to this Plan, and the owner fails or refuses to participate in the Plan or in conformance with any such Design Guide by executing a participation agreement.

Properties may be acquired and cleared by the Agency if a determination is made that one or more of the following conditions exist:

1. The building must be removed in order to assemble land into parcels of reasonable size and shape to eliminate that impediment to land development;
2. The building is substandard as demonstrated by an inspection of the property by the Building Department of the City of Cathedral City;
3. The building must be removed in order to eliminate an environmental deficiency, including, but not limited to, incompatible land uses and small and irregular lot subdivisions;
4. The building must be removed to provide land for needed public facilities, including among others, rights-of-way, public safety facilities, public recreational facilities and open space, and other public utilities.
5. To the extent eminent domain is to be used, the property is located within the boundaries as set forth in Appendix D-1 (Map of Area Within Which Eminent Domain Will be Allowed) and Appendix D-2 (Legal Description of Area Within Which Eminent Domain Will be Allowed) of this Plan.

Other provisions of this section notwithstanding, the Agency shall not acquire from any of its members or officers any property or interest in property except through eminent domain proceedings.

## **2. [Section 309] Acquisition of Personal Property**

Generally, personal property shall not be acquired by the Agency. However, where necessary in the execution of this Plan, the Agency is authorized to acquire personal property in the 2006 Merged Project Area by any lawful means, including, within Redevelopment Project Area No. 1, the use of eminent domain.

**D. [Section 310] Property Management**

During such time as property, if any, in the 2006 Merged Project Area is owned by the Agency, such property shall be under the management and control of the Agency. Such property may be rented or leased by the Agency pending its disposition for redevelopment, and such rental or lease shall be pursuant to such policies as the Agency may adopt.

**E. [Section 311] Relocation of Occupants Displaced by Agency Acquisition**

**1. [Section 312] Relocation Housing Requirements**

No persons or families of low and moderate income shall be displaced unless and until there is a suitable housing unit available and ready for occupancy by such displaced person or family at rents comparable to those at the time of their displacement. Such housing units shall be suitable to the needs of such displaced persons or families and must be decent, safe, sanitary, and otherwise standard dwellings. The Agency shall not displace such persons or families until such housing units are available and ready for occupancy.

Permanent housing facilities shall be made available within three years from the time occupants are displaced. Pending the development of such facilities, there will be available to such displaced occupants adequate temporary housing facilities at rents comparable to those in the community at the time of their displacement.

**2. [Section 313] Assistance In Finding Other Locations**

The Agency shall assist all persons (including individuals and families), business concerns, and others displaced by Agency action in the Merged Project Area in finding other locations and facilities. In order to carry out the Merged Project with a minimum of hardship to persons (including individuals and families), business concerns, and others, if any, displaced from their respective places of residence or business, the Agency shall assist such persons, business concerns and others in finding new locations that are decent, safe, sanitary, within their respective financial means, in reasonably convenient locations, and otherwise suitable to their respective needs.. The Agency may also provide housing inside or outside the Merged Project Area for displaced persons.

**3. [Section 314] Relocation Payments**

The Agency shall make all relocation payments required by law to persons (including individuals and families), business concerns, and others displaced by the Agency from property in the 2006 Merged Project Area. Such relocation payments shall be made pursuant to the California Relocation Assistance Law (Government Code Section 7260 et seq.) and Agency rules and regulations adopted pursuant thereto as such may be amended from time to time. The Agency may make such other payments as it may deem appropriate and for which funds are available.

**F. [Section 315] Payments to Taxing Agencies In Lieu of Taxes**

The Agency may in any year during which it owns property in the 2006 Merged Project Area pay directly to the City, County, or other district, including, but not limited to, a school district, or other public corporation for whose benefit a tax would have been levied upon the Agency-owned property had it not been exempt, an amount of money in lieu of taxes.

**G. [Section 316] Demolition, Clearance, Public Improvements, Building and Site Preparation**

**1. [Section 317] Demolition and Clearance**

The Agency is authorized to demolish and clear buildings, structures, and other improvements from any real property in the 2006 Merged Project Area as necessary to carry out the purposes of this Plan.

## **2. [Section 318] Public Improvements**

The Agency is authorized to install and construct, or to cause to be installed and constructed, the public improvements, facilities and utilities (within or outside the 2006 Merged Project Area) necessary to carry out this Plan. Such public improvements, facilities and utilities include, but are not limited to, the following: (1) over- and under-passes; (2) sewers; (3) storm drains; (4) electrical, natural gas, telephone and water distribution systems; (5) parks and plazas; (6) playgrounds; (7) parking and transportation facilities; (8) landscaped areas; (9) street and circulation improvements; (10) flood control improvements and facilities; (11) fire stations, school facilities, and community centers; and (12) other public facilities serving the needs of 2006 Merged Project Area occupants. Anticipated public improvements, facilities and utilities that may be installed or constructed, or caused to be installed or constructed, by the Agency include, but are not limited to, those set forth in attached Exhibit "C-1" Proposed Public Improvements and Facilities Projects.

## **3. [Section 319] Preparation of Building Sites**

The Agency is authorized to prepare, or cause to be prepared, as building sites any real property in the 2006 Merged Project Area owned by the Agency. The Agency is also authorized to construct foundations, platforms, and other structural forms necessary for the provision or utilization of air rights sites for buildings to be used for commercial, public, and other uses provided in this Plan.

The Agency may take any actions which it determines are necessary and which are consistent with other state and federal laws to remedy or remove a release of hazardous substances on, under, or from property in the Merged Project Area in accordance with the requirements of Health and Safety Code Section 33459 at seq.

### **H. [Section 320] Property Disposition and Development**

#### **1. [Section 321] Real Property Disposition and Development**

##### **a. [Section 322] General**

For the purposes of this Plan, the Agency is authorized to sell, lease for a period not to exceed 99 years, exchange, subdivide, transfer, assign, pledge, encumber by mortgage or deed of trust, or otherwise dispose of any interest in real property. The Agency is authorized to dispose of real property by negotiated lease, sale, or transfer without public bidding but only after public hearing.

Before any interest in real property of the Agency acquired in whole or in part, directly or indirectly, with tax increment moneys is sold, leased, or otherwise disposed of for development pursuant to this Plan, such sale, lease or disposition shall be first approved by the City Council by resolution after public hearing in conformance with Section 33433 of the Health and Safety Code. All real property acquired by the Agency in the 2006 Merged Project Area shall be sold or leased to public or private persons or entities for development for the uses permitted in this Plan, and any such sale or lease may be for an amount at less than fair market value if determined to be at the highest and best use consistent with this Plan. Real property may also be conveyed by the Agency to the City and, where beneficial to either constituent project or the 2006 Merged Project Area, to any other public body without charge or for an amount at less than fair market value.

All purchasers or lessees of property from the Agency shall be made obligated to use the property for the purposes designated in this Plan, to begin and complete development of the property within a period of time which the Agency fixes as reasonable, and to comply with other conditions which the Agency deems necessary to carry out the purposes of this Plan.

During the period of development in the 2006 Merged Project Area, the Agency shall ensure that the provisions of this Plan and of other documents formulated pursuant to this Plan are

being observed, and that development in the 2006 Merged Project Area is proceeding in accordance with development documents and time schedules.

**b. [Section 323] Disposition and Development Documents**

The Agency shall reserve powers and controls in disposition and development documents as may be necessary to prevent transfer, retention, or use of property for speculative purposes and to ensure that development is expeditiously carried out pursuant to this Plan.

To provide adequate safeguards to ensure that the provisions of this Plan will be carried out and to prevent the recurrence of blight, all real property sold, leased, or conveyed by the Agency, as well as all property subject to participation agreements, shall be made subject to the provisions of this Plan and any adopted Design Guide and other conditions imposed by the Agency by leases, deeds, contracts, agreements, declarations of restrictions, provisions of the zoning ordinance, conditional use permits, or other means. Where appropriate, as determined by the Agency, such documents or portions thereof shall be recorded in the Office of the Recorder of the County.

The leases, deeds, contracts, agreements, and declarations of restrictions may contain restrictions, covenants, covenants running with the land, rights of reverter, conditions subsequent, equitable servitudes, or any other provision necessary to carry out this Plan.

All property in the 2006 Merged Project Area is hereby subject to the restriction that there shall be no discrimination or segregation based upon sex, marital status, race, color, religion, national origin, or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure, or enjoyment of property in the 2006 Merged Project Area. All property sold, leased, conveyed, or subject to a participation agreement, by or through the Agency, shall be expressly subject by appropriate documents to the restriction that all deeds, leases, or contracts for the sale, lease, sublease, or other transfer of land in the 2006 Merged Project Area shall contain such non-discrimination and non-segregation clauses as are required by law, including without limitation, the requirements of Sections 33435 and 33436 of the Health and Safety Code.

**c. [Section 324] Development by the Agency or Other Public Bodies or Entities**

To the extent now or hereafter permitted by law, the Agency may, with the consent of the City Council of the City of Cathedral City, pay all or part of the value of the land for and the cost of the installation and construction of any building, facility, structure, or other improvement which is publicly owned either within or outside the 2006 Merged Project Area, if the City Council determines: (1) that such buildings, facilities, structures, or other improvements are of benefit to the 2006 Merged Project or the immediate neighborhood in which the 2006 Merged Project is located, regardless of whether such improvement is within the 2006 Merged Project Area; (2) that no other reasonable means of financing such buildings, facilities, structures, or other improvements are available to the community; and (3) that the payment of funds for the acquisition of land or the cost of buildings, facilities, structures, or other improvements will assist in the elimination of one or more blighting conditions inside the 2006 Merged Project Area or provide housing for low or moderate income persons and is consistent with the implementation plan adopted pursuant to Section 33352 or 33490 of the Health and Safety Code. Such determinations by the Agency and the City Council shall be final and conclusive.

Specifically, the Agency may pay all or part of the value of the land for and the cost of the installation and construction of any building, facility, structure or other improvement set forth in Section 318 of this Plan, including, without limitation, those set forth in Exhibit "C-1" Proposed Public Improvements and Facilities Projects.

When the value of such land or the cost of the installation and construction of such building, facility, structure, or other improvement, or both, has been, or will be paid or provided for initially by the City or other public corporation, the Agency may enter into a contract with the City or other public corporation under which it agrees to advance funds to, or reimburse the City or other

public corporation for all or part of the value of such land or all or part of the cost of such building, facility, structure, or other improvement, or both, by periodic payments over a period of years.

The obligation of the Agency under such contract shall constitute an indebtedness of the Agency for the purpose of carrying out the redevelopment of the 2006 Merged Project Area, which indebtedness may be made payable out of taxes levied in the 2006 Merged Project Area and allocated to the Agency under subdivision (b) of Section 33670 of the Health and Safety Code and Section 502 of this Plan, or out of any other available funds.

In a case where such land has been or will be acquired by, or the cost of the installation and construction of such building, facility, structure or other improvement has been paid by, a parking authority, joint powers entity, or other public corporation to provide a building, facility, structure, or other improvement which has been or will be leased to the City such contract may be made with, and such reimbursement may be made payable to, the City.

Before the Agency commits to use the portion of taxes to be allocated and paid to the Agency pursuant to subdivision (b) of Section 33670 for the purpose of paying all or part of the value of the land for, and the cost of the installation and construction of, any publicly owned building, other than parking facilities, the City Council shall hold a public hearing in accord with the provisions of Section 33679 of the Health and Safety Code.

**d. [Section 325] Development Plans**

All development plans (whether public or private) shall be processed in the manner provided by applicable City codes as they are or as they may be amended from time to time. All development in the 2006 Merged Project Area must conform to City and Agency design review procedures, including any Design Guide adopted by the Agency pursuant to Section 420 hereof.

**2. [Section 326] Personal Property Disposition**

For the purposes of this Plan, the Agency is authorized to lease, sell, exchange, transfer, assign, pledge, encumber, or otherwise dispose of personal property which is acquired by the Agency.

**I. [Section 327] Cooperation with Public Bodies**

Certain public bodies are authorized by state law to aid and cooperate with or without consideration in the planning, undertaking, construction, or operation of this 2006 Merged Project. The Agency may seek the aid and cooperation of such public bodies and attempt to coordinate this Plan with the activities of such public bodies in order to accomplish the purposes of redevelopment and the highest public good.

The Agency, by law, is not authorized to acquire real property owned by public bodies without the consent of such public bodies. The Agency, however, will seek the cooperation of all public bodies which own or intend to acquire property in the 2006 Merged Project Area. Any public body which owns or leases property in the 2006 Merged Project Area will be afforded all the privileges of owner participation if such public body is willing to enter into a participation agreement with the Agency. All plans for development of property in the 2006 Merged Project Area by a public body shall be subject to Agency approval.

The Agency may impose on all public bodies the planning and design controls contained in and authorized by this Plan to ensure that present uses and any future development by public bodies will conform to the requirements of this Plan. The Agency is authorized to financially (and otherwise) assist any public entity in the cost of public land, buildings, facilities, structures, or other improvements (within or outside the 2006 Merged Project Area) which land, buildings, facilities, structures, or other improvements are of benefit to either constituent project.

**J. [Section 328] Rehabilitation, Conservation and Moving of Structures**

**1. [Section 329] Rehabilitation and Conservation**

The Agency is authorized to rehabilitate and conserve, or to cause to be rehabilitated and conserved, any building or structure in the 2006 Merged Project Area owned by the Agency. The Agency is also authorized to advise, encourage, and assist (through a loan program or otherwise) in the rehabilitation and conservation of property in the 2006 Merged Project Area not owned by the Agency. The Agency is also authorized to acquire, restore, rehabilitate, move and conserve buildings of historic or architectural significance.

It shall be the purpose of this Plan to allow for the retention of as many existing businesses as practicable and to add to the economic life of these businesses by a program of voluntary participation in their conservation and rehabilitation. The Agency is authorized to conduct a program of assistance and enforcement to encourage owners of property within the 2006 Merged Project Area to upgrade and maintain their property consistent with this Plan and such standards as may be developed for the 2006 Merged Project Area.

The extent of retention, conservation and rehabilitation in the 2006 Merged Project Area shall be subject to the following limitations:

- a. The rehabilitation of the structure must be compatible with land uses as provided for in this Plan;
- b. Rehabilitation and conservation activities on a structure must be carried out in an expeditious manner and in conformance with the requirements of this Plan and such property rehabilitation standards as may be adopted by the Agency and the City.
- c. The expansion of public improvements, facilities and utilities.
- d. The assembly and development of areas in accordance with this Plan.

The Agency may adopt property rehabilitation standards for the rehabilitation of properties in a constituent project area or the 2006 Merged Project Area.

Within the 2006 Merged Project Area and as part of an agreement that provides for the development and rehabilitation of property that will be used for industrial or manufacturing purposes, the Agency may assist with the financing of facilities or capital equipment, including, but not necessarily limited to, pollution control devices. The Agency may also establish a program under which it loans funds to owners or tenants for the purpose of rehabilitating commercial buildings or structures within the 2006 Merged Project Area.

The Agency shall not assist in the rehabilitation or conservation of properties which, in its opinion, are not economically and/or structurally feasible, or which do not further the purposes of this Plan.

**2. [Section 330] Moving of Structures**

As necessary in carrying out this Plan, the Agency is authorized to move or to cause to be moved, any standard structure or building or any structure or building which can be rehabilitated to a location within or outside the 2006 Merged Project Area.

**K. [Section 331] Low or Moderate Income Housing**

**1. [Section 332] Authority Generally**

The Agency may, inside or outside the 2006 Merged Project Area, acquire land, improve sites, or construct or rehabilitate structures in order to provide housing for persons and families of low or moderate income. The Agency may also provide subsidies to, or for the benefit of, such persons and families or households to assist them in obtaining housing. The Agency may also sell,

lease, grant, or donate real property owned or acquired by the Agency to the Housing Authority of the County of Riverside and may otherwise cooperate with the Housing Authority in carrying out the provisions of Section 335 hereinbelow.

## **2. [Section 333] Replacement Housing**

In accordance with Sections 33334.5 and 33413 and 33413.5 of the Health and Safety Code, whenever dwelling units housing persons and families of low or moderate income are destroyed or removed from the low and moderate income housing market as part of a redevelopment project which is subject to a written agreement with the Agency or where financial assistance has been provided by the Agency, the Agency shall, within four years of such destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low or moderate income, an equal number of replacement dwelling units which have an equal or greater number of bedrooms as those destroyed or removed units at affordable housing costs, as defined by Sections 50052.5 and 50053 of the Health and Safety Code, within the territorial jurisdiction of the Agency. Seventy-five percent (75%) of the replacement dwelling units shall replace dwelling units available at affordable housing cost in the same income level of very low income households, lower income households, and persons and families of low and moderate income, as the persons displaced from those destroyed or removed units.

## **3. [Section 334] Replacement Housing Plan**

Not less than thirty days prior to the execution of an agreement for acquisition of real property, or the execution of an agreement for the disposition and development of property, or the execution of an owner participation agreement, which agreement would lead to the destruction or removal of dwelling units from the low and moderate income housing market, the Agency shall adopt by resolution a replacement housing plan.

The replacement housing plan shall include: (1) the general location of housing to be rehabilitated, developed, or constructed pursuant to Section 33413 of the Health and Safety Code; (2) an adequate means of financing such rehabilitation, development, or construction; (3) a finding that the replacement housing does not require the approval of the voters pursuant to Article XXXIV of the California Constitution, or that such approval has been obtained; (4) the number of dwelling units housing persons and families of low or moderate income planned for construction or rehabilitation; and (5) the timetable for meeting the plan's relocation, rehabilitation, and replacement housing objectives. A dwelling unit whose replacement is required by Section 33413 but for which no replacement housing plan has been prepared, shall not be destroyed or removed from the low and moderate income housing market until the Agency has by resolution adopted a replacement housing plan.

Nothing in this section shall prevent the Agency from destroying or removing from the low and moderate income housing market a dwelling unit which the Agency owns and which is an immediate danger to health and safety. The Agency shall, as soon as practicable, adopt by resolution a replacement housing plan with respect to such dwelling units.

## **4. [Section 335] Increase, Improve and Preserve the Supply**

Subject to the provisions of subdivisions (a) and (b) of Section 33486 of the Health and Safety Code, not less than 20 percent of all taxes which are allocated to the Agency, pursuant to Section 33670 of the Health and Safety Code, shall be deposited by the Agency into the Low and Moderate income Housing Fund established for the 2006 Merged Project pursuant to Section 33487 of the Health and Safety Code, which fund shall include any moneys previously deposited into or deficits previously incurred by the Low and Moderate Income Housing Funds for the Constituent Projects. The Agency shall use the moneys in such fund to assist in the construction or rehabilitation of housing units which will be available to, or occupied by, persons and families of low or moderate income, and very low income households, as defined in Health and Safety Code Sections 50093 and 50105, respectively, for the period specified in Section 33487(a) of the Health and Safety Code, as amplified by Health and Safety Code Section 33334.14(b). Such funds may

additionally be used in the manner specified in Health and Safety Code Section 33334.14(b). For the purposes of this subsection, "construction and rehabilitation" shall include acquisition of land; improvements to land; the acquisition, rehabilitation or construction of structures; or the provision of subsidies necessary to provide housing for persons and families of low or moderate income, and very low income households.

The Agency may use the set aside funds inside or outside the 2006 Merged Project area. However, the Agency may only use these funds outside the 2006 Merged Project area upon a resolution of the Agency and the City Council that such use will be of benefit to the 2006 Merged Project. Such determination by the Agency and the City Council shall be final and conclusive as to the issue of benefit to the 2006 Merged Project area.

The expenditures or obligations incurred by the Agency pursuant to this subsection shall constitute an indebtedness of the 2006 Merged Project.

If moneys deposited in the 2006 Merged Project Low and Moderate Income Housing Fund pursuant to this subsection have not been committed for the purposes specified above for a period of years following deposit in that fund, the Agency shall offer such moneys to the housing authority which operates within the jurisdiction of the Agency for the purpose of constructing or rehabilitating housing as provided above. However, if no housing authority operates within the jurisdiction of the Agency, the Agency may retain such moneys for use pursuant to this subsection.

If the Agency deposits less than 20 percent of taxes allocated pursuant to Section 33670 of the Health and Safety Code, due to the provisions of subdivisions (a) and (b) of Section 33486 of the Health and Safety Code, in any fiscal year, a deficit shall be created in the 2006 Merged Project Low and Moderate Income Housing Fund in an amount equal to the difference between 20 percent of the taxes allocated pursuant to Section 33670 of the Health and Safety Code and the amount deposited in such year. The deficit, if any, created pursuant to this section constitutes an indebtedness of the 2006 Merged Project. The Agency shall eliminate the deficit by expending taxes allocated in years subsequent to creation of the deficit and until such time as such deficit has been eliminated, the Agency shall not incur new obligations for purposes other than those set forth in Section 33487 of the Health and Safety Code except to comply with the terms of any resolution or other agreement pledging taxes allocated pursuant to Section 33670 of the Health and Safety Code which existed on the effective date of the ordinances approving and adopting this Amended and Restated Redevelopment Plan and which merged the Constituent Projects.

**5. [Section 336] New or Rehabilitated Dwelling Units Developed Within the 2006 Merged Project Area**

At least thirty percent (30%) of all new and substantially rehabilitated dwelling units developed by the Agency, if any, shall be available at affordable housing cost to persons and families of low or moderate income. Not less than fifty percent (50%) of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

At least fifteen percent (15%) of all new and substantially rehabilitated dwelling units developed within each constituent project in the 2006 Merged Project Area by public or private entities or persons other than the Agency, if any, shall be available at affordable housing cost to persons and families of low or moderate income. Not less than forty percent (40%) of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing costs to very low income households.

The Agency may satisfy the provisions of the above paragraphs, in whole or in part, by any of the methods described in Community Redevelopment Law [Section 33413(b)] or any other method permitted by law.

The percentage requirements set forth in this Section 336 shall apply independently of the requirements of Section 333 and in the aggregate to housing made available pursuant to this

Section 336 and not to each individual case of rehabilitation, development or construction of dwelling units, unless the Agency determines otherwise.

By regulation or policy guideline adopted by the Agency from time to time, the Agency shall ensure compliance with the provisions of Health and Safety Code Section 33413 requiring that specified percentages of all new or rehabilitated dwelling units developed in the 2006 Merged Project Area be available at affordable housing cost to low and moderate income households (including very low income households). Such adopted Agency regulations and/or policy guidelines shall be applicable and enforceable under this Plan with respect to parcels developed with new or rehabilitated structures in the 2006 Merged Project Area regardless of whether such parcels are developed with Agency assistance or participation.

If all or any portion of a constituent project within the 2006 Merged Project Area is developed with low or moderate income housing units, the Agency shall require by contract or other appropriate means that such housing be made available for rent or purchase to the persons and families of low and moderate income displaced by the constituent project. Such persons and families shall be given priority in renting or buying such housing; provided, however, failure to give such priority shall not affect the validity of title to real property.

#### **6. [Section 337] Duration of Dwelling Unit Availability and Agency Monitoring**

The Agency shall require that the aggregate number of replacement dwelling units and other dwelling units rehabilitated, developed, constructed, or price-restricted pursuant to Sections 333 and 336 shall remain available at affordable housing cost to persons and families of low income, moderate income and very low income households, respectively, for the longest feasible time, as determined by the Agency, but for not less than the periods set forth in Section 800 for the duration of this Plan's land use controls applicable to the Constituent Projects, except to the extent a longer or shorter period of time is permitted or required by other provisions of the law. Pursuant to Section 33418 of the Health and Safety Code, the Agency shall monitor, on an ongoing basis, any housing affordable to persons and families of low or moderate income developed or otherwise made available pursuant to the Health and Safety Code. As part of this monitoring, the Agency shall require owners or managers of the housing to submit an annual report to the Agency. The annual reports shall include for each rental unit the rental rate and the income and family size of the occupants, and for each owner-occupied unit whether there was a change in ownership from the prior year and, if so, the income and family size of the new owners. The income information required by this section shall be supplied by the tenant in a certified statement on a form provided by the Agency.

#### **L. [Section 338] Implementation Plans**

In accord with the provisions of Section 33490 of the Health and Safety Code, in December, 1994, the Agency adopted an implementation plan for each of the Constituent Projects. Commencing with the fifth year after the first implementation plan was adopted, and each five years thereafter, the Agency shall adopt, after a public hearing, succeeding implementation plans that shall contain the specific goals and objectives of the Agency for the Constituent Projects and the overall 2006 Merged Project, the specific programs, including potential projects, and estimated expenditures proposed to be made during the next five years, and an explanation of how the goals and objectives, programs, and expenditures will eliminate blight within the 2006 Merged Project Area and implement the requirements of Sections 33334.2, 33334.4, 33334.6 and 33413 of the Health and Safety Code. The implementation plans adopted by the Agency in December 1994, constitute the first implementation plans for the Constituent Projects and the 2006 Merged Project. The parts of future implementation plans that address Sections 33334.2, 33334.4, 33334.6 and 33413 of the Health and Safety Code shall be adopted every five years either in conjunction with the General Plan Housing Element cycle or the implementation plan cycle. The Agency may amend any implementation plan after conducting a public hearing on the proposed amendment.

At least once within the five-year term of each implementation plan adopted by the Agency, no earlier than two years and no later than three years after adoption of each plan, the Agency shall conduct a public hearing and hear testimony of all interested parties for the purpose of

reviewing this Redevelopment Plan and the implementation plan and evaluating the progress of Constituent Projects within the 2006 Merged Project.

**IV. [Section 400] LAND USES AND DEVELOPMENT REQUIREMENTS**

**A. [Section 401] Redevelopment Plan Map and Major Merged Project Area Land Uses**

The Redevelopment Plan Map attached hereto illustrates the location of each constituent project area and 2006 Merged Project Area boundaries, identifies the major streets within each constituent project area and the 2006 Merged Project Area, and designates the major land uses authorized within each constituent project within the 2006 Merged Project Area by the City's current General Plan. The City will from time to time update and revise the General Plan. It is the intention of this Redevelopment Plan that the major and other land uses to be permitted within each constituent project within the 2006 Merged Project Area shall be as provided within the City's General Plan, as it currently exists or as it may from time to time be amended, and as implemented and applied by City ordinances, resolutions and other laws. The major land uses authorized within each constituent project within the 2006 Merged Project Area by the General Plan are described below. Other uses may be authorized from time to time by General Plan amendments.

**B. [Section 402] Major Land Uses**

Major land uses permitted within each constituent project within the 2006 Merged Project Area shall include:

<b>Project Area No. 1</b>	<b>Project Area No. 2</b>	<b>Project Area No. 3</b>
<ul style="list-style-type: none"> <li>• General Commercial</li> <li>• Industrial</li> <li>• Business Park</li> <li>• High Density Residential/Specific Plan Required</li> <li>• Medium Density Residential/Bonus Density Program</li> <li>• Medium Density Residential/Specific Plan Required</li> <li>• Open Space-Residential</li> </ul>	<ul style="list-style-type: none"> <li>• General Commercial</li> <li>• High Density Residential</li> <li>• Medium Density Residential</li> <li>• Medium Density Residential/Bonus Density Program</li> <li>• Medium Density Residential/Bonus Density Program/Specific Plan Required</li> <li>• Low Density Residential</li> </ul>	<ul style="list-style-type: none"> <li>• Hillside Reserve Residential</li> <li>• Low Density Residential</li> <li>• Medium Density Residential</li> <li>• High Density Residential</li> <li>• Resort Residential</li> <li>• General Commercial</li> <li>• Neighborhood Commercial</li> <li>• Business Park</li> <li>• Industrial</li> <li>• Public – Cemetery</li> <li>• Public – Library</li> <li>• Public – Schools</li> <li>• Public – Transportation</li> <li>• Open Space – Public</li> <li>• Open Space – Private</li> <li>• Open Space – Watercourse</li> <li>• Open Space – Other</li> </ul>

The areas shown on the Redevelopment Plan Map for the foregoing uses may be used for any of the various kinds of uses specified for or permitted within such areas by the General Plan and City ordinances, resolutions and other laws.

**C. [Section 403] Other Land Uses**

**1. [Section 404] Public Rights of Way**

Major public streets within the 2006 Merged Project Area are as shown on map "A-1" attached to this Plan. Major public streets include:

<b>Project Area No. 1</b>	<b>Project Area No. 2</b>	<b>Project Area No. 3</b>
<ul style="list-style-type: none"><li>• East Palm Canyon Drive (Highway 111)</li><li>• Cathedral Canyon Drive</li><li>• Date Palm Drive</li><li>• Van Fleet Avenue</li><li>• Perez Road</li></ul>	<ul style="list-style-type: none"><li>• Ramon Road</li><li>• Tachevah Drive</li><li>• Baristo Avenue</li><li>• Avenida Maravilla</li><li>• Date Palm Drive</li><li>• 30<sup>th</sup> Avenue</li><li>• Vista Chino</li><li>• Landau Boulevard</li></ul>	<ul style="list-style-type: none"><li>• Landau Boulevard</li><li>• Cathedral Canyon Drive</li><li>• Date Palm Drive</li><li>• Da Vall Avenue</li><li>• Terrace Drive</li><li>• East Palm Canyon Drive (Highway 111)</li><li>• Dinah Shore</li><li>• Ramon Road</li><li>• McCallum Avenue</li><li>• 30<sup>th</sup> Street</li><li>• Tachevah Drive</li><li>• Vista Chino</li></ul>

Additional public streets, alleys and easements may be created in the 2006 Merged Project Area as needed for proper use and/or development. Existing streets and alleys may be abandoned, closed or modified as necessary for proper use and/or development. It is anticipated that 2006 Merged Project development may entail vacation and/or realignment of certain streets, alleys, and other rights-of-way.

Any changes in the existing street layout shall be in accord with the General Plan, the objectives of this Plan, and the City's design standards, shall be effectuated in the manner prescribed by state and local law, and shall be guided by the following criteria:

1. A balancing of the needs of proposed and potential new developments for adequate pedestrian and vehicular access, vehicular parking, and delivery loading docks with similar needs of existing developments proposed or potentially proposed to remain. Such balancing shall take into consideration the rights of existing owners under the participation and preferences rules adopted by the Agency for the appropriate constituent project or the 2006 Merged Project, and any participation agreements executed thereunder;
2. The requirements imposed by such factors as topography, traffic safety and aesthetics;
3. The potential need to serve not only the 2006 Merged Project Area and new or existing developments, but to also serve areas outside the 2006 Merged Project Area by providing convenient, efficient vehicular access and movement; and
4. The potential need or desire to accommodate the facilities and/or equipment of mass transportation modes.

The public rights-of-way may be used for vehicular and/or pedestrian traffic, as well as for public improvements, public and private utilities, and activities typically found in public rights-of-way. In addition, all necessary easements for public uses, public facilities, and public utilities may be retained, amended or created.

## **2. [Section 405] Other Public, Semi-Public Institutional and Non-Profit Uses**

In any area the Agency is authorized to permit the maintenance, establishment or enlargement of public, semi-public, institutional, or non-profit uses, including park and recreational facilities, libraries, educational, fraternal, employee, philanthropic, religious and charitable institutions, utilities, railroad right-of-way, and facilities of other similar associations or organizations. All such uses shall conform so far as possible to the provisions of this Plan applicable to the uses in the specific area involved. The Agency may impose such other reasonable restrictions as are necessary to protect the development and uses in the 2006 Merged Project Area.

### **D. [Section 406] Conforming Properties**

The Agency may, at its sole and absolute discretion, determine that certain real properties within either constituent project area meet the requirements of this Plan, and the owners of such properties may be permitted to remain as owners of conforming properties without a participation agreement with the Agency, provided such owners continue to operate, use, and maintain the real properties within the requirements of this Plan. A certificate of conformance to this effect may be issued by the Agency and recorded. An owner of a conforming property may be required by the Agency to enter into a participation agreement with the Agency in the event that such owner desires to (1) construct any additional improvements or substantially alter or modify existing structures on any of the real property described above as conforming; or (2) acquire additional property within the constituent project area.

### **E. [Section 407] Interim Uses**

Pending the ultimate development of land by developers and participants, the Agency is authorized to use or permit the use of any land in the 2006 Merged Project Area for interim uses not in conformity with the uses permitted in this Plan. Such interim use shall conform to all applicable City codes.

### **F. [Section 408] Nonconforming Uses**

The Agency is authorized to permit an existing use to remain in an existing building in good condition, which use does not conform to the provisions of this Plan, provided that such use is generally compatible with existing and proposed developments and uses in the constituent project area in which it is located, and abatement of such uses is not required by applicable City codes. The owner of such a property may be required to enter into a participation agreement, to record a covenant of restrictions against the property, and agree to the imposition of such reasonable restrictions as may be necessary to protect the development and uses in the constituent project area.

The Agency may authorize additions, alterations, repairs or other improvements in a constituent project area for uses which do not conform to the provisions of this Plan where such improvements are within a portion of the constituent project area where, in the determination of the Agency, such improvements would be compatible with surrounding and constituent project area uses and development and are permitted under applicable City codes.

### **G. [Section 409] General Controls and Limitations**

All real property in the 2006 Merged Project Area is hereby made subject to the controls and requirements of this Plan. No real property shall be developed, rehabilitated, or otherwise changed after the effective date of the ordinance adopting this Plan, except in conformance with the provisions of this Plan.

**1. [Section 410] Construction**

All construction in the 2006 Merged Project Area shall comply with all applicable state and local laws in effect from time to time.

In addition to applicable codes, ordinances, or other requirements governing development in the 2006 Merged Project Area, additional specific performance and development standards may be adopted by the Agency to control and direct redevelopment activities within a constituent project area or the 2006 Merged Project Area, including property rehabilitation standards adopted pursuant to Section 329 hereof, and one or more Design Guides adopted pursuant to Section 420 hereof.

**2. [Section 411] Limitation on the Number of Buildings**

The approximate number of buildings in the constituent project areas shall not exceed the maximum numbers allowed under the densities permitted under the City's General Plan, as implemented and applied by local codes and ordinances.

**3. [Section 412] Number of Dwelling Units**

The number of dwelling units in the constituent project areas shall not exceed the maximum numbers allowed under the densities permitted under the City's General Plan, as implemented and applied by local codes and ordinances.

**4. [Section 413] Limitations on Type, Size and Height of Buildings**

Except as set forth in other sections of this Plan, the type, size, and height of buildings shall be as limited by the applicable federal, state and local statutes and ordinances.

**5. [Section 414] Open Spaces, Landscaping, Light, Air and Privacy**

The approximate amount of open space to be provided in the 2006 Merged Project Area is the total of all area which will be in the public rights-of-way, the public grounds, spaces around buildings; and all other outdoor areas not permitted to be covered by buildings. Landscaping plans may be required to be submitted to the Agency for review and approval to ensure that landscaping be developed to ensure optimize the use of living plant material in the 2006 Merged Project Area.

In all areas, sufficient space shall be maintained between buildings to provide adequate light, air and privacy.

**6. [Section 415] Signs**

All signs shall conform to City requirements and Agency sign policy as may be amended from time to time and supplemented by design guidelines. Design of all proposed new signs shall be submitted prior to installation to the Agency and/or City for review and approval pursuant to the procedures permitted by this Plan.

**7. [Section 416] Utilities**

The Agency shall require that all utilities be placed underground whenever physically possible and economically feasible.

**8. [Section 417] Incompatible Uses**

No use or structure which in the Agency's opinion would, by reason of appearance, traffic, smoke, glare, noise, odor, or similar factors, be incompatible with the surrounding areas or structures shall be permitted in any part of the 2006 Merged Project Area.

**9. [Section 418] Subdivision of Parcels**

No parcels in the 2006 Merged Project Area, including any parcel retained by a participant, shall be consolidated, subdivided or re-subdivided without the approval of the appropriate City body, and, if necessary for purposes of this Plan, the Agency.

**10. [Section 419] Minor Variations**

The Agency is authorized to permit minor variations from the limits, restrictions and controls established by this Plan. In order to permit any such variation, the Agency must determine that:

- a. The application of certain provisions of the Plan would result in practical difficulties or unnecessary hardships inconsistent with the general purpose and intent of the Plan.
- b. There are exceptional circumstances or conditions applicable to the property or to the intended development of the property which do not apply generally to other properties having the same standards, restrictions, and controls.
- c. Permitting a variation will not be materially detrimental to the public welfare or injurious to property or improvements in the area.
- d. Permitting a variation will not be contrary to the objectives of the Plan.

No such variation shall be granted which permits other than a minor departure from the provisions of this Plan. In permitting any such variation, the Agency shall impose such conditions as are necessary to protect the public health, safety, or welfare, and to assure compliance with the purposes of this Plan. Any such variation permitted by the Agency hereunder shall not supersede any other approval required under City codes and ordinances.

**H. [Section 420] Design Guide**

Within the limits, restrictions, and controls established in this Plan, the Agency is authorized to establish heights of buildings, land coverage, setback requirements, design and sign criteria, traffic circulation, traffic access, parking, and other development and design controls necessary for proper development and use of both private and public areas within any constituent project in the 2006 Merged Project Area. These may be established by the approval of specific developments, by the adoption of general restrictions and controls by resolution of the Agency, or by the adoption of one or more Design Guides pursuant to this Section.

No new improvement shall be constructed and no existing improvement shall be substantially modified, altered, repaired, or rehabilitated except in accordance with architectural, landscape, and site plans submitted to and approved in writing by the Agency unless allowed pursuant to the procedures of Section 421 hereof. One of the objectives of this Plan is to create an attractive and pleasant environment in the 2006 Merged Project Area. Therefore, such plans shall give consideration to good design, open space, and other amenities to enhance the aesthetic and architectural quality of the affected constituent project area. The Agency shall not approve any plans that do not comply with this Plan.

**I. [Section 421] Building Permits**

No permit shall be issued for the construction of any new building or any addition, construction, moving, conversion or alteration to an existing building in the 2006 Merged Project Area from the date of-adoption of this Plan until the application for such permit has been processed in the manner provided hereinbelow. Any permit that is issued hereunder must be in conformance with the provisions of this Plan, any Design Guide adopted by the Agency, any restrictions or controls established by resolution of the Agency, and any applicable participation or other agreement.

The Agency is authorized to establish permit procedures and approvals in addition to those set forth above where required for purposes of this Plan. A building permit shall be issued only after the applicant for same has been granted all approvals required by the City and the Agency at the time of application.

**V. [Section 500] METHOD OF FINANCING THE MERGED PROJECT**

**A. (Section 501) General Description of the Proposed Financing Method**

The Agency is authorized to finance the 2006 Merged Project with tax increment funds; interest income; Agency bonds; donations; loans from private financial institutions; the lease or sale of Agency-owned property; owner participant or developer loans; use or transient occupancy taxes; participation in development; or with financial assistance from the City, State of California, the federal government, or any other available source, public or private.

The Agency is also authorized to obtain advances, borrow funds, issue bonds, and create indebtedness in carrying out this Plan. The principal and interest on such indebtedness may be paid from tax increments or any other funds available to the Agency. The City, as it is able, may also supply additional assistance through issuance of bonds, loans and grants and in-kind assistance.

The City or any other public agency may expend money to assist the Agency in carrying out the 2006 Merged Project. As available, gas tax funds or other legally available funds from the state and county may be used for street improvements and public transit facilities. All or a portion of the parking may be installed through a parking authority or other public or private entities.

Any other loans, grants, guarantees, or financial assistance from the United States, the State of California, or any other public or private source will be utilized if available as appropriate in carrying out the Merged Project. In addition, the Agency may make loans as permitted by law to public or private entities for any of its redevelopment purposes.

Tax increment financing, as authorized by Section 502 of this Plan, is intended as a source of financing in combination with other sources of financing that may be available for specific 2006 Merged Project activities.

**B. [Section 502] Tax Increment Funds**

All taxes levied upon taxable property within the Constituent Projects within the 2006 Merged Project Area each year, by or for the benefit of the State of California, the County of Riverside, the City of Cathedral City, any district or any other public corporation (hereinafter sometimes called "taxing agencies") after the effective date of the ordinances approving the redevelopment plans for the Constituent Projects and any amendments adding territory thereto, shall be divided as follows:

1. That portion of the taxes which would be produced by the rate upon which the tax is levied each year by or for each of said taxing agencies upon the total sum of the assessed value of the taxable property within a constituent project area in the 2006 Merged Project Area as shown upon the assessment roll used in connection with the taxation of such property by such taxing agency, last equalized prior to the effective date of the applicable constituent project area's adoption ordinance, shall be allocated to and when collected shall be paid to the respective taxing agencies as taxes by or for said taxing agencies on all other property are paid (for the purpose of allocating taxes levied by or for any taxing agency or agencies which did not include the territory of a constituent project within the 2006 Merged Project on the effective date of such ordinance but to which such territory has been annexed or otherwise included after such effective date, the assessment roll of the County of Riverside last equalized on the effective date of said ordinance shall be used in determining the assessed valuation of the taxable property in that constituent project area on said effective date); and

2. Except as provided in subdivisions 3 and 4 below, that portion of said levied taxes each year in excess of such amount shall be allocated to and when collected shall be paid into a special fund of the Agency to pay the principal of and interest on bonds, loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed or otherwise) incurred by the Agency to finance or refinance, in whole or in part, the 2006 Merged Project. Unless and until the total assessed valuation of the taxable property within a constituent project area in the 2006 Merged Project Area exceeds the total assessed value of the taxable property in that constituent project area as shown by the last equalized assessment roll referred to in subdivision 1 hereof, all of the taxes levied and collected upon the taxable property in that constituent project area shall be paid into the funds of the respective taxing agencies. When said bonds, loans, advances and indebtedness, if any, and interest thereon, have been paid, all moneys thereafter received from taxes upon the taxable property in that constituent project area shall be paid to the respective taxing agencies as taxes on all other property are paid.
3. Any taxes allocated to the Agency from a constituent project area within the 2006 Merged Project Area shall be first used to comply with the terms of any bond resolution or other agreement pledging such taxes from that constituent project area if such indebtedness had been incurred by the Agency on account of such constituent project area prior to the constituent project's merger into the 2006 Merged Project.
4. That portion of the taxes in excess of the amount identified in subdivision 1 hereof which are attributable to a tax rate levied by a taxing agency for the purpose of producing revenues in an amount sufficient to make annual repayment of the principal of, and the interest on, any bonded indebtedness for the acquisition or improvement of real property shall be allocated to and when collected shall be paid into, the fund of that taxing agency. This subdivision 4 shall only apply to taxes levied to repay bonded indebtedness approved by the voters of the taxing agency on or after January 1, 1989.

The portion of taxes mentioned in subdivision 2 above as being allocated and paid to the Agency is hereby irrevocably pledged for the payment of the principal of and interest on the advance of moneys, or making of loans, or the incurring of any indebtedness (whether funded; refunded, assumed or otherwise) by the Agency to finance or refinance the 2006 Merged Project, in whole or in part.

The Agency is authorized to make such pledges as to specific advances, loans and indebtedness as appropriate in carrying out the 2006 Merged Project, subject to the limitations on allocation of taxes, debt creation, and bonded indebtedness contained in the Health and Safety Code and other applicable laws.

The portion of taxes divided and allocated to the Agency from Redevelopment Project Area Nos. 1 and 2 pursuant to subdivision 2 above shall not exceed a cumulative total of \$328,000,000 except by amendment of this Plan. Such limitation is exclusive of: (1) any payments to taxing agencies made by the Agency pursuant to Section 33607.5 of the Health and Safety Code; and (2) any payments to taxing agencies made by the Agency pursuant to agreements with the taxing agency adopted prior to January 1, 1994. This limit shall not apply to, include or prevent the Agency from incurring debt to be paid from the Low and Moderate Income Housing Fund established pursuant to Section 33334.3 of the Health and Safety Code, or any amounts required to fulfill the Agency's obligations under Section 33413 of the Health and Safety Code.

The portion of taxes divided and allocated to the Agency from Redevelopment Project Area No. 3 pursuant to subdivision 2 above shall not exceed a total of \$45,000,000 per annum except by amendment of this Plan. Such limitation is exclusive of: (1) any payments to taxing agencies made by the Agency pursuant to Section 33607.5 of the Health and Safety Code; and (2) any payments to taxing agencies made by the Agency pursuant to agreements with the taxing agency adopted prior to January 1, 1994. This limit shall not apply to, include or prevent the Agency from incurring debt to be paid from the Low and Moderate Income Housing Fund established pursuant to Section

33334.3 of the Health and Safety Code, or any amounts required to fulfill the Agency's obligations under Section 33413 of the Health and Safety Code.

**C. [Section 503] Agency Bonds**

The Agency is authorized to issue bonds from time to time, if it deems it appropriate to do so, in order to finance all or any part of the 2006 Merged Project

Neither the members of the Agency nor any persons executing the bonds are liable personally on the bonds by reason of their issuance.

The bonds and other obligations of the Agency are not a debt of the City, the State, or any of its political subdivisions and neither the City, the State, nor any of its political subdivisions is liable on them, nor in any event shall the bonds or obligations be payable out of any funds or properties other than those of the Agency; and such bonds and other obligations shall so state on their face. The bonds do not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction.

The amount of bonded indebtedness in Redevelopment Project Area Nos. 1 and 2 to be repaid in whole or part from the allocation of taxes described in subdivision 2 of Section 502 above which can be outstanding at any one time shall not exceed \$126,000,000 in principal amount, except by amendment of this Plan. Such limitation is exclusive of: (1) any principle payments to taxing agencies made by the Agency pursuant to Section 33607.5 of the Health and Safety Code; and (2) any principle payments to taxing agencies made by the Agency pursuant to agreements with the taxing agency adopted prior to January 1, 1994. This limit shall not prevent the Agency from issuing additional bonds in order to fulfill the Agency's obligations under Section 33413 of the Health and Safety Code.

The amount of bonded indebtedness in Redevelopment Project Area No. 3 to be repaid in whole or part from the allocation of taxes described in subdivision 2 of Section 502 above which can be outstanding at any one time shall not exceed \$400,000,000 in principal amount, except by amendment of this Plan. Such limitation is exclusive of: (1) any principle payments to taxing agencies made by the Agency pursuant to Section 33607.5 of the Health and Safety Code; and (2) any principle payments to taxing agencies made by the Agency pursuant to agreements with the taxing agency adopted prior to January 1, 1994. This limit shall not prevent the Agency from issuing additional bonds in order to fulfill the Agency's obligations under Section 33413 of the Health and Safety Code.

**D. [Section 504] Time Limits on Establishment of Indebtedness**

The time limits on the establishment of indebtedness in the 2006 Merged Project Area were eliminated from the Constituent Plans on November 5, 2003, and April 26, 2006, by Ordinance Nos. 582 and 621, respectively.

**E. [Section 505] Statutory Payments to Affected Taxing Entities**

To the extent applicable, and in the amounts and manner provided therein, the Agency shall annually pay to 2006 Merged Project Area affected taxing entities the payments required by Section 33607.7 of the Health and Safety Code.

**F. [Section 506] Time Limits on Receipt of Tax Increment**

The Agency may not receive and shall not repay indebtedness with the proceeds from property taxes received pursuant to Section 33670 of the Health and Safety Code and Section 502 of this Plan beyond the following dates for the areas indicated, except to repay debt to be paid from the Low and Moderate income Housing Fund established pursuant to Section 33334.3 of the Health and Safety Code and Section 335 of this Plan, or debt established in order to fulfill the Agency's obligations under Section 33413 of the Community Redevelopment Law and Sections 333 and 336 of this Plan:

1. For indebtedness to be repaid from any tax increment revenues received from Redevelopment Project Area No. 1: November 28, 2043; and
2. For indebtedness to be repaid from any tax increment revenues received from Redevelopment Project Area No. 2: November 8, 2036.
3. For indebtedness to be repaid from any tax increment revenues received from Redevelopment Project Area No. 3: November 29, 2036.

## **VI. [Section 600] ACTIONS BY THE CITY**

The City shall aid and cooperate with the Agency in carrying out this Plan and shall take all actions necessary to ensure the continued fulfillment of the purposes of this Plan and to prevent the recurrence or spread in the area of conditions causing blight. Actions by the City may include, but are not limited to, the following:

1. Institution and completion of proceedings for opening, closing, vacating, widening, or changing the grades of streets, alleys, and other public rights-of-way, and for other necessary modifications of the streets, the street layout, and other public rights-of-way in the 2006 Merged Project Area. Such action by the City shall include the requirement of abandonment, removal, and relocation by the public utility companies of their operations in public rights-of-way as appropriate to carry out this Plan, provided that nothing in this Plan shall be construed to require the cost of such abandonment, removal, and relocation be borne by others than those legally required to bear such costs.
2. Institution and completion of proceedings necessary for changes and improvements in private and publicly-owned public utilities within or affecting the 2006 Merged Project Area.
3. Revision of the Zoning Ordinance or adoption of specific plans as appropriate within the 2006 Merged Project Area to permit the land uses and development authorized by this Plan.
4. Imposition wherever necessary (by covenants or restrictions, conditional use permits or other means) of appropriate controls within the limits of this Plan upon parcels in the 2006 Merged Project Area to ensure their proper development and use.
5. Execution of statutory development agreements where necessary and appropriate to facilitate developments approved by the Agency.
6. Provision for administrative enforcement of this Plan by the City after development.
7. Performance of the above actions, and of all other functions and services relating to public health, safety, and physical development normally rendered in accordance with a schedule which will permit the redevelopment of the 2006 Merged Project Area to be commenced and carried to completion without unnecessary delays.
8. Provision of services and facilities and the various officials, offices and departments of the City for the Agency's purposes under this Plan.
9. Provision of financial assistance in accordance with Section 500 of this Plan.
10. The undertaking and completing of any other proceedings necessary to carry out the 2006 Merged Project.

The foregoing actions to be taken by the City may involve financial outlays by the City, but do not constitute a commitment to make such outlays.

**VII. [Section 700] ENFORCEMENT**

The administration and enforcement of this Plan, including the preparation and execution of any documents implementing this Plan, shall be performed by the Agency and/or the City.

The provisions of this Plan or other documents entered into pursuant to this Plan may also be enforced by court litigation instituted by either the Agency or the City. Such remedies may include, but are not limited to, specific performance, damages, re-entry, injunctions, or any other remedies appropriate to the purposes of this Plan. In addition, any recorded provisions which are expressly for the benefit of owners of property in a constituent project within the 2006 Merged Project Area may be enforced by such owners.

**VIII. [Section 800] DURATION OF THIS PLAN'S EFFECTIVENESS**

Except for the non-discrimination and non-segregation provisions imposed by the Agency which shall run in perpetuity, and the affordable housing covenants imposed by the Agency which shall continue in effect for a period as may be determined and specified by the Agency, the provisions of this Plan shall be effective, and the provisions of other documents formulated pursuant to this Plan may be made effective for the time periods indicated below; provided, however, that, subject to the limitations and exceptions thereto set forth in Sections 504 and 506 of this Plan, the Agency may issue bonds and incur obligations pursuant to this Plan which extend beyond the termination dates below, and in such event, this Plan shall continue in effect for the purpose of repaying such bonds or other obligations until the dates of retirement of such bonds or other obligations. The provisions of this Plan shall be effective:

1. For Redevelopment Project Area No. 1: July 9, 2033;
2. For Redevelopment Project Area No. 2: November 28, 2026; and
3. For Redevelopment Project Area No. 3: November 29, 2026

**IX. [Section 900] PROCEDURE FOR AMENDMENT**

This Plan may be amended by means of the procedure established in the Health and Safety Code, or by any other procedure hereafter established by law.

**X. [Section 1000] SEVERABILITY**

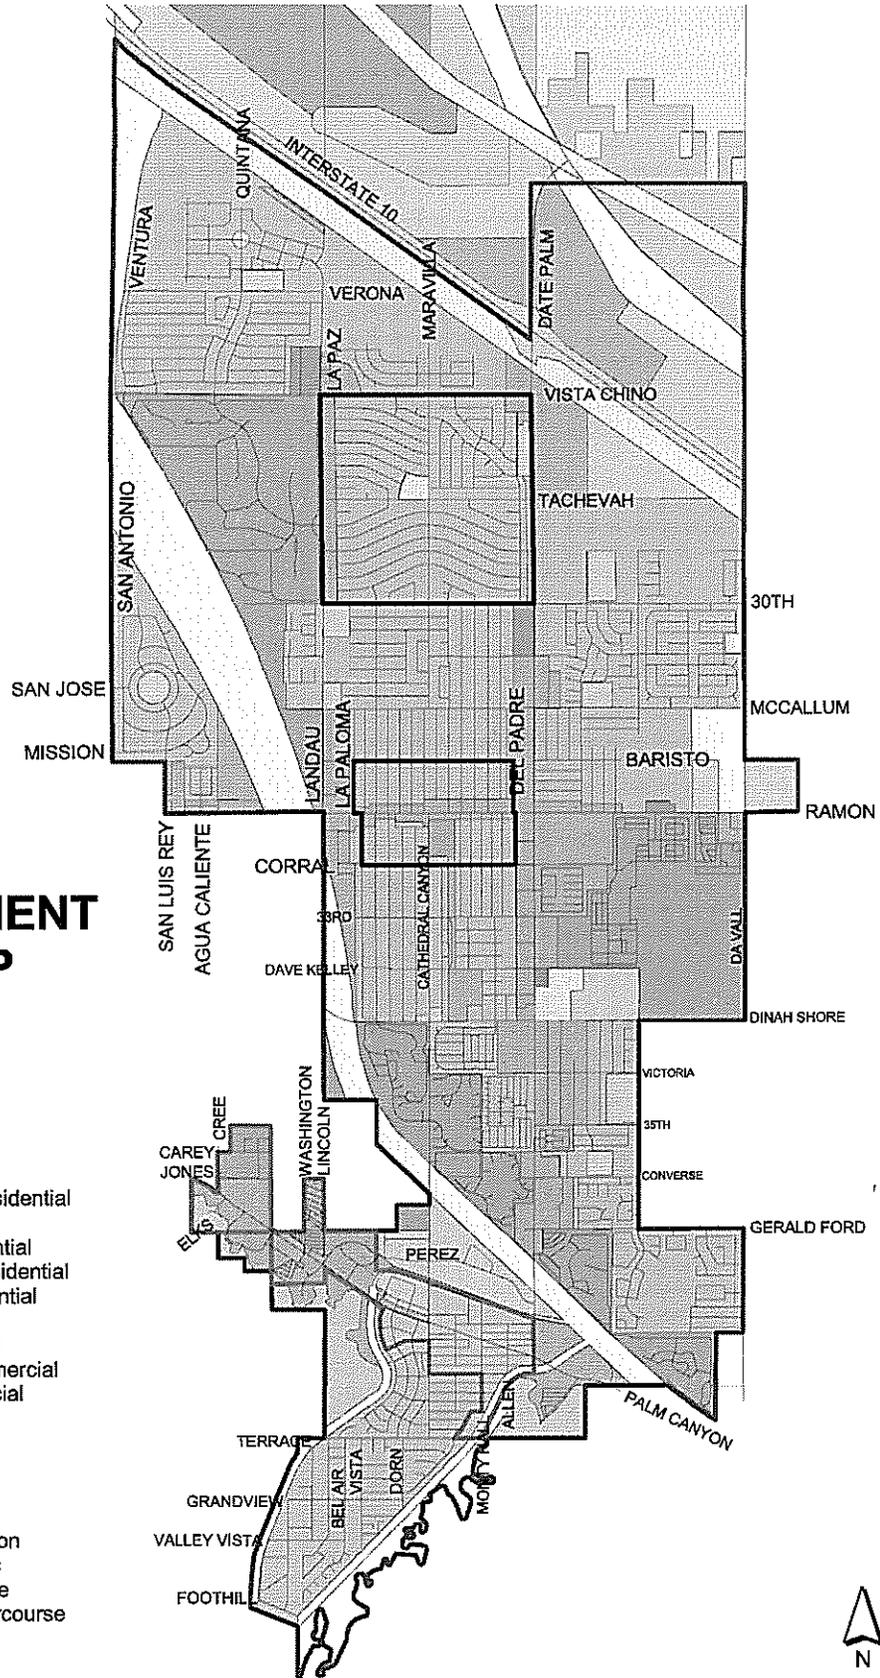

If any provision, section, subsection, subdivision, sentence, clause or phrase of this Plan is for any reason held to be invalid, unenforceable, or unconstitutional, such decision shall not affect the validity and effectiveness of the remaining portion or portions of the Plan. In the event that any portion of any constituent project area within the 2006 Merged Project Area shall be determined to have been invalidly or incorrectly included in the constituent project area that is the subject of this Plan, such portion of the constituent project area shall be deemed severable from the remainder of the constituent project area which shall remain fully subject to the provisions of this Plan.

### Redevelopment Project Area No. 1

#### Legal Description

Those portions of Section 29, 32, and 33, T4S, R5E, San Bernardino Base Line and Meridian, all in the county of Riverside, State of California, described as follows:

The true point of beginning of this description being the Northwest corner of section 33, T4S, R5E, San Bernardino Base Line Meridian;

1. Thence N. 89° 36' 45" E., 1308.98 feet on the north line of said Section 33 to the Northwest Corner of Tract 3627 as shown on Map Book 59, Page 11;
2. Thence S. 00° 02' 15" E., 960.03 feet on the West line of said Tract 3627 and its Southerly extension to a point on the Southerly line of a parcel conveyed to the Riverside County Flood Control & Water Conservation District January 10, 1975 as instrument no. 3721;
3. Thence S. 83° 10' 36" E., 467.17 feet on said Southerly line;
4. Thence Southeasterly along a tangent curve bearing to the right having a central angle of 13° 03' 58", a radius of 420.50 feet and an arc length of 95.89 feet;
5. Thence S. 74° 45' 20" E., 80.26 feet on said Southerly line;
6. Thence S. 70° 06' 38" E., 20.33 feet on said Southerly line to a point on the Southerly right-of-way line of the Riverside County Flood Control District Channel as shown in Record of Survey Book 54, Page 14;
7. Thence Southeasterly along the said Southerly right-of-way line, through all its various courses, to its point of intersection with the East line of said Section 33, also being the centerline of Date Palm Drive;
8. Thence S. 00° 05' 00"W., 1,169.54 feet along said East line of said Section 33 to its point of intersection with the centerline of "C" Street as shown on Map Book 13, Page 24;
9. Thence N. 89° 54' 00" W., 662.00 feet, along the centerline of "C" Street to its intersection with the centerline of Allen Avenue.
10. Thence S. 00° 06' 00" W., 230.00 feet, along the centerline of Allen Avenue to its intersection with the centerline of "D" Street;
11. Thence N. 89° 54' 00" W., 1,980.00 feet along the centerline of "D" Street to a point on the East line of the West half of said Section 33, said line lying within the right-of-way of Cathedral Canyon Drive;
12. Thence N. 00° 06' 00" E., 865.00 feet along said East line of the West half of section 33, to its intersection 33, to its intersection with the centerline of Tahquitz Road as shown on Map Book 22, Page 67;
13. Thence N. 89° 54' 00" W., 499.16 feet along the centerline of Tahquitz Road;
14. Thence along a tangent curve bearing to the left, having a central angle of 26° 24' 00", a radius of 450 feet, and arc length of 207.35 feet;
15. Thence S. 63° 42' 00" W., 416.91 feet along the centerline of Tahquitz Road to its intersection with the centerline of Bankside Drive as shown on Map Book 33, Page 83;
16. Thence Northwesterly along a curve coinciding with the centerline of Bankside Drive to the right, having a central angle of 29° 39' 40" a radius of 1,560 feet, and an arc length of 807.59 feet;
17. Thence continuing along the centerline of Bankside Drive along a tangent curve bearing to the right having a central angle of 24° 44' 10" a radius of 370 feet and an arc length of 159.74 feet;

18. Thence N. 28° 05' 50" E., 115.88 feet along the centerline of Bankside Drive to a point on the Southwesterly right-of-way line of State Highway No. 111;
19. Thence Northwesterly along the said Southwesterly right-of-way line of the State Highway No. 111 through all its various courses to its point of intersection with the East line of said Section 32;
20. Thence S. 0° 10' 27" W., 382.27 feet, along said East line of Section 32 to the Southeast corner of the Northeast quarter of the Northeast quarter of said Section 32;
21. Thence Westerly along the South line of said Northeast quarter of the Northeast quarter of the Northeast quarter of Section 32 to the Southwest corner thereof;
22. Thence Northerly along the West line of said Northeast quarter of the Northeast quarter of Section 32 to its point of intersection with the South line of said Section 29;
23. Thence Westerly along the South line of said Section 29 to the Southeast corner of Lot 27, as shown on map in Book 14, Page 652, Records of the Recorder, County of San Diego, California.
24. Thence Northerly, along the East line of said Lot 27, to the Northeast thereof;
25. Thence Easterly, along the South line of Lot 21, to its point of intersection with the South right-of-way line of State Highway No. 111, as shown on Record of Survey Book 30, page 87;
26. Thence Southeasterly, along said Southerly right-of-way line, to the West line of lot 29;
27. Thence Northerly along the West line of Lots 29 and 20 to a point that bears S. 0° 12' 00" W., 645.27 feet from the Northwest corner of said Lot 20;
28. Thence Easterly, parallel with the Northerly line of said Lot 20, 331.6 feet more or less;
29. Thence Northerly to the North line of said Lot 20;
30. Thence Easterly along the South line of the Northeast quarter of Section 29, to the West line of Lot 18;
31. Thence S. 00°15' 57" W., 1, 312, 29 feet along West line of said Lot 18 to the Southwest corner of said Lot 18, also being the Northwest corner of said Lot 31;
32. Thence S. 00° 10' 39" W., 1, 263.18 feet along the West line of said Lot 31 to the Northerly right-of-way line of State Highway No. 111, (80 feet in width);
33. Thence S. 55° 31' 51" E., 165.14 feet along said Northerly right-of-way line to the South line of said Lot 31;
34. Thence N. 89° 55' 08" E., 700.58 feet along the South line of said Lots 31 and 32;
35. Thence N. 00° 05' 00" E., 1,332.60 feet to the North Line of said Lot 32;
36. Thence S. 88° 25' 08" E., 494.71 feet more or less along the North line of said Lot 32 to the Northwest corner of said Lot 32, said point being in the West line of said Section 28, T4S. R35;
37. Thence Southerly along the West line of said Section 28 to the Southwest corner thereof, said Southwest corner being the true point of beginning of this description.

## Exhibit "B-2"

### Redevelopment Project Area No. 2

#### Legal Description

Beginning at the Southwest corner of Section 9, Township 4 South, Range 5 East, San Bernardino Base and Meridian, according to the Government Survey thereof, said point being the centerline intersection of 30th Avenue, and Landau Boulevard; thence North  $0^{\circ}59'10''$  West 5,252.67 feet along the West line of said Section 9, also being the centerline of said Landau Boulevard, to the Northwest corner of said Section 9; said point being the centerline intersection of said Landau Boulevard and Vista Chino; thence North  $89^{\circ}53'36''$  East 5,305.36 feet along the North line of said Section 9, also being the centerline of said Vista Chino, to the Northeast corner of said Section 9, said point being the centerline intersection of said Vista Chino and Date Palm Drive; Thence South  $0^{\circ}52'39''$  East 5,256.24 feet along the East line of said Section 9, also being the centerline of said Date Palm Drive, to the Southeast corner of said Section 9, said point being the centerline intersection of said Date Palm Drive and previously said 30th Avenue; thence South  $89^{\circ}56'00''$  West 5,295.93 feet, more or less, along the South line of said Section 9, also being the centerline of said 30th Avenue, to the Southwest corner of said Section 9, said corner being the point of beginning.

Beginning at the Southeast corner of Section 16, Township 4 South, Range 5 East, San Bernardino Base and Meridian, according to the Government Survey thereof, said point being the centerline intersection of Date Palm Drive and Ramon Road; thence South  $89^{\circ}51'00''$  West 521.82 feet along the South line of said Section 16, also being the centerline of said Ramon Road, to the centerline intersection of said Ramon Road and Avenida Los Minos (60 feet wide) as shown on a map of Palm Springs Highlands Unit No. 1, recorded in Book 36, pages 45, 46, and 47 of Maps, Records of the County of Riverside, State of California, said point of intersection being the True Point of Beginning; thence North  $89^{\circ}51'00''$  East 71.82 feet, more or less, along said South line of said Section 16 and said centerline of Ramon Road to a point of intersection with the centerline of Rancho Vista Drive (formerly Desert View Drive) (60 feet wide) as shown on a map of Rancho Vista Estates, recorded in Book 21, page 79 of Maps, Records of the County of Riverside, State of California; thence South  $0^{\circ}20'$  East 1,320.06 feet along the centerline of said Rancho Vista Drive to a point of intersection with the centerline of Corral Road (60 feet wide), said centerline of Corral Road also being the *South line* of the North one-half of the North one-half of Section 21, Township 4 South, Range 5 East, San Bernardino Base and Meridian; thence South  $89^{\circ}48'10''$  West 3,024.64 feet along said South line and said centerline of Corral Road to a point of intersection with the southerly prolongation of the East line of Palm Springs Outpost, recorded in Book 21, page 30 and 31 of Maps, Records of the County of Riverside, State of California; thence North  $0^{\circ}20'50''$  West 41.90 feet, more or less, leaving said South line and said centerline of Corral Road, along said prolongation to a point of intersection with the centerline of Mission Indian Trail (60 feet wide) as shown on said map of Palm Springs Outpost; thence South  $89^{\circ}51'00''$  West 850.00 feet along said centerline of Mission Indian Trail to a point of intersection with the centerline of Shifting Sands Trail (60 feet wide); thence North  $0^{\circ}20'50''$  West 1,280.00 feet along the centerline of said Shifting Sands Trail to a point of intersection with the centerline of previously said Ramon Road, said centerline of Ramon Road also being the said South line of Section 16; thence South  $89^{\circ}51'00''$  West 184.47 feet, more or less, along said centerline of Ramon Road and said South line of Section 16, to a point of intersection with the centerline of Avenida La Paloma (60 feet wide), said point of intersection being distant North  $89^{\circ}51'00''$  East 792.67 feet from the Southwest corner of said Section 16, as shown on a map of Rancho Ramon, recorded in, Book 21, Page 40 of Maps, Records of the County of Riverside, State of California; thence North  $0^{\circ}03'30''$  East 1320.00 feet along said centerline of Avenida La Paloma to a point of intersection with the centerline of Baristo Road (60 feet wide), said centerline also being the North line of the South one-half of the South one-half of said Section 16; thence North  $89^{\circ}51'00''$  East 3,986.03 feet, along said North line and said centerline of Baristo Road, to a point of intersection with the centerline of

previously mentioned Avenida Los Ninos; thence South 1320.00 feet, leaving said centerline of Baristo Road and said North line, along the centerline of said Avenida Los Ninos to a point of intersection with the centerline of previously mentioned Ramon Road, also being the South line of said Section 16, said point of intersection being the True Point of Beginning.

**Redevelopment Project Area No. 2**

**Legal Description**

**LEGAL DESCRIPTION  
CATHEDRAL CITY REDEVELOPMENT AGENCY  
PROJECT AREA NO. 3  
CITY OF CATHEDRAL CITY**

This Legal Description is to be used in conjunction with the Boundary Map of Cathedral City Redevelopment Agency, Project Area No. 3. The course numbers on the description correspond with the course numbers shown on the Boundary Map.

All that certain real property in the City of Cathedral City, County of Riverside, State of California described as follows:

**PARCEL 1**

P.O.B.

The point of beginning of this description being the southeast corner of Section 9, T5S, R5E, San Bernardino Base and Meridian; thence

1. westerly from the southeast corner of Section 9, said corner also being the southwest corner of Section 10, along the South line of Section 9 to the southwest corner thereof, said course also being coincident with the boundary of the City of Palm Springs, California; thence
2. northerly along the East line of said Section 8, T5S, R5E, SBM, to the southeast corner of said Section. 5; thence
3. North 0° 12' 15" East along the East line of said Section 5, a distance of 653.97 feet, more or less, to a point of intersection with the southeasterly prolongation of the South line of Lot 37 of the Cathedral Canyon Vista Subdivision as shown on map in Book 28, Page 100 of Maps, Records of the Recorder, County of Riverside, California; thence
4. North 67° 51' West, along the South line of said Tract, Cathedral Canyon Vista Subdivision, as shown in said Map Book 28, Page 100, a distance of 1335.35 feet, more or less, to the westerly Right-of-Way line of the Riverside County Flood Control Channel; thence
5. northerly and northeasterly, along the said westerly line of the Riverside County Flood Control Channel, through all of its various courses, to a point of intersection with the East line of said Section 5, T5S, R5E, SBM; thence
6. northerly along the said East line of Section 5, to the northeast corner thereof; said northeast corner also being a point on the South line of Section 32; thence
7. easterly along the South line of said Section 32, to the southeast corner of said Section 32, T4S, R5E, SBM; thence
8. northerly along the East line of said Section 32, T4S, R5E, SBM, to the northeast corner of the South half of the southeast quarter of the northeast quarter of said

Section 32, T4S, R5E, SBM; thence

9. westerly along the North line of the said South half of the southeast quarter of the northeast quarter, of said Section 32, to the northwest corner thereof, said northwest corner also being a point on the East line of the West half of the northeast quarter of said Section 32; thence
10. northerly, along the said East line of the West half of the northeast quarter of Section 32, to the southwest corner of the northeast quarter of the northeast quarter of said Section 32; thence
11. easterly along the South line of said northeast quarter of the northeast quarter of said Section 32 to the southeast corner thereof; thence
12. North  $0^{\circ} 10' 27''$  East 382.27 feet along said East line of Section 32 to a point in the southwesterly Right-of-Way line of State Highway No. 111; thence
13. southeasterly along the said southwesterly Right-of-Way line of said State Highway No. 111 thru all its various courses to its intersection with the centerline of Bankside Drive; thence
14. South  $28^{\circ} 05' 50''$  West 115.88 feet along said centerline to the beginning of a tangent curve bearing to the left; thence
15. continuing along the centerline of Bankside Drive on said curve thru a central angle of  $24^{\circ} 44' 10''$  a radius of 370 feet and an arc length of 159.74 feet; thence
16. continuing southeasterly along a curve coinciding with the centerline of Bankside Drive along a tangent curve bearing to the left having a central angle of  $29^{\circ} 39' 40''$ , a radius of 1,560 feet and an arc length of 807.59 feet to its intersection with the centerline of Tahquitz Road as shown on Map Book 22, Page 67 of Records of said County; thence
17. North  $63^{\circ} 42' 00''$  East, 416.91 feet along the centerline of Tahquitz Road to the beginning of a tangent curve bearing to the right; thence
18. along said curve having a central angle of  $26^{\circ} 24' 00''$  a radius of 450 feet, and an arc length of 207.35 feet; thence
19. continuing along the centerline of Tahquitz Road South  $89^{\circ} 54' 00''$  East 499.16 feet to its intersection with the East line of the West half of Section 33, T4S, R5E, SBB&M; thence
20. South  $00^{\circ} 06' 00''$  West 865.00 feet along said East line of Section 33 to its intersection with the "D" Street; thence
21. South  $89^{\circ} 54' 00''$  East 1,980.00 feet along the centerline to its intersection with the centerline of "D" Street to its intersection with the centerline of Allen Avenue; thence
22. North  $00^{\circ} 06' 00''$  East 230.00 feet along the centerline of Allen Avenue to its intersection with the centerline of "C" Street; thence
23. South  $89^{\circ} 54' 00''$  East 682.00 feet along the centerline of "C" Street to its intersection with the East line of said Section 33; thence
24. North  $00^{\circ} 05' 00''$  East 1,169.54 feet along said East line of said Section 33 to its intersection with the southerly Right-of-Way line of the Riverside County Flood Control District Channel as shown in Record of Survey, Book 54, Page 14, Records of said County; thence
25. northwesterly along said southerly Right-of-Way line through all its various courses to its intersection with the West line of Tract 3627 as shown on Map Book 59, Page 11, Records of said County; thence

26. North 00° 02' 15" West 1475.55 feet to its intersection with the South line of Section 28, T4S, R5E, SBBM; thence
27. North 89° 43' 42" East 539.70 feet along the South line of 28; thence
28. North 0° 08' 44" East, 659.63 feet; thence
29. North 89° 43' 15" East, 792.42 feet to a point in the center-line of Cathedral Canyon Drive, (88.00 feet wide) ; thence
30. North 0° 10' 25" East along said centerline of Cathedral Canyon Drive 267.11 feet to the southwesterly line of the Whitewater Channel as described in Instrument No. 42485, Recorded June 13, 1958, to the Coachella Valley County Water District; thence
31. North 46° 33' 25" West 1797.23 feet to a point in a curve having a radius of 3000 feet, a radial to said point bears North 43° 26' 35" East; thence
32. northwesterly along said curve concaved southwesterly, an arc distance of 18.56 feet, having a central angle of 0° 21' 16" to a point on the East line of the northwest quarter of the southwest quarter of Section 28, T4S, R5E, a radial to said point bears North 43° 05' 19" East; thence
33. northerly along the East line of the West half of-the West half of Section 28, to the northeast corner of the South half of the southwest quarter of the northwest quarter of said Section 28; thence
34. westerly along the North line of the South half, of the southwest quarter, of the northwest quarter to the northwest corner thereof; thence
35. northerly along the westerly lines of Section 28 and Section 21, T4S, R5E, to the northwest corner of Section 21; thence
36. westerly along the southerly line of Section 17, to the southeast corner of the southwest quarter of the southwest quarter of said Section 17; thence
37. northerly along the easterly line of said southwest quarter of the southwest quarter of Section 17, to the northeast corner of said southwest quarter of the southwest quarter of Section 17; thence
38. westerly along the northerly line of said southwest quarter of the southwest quarter of Section 17, to the northwest corner of said southwest quarter of the southwest quarter of Section 17; thence
39. northerly along the westerly lines of Section 17 and Section 8 to the northwest corner of Section B, T4S, R5E, said point also being a corner on the boundary of the City of Palm Springs, California; thence
40. continuing northerly along the westerly lines of Section 3, T4S, R5E, and Section 32, T3S, R5E to an intersection with the southerly Right-of-Way line of existing Interstate High-way No. 10; thence
41. southeasterly along said southerly Right-of-Way line of said Interstate Highway No. 10 through all of its various courses to its intersection with the westerly Right-of-Way line of Date Palm Avenue; thence
42. North 0° 55' 18" East 3638.70 feet along said westerly Right-of-Way to a point of tangent curve; thence
43. northeasterly along an arc of curve, concave to the right, having a radius of 1625 feet, through a central angle of 14° 56' 58", a distance of 423.99 feet to a point of intersection with the westerly line of said Section 3; thence
44. North 0' 55' 18" East along said Section line, a distance of 356.01 feet to the

- northwest corner of said Section 3; thence
45. North 89° 34' 11" East 5,268.78 feet along the northerly line of said Section 3 to the northeast corner thereof; thence
  46. South 0° 50' 12" West 5,268.78 feet along the easterly line of said Section 3 to the southeast corner thereof, also being the northeast corner of said Section 10; thence
  47. South 0° 39' 48" East 2,418.22 feet along the easterly line of said Section ICY to the intersection with the southerly Right-of-Way line of Interstate Highway 10, also being the existing city limit; thence
  48. southerly along the East lines of Sections 10, 15 and 22 of T4S, R5E, to the northeast corner of Section 27, T4S, R5E, said northeast corner being a point on the westerly boundary of the City of Rancho Mirage, California; thence
  49. westerly along the North line of said Section 27 to the North quarter corner thereof; thence
  50. southerly along the North-South Center Section Line of Section 27, also being the centerline of Plumley Road, to the South quarter corner of said Section; thence
  51. easterly along the South line of said Section 27, to the northeast corner of Section 34, T4S, R5E; thence
  52. southerly along the East line of said Section 34 to the East one-quarter corner thereof; thence
  53. westerly along the North line of the East half of the south-east quarter of Section 34, to the northwest corner thereof; thence
  54. southerly along the West line of the East half of the south-east quarter of Section 34, to the northeasterly Right-of-Way line of the Whitewater Storm Channel; thence
  55. northwesterly along said Right-of-Way line to an intersection with the North line of the South half of the South half of Section 34; thence
  56. westerly along the North line of the South half of the South half of Section 34, to the northwest corner of the southeast quarter of the southwest quarter of Section 34; thence
  57. southerly along the West line of the southeast quarter of the southwest quarter of Section 34 to the southwest corner thereof, said corner being on the South line of Section 34, T4S, R5E, SBM; thence
  58. westerly along the southerly line of Section 34, to the southwest corner thereof; thence
  59. continuing westerly along the North line of Section 3, T5S, R5E, to the northwest corner thereof; thence
  60. southerly along the West lines of Sections 3 and 10, T5S, R5E, to the southwest corner of said Section 10, said southwest corner being the true point of beginning of this description and also being a corner of the boundary of the City of Palm Springs, California.

## **PARCEL 2**

P.O.B.

Beginning at the northeast corner of the south half of the south half of the northwest quarter of the northeast quarter of Section 32, T45, R5E, San Bernardino Base and Meridian; thence

1. westerly, along the North line of said South half of the South half of the Northwest quarter of the Northeast quarter of said Section 32, to a point of intersection with the East line of the West half of the Northwest quarter of the Northeast quarter of said Section 32; thence
2. northerly, along the said East line of the West half of the Northwest quarter of the Northeast quarter of said Section 32, to the Southeast corner of the Northwest quarter of the Northwest quarter of the Northeast quarter of said Section 32; thence
3. westerly, along the South line of the said Northwest quarter of the Northwest quarter of the Northeast quarter of said Section 32, to the Southwest corner thereof; thence
4. northerly, along the West line of the said Northwest quarter of the Northwest quarter of the Northeast quarter of said Section 32, to the South quarter corner of Section 29; thence
5. easterly along the South line of said Section 29 to its intersection with the West line of the Northeast quarter of the Northeast quarter of said Section 32; thence
6. southerly along said westerly line to the point of beginning.

EXCEPTING therefrom the following area being the Project Area No. 2 of City of Cathedral City Redevelopment Program.

## **Parcel 1**

Beginning at the Southeast corner of Section 16, Township 4 South, Range 5 East, San Bernardino Base and Meridian, according to the Government Survey thereof, said point being the centerline intersection of Date Palm Drive and Ramon Road; thence South 89° 51' 00" West 521.82 feet along the South line of said Section 16, also being the centerline of said Ramon Road, to the centerline intersection of said Ramon Road and Avenida Los Ninos (60 feet wide) as shown on a map of Palm Springs Highlands Unit No. 1, recorded in Book 36, pages 45, 46, and 47 of Maps, Records of the County of Riverside, State of California, said point of intersection being the True Point of Beginning; thence North 89° 51' 00" East 71.82 feet, more or less, along said South line of said Section 16 and said centerline of Ramon Road to a point of intersection with the centerline of Rancho Vista Drive (formerly Desert View Drive) (50 feet wide) as shown on a map of Rancho Vista Estates, recorded in Book 21, page 79 of Maps, Records of the County of Riverside, State of California; thence South 0° 20' East 1,320.08 feet along the centerline of said Rancho Vista Drive to a point of intersection with the centerline of Corral Road (60 feet wide), said centerline of Corral Road also being the South line of the North one-half of the North one-half of Section 21, Township 4 South, Range 5 East, San Bernardino Base and Meridian; thence South 89° 48' 10" West 3,024.64 feet along said South line and said centerline of Corral Road to a point of intersection with the southerly prolongation of the East line of Palm Springs Outpost, recorded in Book 21, page 30 and 31 of Maps, Records of the County of Riverside, State of California; thence North 0° 20' 0" West 41.90 feet, more or less, leaving said South line and said centerline of Corral Road, along said prolongation to a point of intersection with the centerline of Mission Indian Trail (60 feet wide) as shown on said map of Palm Springs Outpost; thence South 89° 51' 00" West 850.00 feet to said centerline of Mission Indian

Trail to a point of Intersection along with the centerline of Shifting Sands Trail (60 feet wide) ; thence North  $0^{\circ}20'50''$  west 1,280.00 feet along the centerline of said Shifting Sands Trail to a point of intersection with the centerline of previously said Ramon Road, said centerline of Ramon Road also being the said South line of Section 16; thence-South  $0^{\circ}51'00''$  West 184.47 feet, more or less, along said-centerline of Ramon Road and said South line of Section 16, to a point of intersection with the centerline of Avenida La Paloma (60 feet wide), said point of intersection being distant North  $89^{\circ}51'00''$  East 792.67 feet from the Southwest corner of said Section 16, as shown on a map of Rancho Ramon recorded in Book 21, Page 40 of Maps, Records of the County of Riverside, State of California; thence North  $0^{\circ}03'30''$  East 1320.00 feet along said centerline of Avenida La Paloma to a point of intersection with the center-line of Baristo Road (60 feet wide), said centerline also being the North line of the South one-half of the South one-half of said Section 16; thence North  $89^{\circ}51'00''$  East 3,985.03 feet, along said North line and said centerline of Baristo Road, to a point of intersection with the centerline of previously mentioned Avenida Los Ninos; thence South 1320.00 feet, leaving said centerline of Baristo Road and said North line, along the centerline of said Avenida Los Ninos to a point of intersection with the centerline of previously mentioned Ramon Road, also being the South line of said Section 16, said point-of intersection being the True Point of Beginning.

## Parcel 2

Beginning at the Southwest corner of Section 9, Township 4 South, Range 5 East, San Bernardino Base and Meridian, according to the Government Survey thereof, said point being the centerline intersection of 30th Avenue, and Landau Boulevard; thence North  $0^{\circ}59'10''$  West 5,252.67 feet along the West line of said Section 9, also being the centerline of said Landau Boulevard, to the Northwest corner of said Section 9, said point being the centerline intersection of said Landau Boulevard and Vista *Chino*; thence North  $89^{\circ}53'36''$  East 5,305.36 feet along the North line of said Section 9, also being the centerline of said Vista *Chino*, to the Northeast corner of said Section 9, said point being the centerline intersection of said Vista *Chino* and Date Palm Drive; Thence South  $0^{\circ}52'39''$  East 5,256.24 feet along the East line of said Section 9, also being the centerline of said Date Palm Drive, to the Southeast corner of said Section 9, said point being the centerline inter-section of said Date Palm Drive and previously said 30th Avenue; thence South  $89^{\circ}56'00''$  West 5,295.93 feet, more or less, along the South line of said Section 9, also being the centerline of said 30th Avenue, to the Southwest corner of said Section 9, said corner being the point of beginning.

and

EXCEPTING therefrom the following area deleted from the Project Area and added to Project Area No. 1 of the City of Cathedral City Redevelopment Program.

That portion of the Southeast quarter of Section 33, Township 4 South, Range 5 East, San Bernardino Meridian, all in the City of Cathedral City, County of Riverside, State of California, described as follows:

The True Point of Beginning of this description being the intersection of the east line of said Section 33, being also the centerline of Date Palm Drive, as shown on the map of Cathedral City, filed in Book 13, at Pages 24 through 26, of Maps, Riverside County, and the centerline of "C" Street, 40 feet wide, as shown on said map;

1. Thence, S.  $00^{\circ}05'00''$  W., along the said east Line of Section 33, a distance of 220 feet, more or less, to the-south line of the East Cathedral Canyon Channel, 200 feet wide, as described in the Deed to the Riverside County Flood Control District recorded on March 18, 1947, in Book 826 at Page 140 of Deeds, Official Records of Riverside County, and as shown on the map filed in Record of Survey Book 16, Page 31, Riverside County;

2. Thence, N. 89° 54' 00" W., a distance of 110.63 feet, more or less, along said south channel line to the beginning of a tangent curve concave southeasterly and having a radius of 700 feet;
3. Thence, southwesterly and southerly along said channel line through a central angle of 64° 09' 00" an arc distance of 783.74 feet;
4. Thence, S. 25° 57' 00" West along said channel line, 984.27 feet to the beginning of a tangent curve concave northwesterly and having a radius of 3,100 feet;
5. Thence, southerly and southwesterly along said curve through a central angle of 06° 51' 19" an arc distance of 370.91 feet to a point on the south line of said Section 33;
6. Thence, N. 89°57' 45" W. along said south line of Section 33, a distance of 251.27 feet to the westerly line of said East Cathedral Canyon Channel;
7. Thence, continuing N. 89° 57' 45" W., along the said south line of Section 33 a distance of 407.89 feet to a point on the centerline of Chuperosa Lane, as shown on the map of Cathedral City Highlands No. 4, recorded in Book 33, at Pages 21 and 22, of Maps, Riverside County, said centerline being a non-tangent curve concave northwesterly and having a radius of 2,580.35 feet;
8. Thence, northeasterly along the said centerline of Chuperosa Lane, through a central angle of 15° 15' 33" an arc distance of 687.20 feet;
9. Thence, continuing along the centerline of Chuperosa Lane, N. 25° 57' 00" E. a distance of 115.45 feet to the centerline of "H" Street, as shown on the map of Cathedral City Highlands No. 2, recorded in Book 25, at pages 76 and 77, of Maps, Riverside County;
10. Thence, S. 89° 54' 00" E., along the centerline of said "H" Street, a distance of 264.58 feet to the centerline of Van Fleet Avenue;
11. Thence, N. 00° 06' 00" E., along the centerline of Van Fleet Avenue, a distance of 250.00 feet to the centerline of San Jacinto Road, formerly "J" Street;
12. Thence, N. 00° 06' 00" E., continuing northerly along the centerline of said Van Fleet Avenue, as shown on the map of Cathedral City, filed in Book 13, at Pages 24 through 26, of Maps, Riverside County, a distance of 690 feet to the centerline of "D" Street;
13. Thence, S. 89° 54' 00" E., 660.00 feet, along the centerline of "D" Street, to the centerline of Allen Avenue, as shown on said map of Cathedral City;
14. Thence, N. 00° 06' 00" E., 230.00 feet along the centerline of Men Avenue to the centerline of "C" Street, as shown on said map of Cathedral City;
15. Thence, S. 89° 54' 00" E., 662.00 feet along the centerline of "C" Street to the east line of said Section 33, also being the centerline of Date Palm Drive, as shown on said map of Cathedral City, being the True Point of Beginning.

**EXHIBITS "C-1," "C-2" and "C-3"**

**PROPOSED PUBLIC IMPROVEMENTS AND FACILITIES PROJECTS**

**[PROPOSED PUBLIC IMPROVEMENTS]**

Note: This list of projects is set forth for planning purposes and shall not be deemed as a limitation on the Agency's authority to implement the Amended and Restated Redevelopment Plan.

**EXHIBIT "C-1"**

**Redevelopment Project Area No. 1**

**Redevelopment Agency of Cathedral City**

**PROPOSED PUBLIC IMPROVEMENTS AND FACILITIES PROJECTS  
FOR REDEVELOPMENT PROJECT AREA NO. 1**

**Street Improvements**

Construction, reconstruction, replacement, and rehabilitation of streets, sidewalks, curbs, gutters, grade separations, bridges, and underpasses, widening streets, and related improvements

**Storm Drains and Detention Basins**

Construction, reconstruction and replacement of storm drains and detention basins, and related improvements

**Traffic Improvements**

Installation, replacement and upgrading of traffic signals, poles, controllers and traffic detection, roadway striping, and related improvements

**Street Lighting Improvements**

Installation, replacement and improvement of street lights

**Street Median Landscaping**

Installation of trees, landscaping and irrigation systems in street medians

**Water/Sewer Improvements**

Construction, reconstruction and replacement of waterlines, mains and feeders to increase water supply and distribution, and construction, reconstruction and replacement of sewer lines, and related improvements

**Utility Undergrounding**

Undergrounding of overhead utility lines along or across arterial highways

**Public Facilities**

- City Hall
- Police Station
- Town Square
- Parking Structure
- Parks

FOR REDEVELOPMENT PROJECT AREA NO. 2**

**Street Improvements**

Construction, reconstruction, replacement, and rehabilitation of streets, sidewalks, curbs, gutters, grade separations, bridges, and underpasses, widening streets, and related improvements

**Water/Sewer Improvements**

Construction, reconstruction and replacement of waterlines, mains and feeders to increase water supply and distribution, and construction, reconstruction and replacement of sewer lines, and related improvements

**Traffic Improvements**

Installation, replacement and upgrading of traffic signals, poles, controllers and traffic detection, roadway striping, and related improvements

**Street Median Landscaping**

Installation of trees, landscaping and irrigation systems in street medians

**Utility Undergrounding**

Undergrounding of overhead utility lines along or across arterial highways

**Public Facilities**

- Parks

**EXHIBIT "C-3"**

**Redevelopment Project Area No. 3**

**Redevelopment Agency of Cathedral City**

**PROPOSED PUBLIC IMPROVEMENTS AND FACILITIES PROJECTS  
FOR REDEVELOPMENT PROJECT AREA NO. 3**

1. Full street improvements or street reconstruction in the previously developed or subdivided areas of the City.
2. Construction or replacement of sewer lines and treatment facilities as necessary to implement the development contemplated in the General Plan.
3. Construction or replacement of water lines and water treatment facilities as necessary to implement the development contemplated in the General Plan.
4. Construction of storm drains and flood control facilities as required to protect the health and safety of the City's residents.
5. Construction of municipal facilities including police and fire stations and civic center.
6. Construction of municipal recreational facilities including tennis courts, swimming pool and parks.
7. Site acquisition and construction of twelve elementary and junior high schools, two senior high schools, central kitchen facilities and central bus service and maintenance facilities, building maintenance facilities and warehousing for materials and supplies.
8. Rehabilitation of existing facilities.

**LEGAL DESCRIPTION**

**2005 PLAN AMENDMENT NO. 6  
REDEVELOPMENT PROJECT AREA NO. 3**

**AREA WITHIN WHICH EMINENT DOMAIN WILL BE ALLOWED**

That portion of the South half of Section 17, Township 4 South, Range 5 East, San Bernardino Meridian, all in the City of Cathedral City, County of Riverside, State of California, described as follows:

The True Point of Beginning of this description being the South quarter corner of said Section 17, as shown on the map filed in Book 96 of Records of Survey, at Pages 43 through 48, inclusive, Records of Riverside County, California, also being the intersection of the centerlines of Ramon Road and Golf Club Drive; (N682925.428m; E1978388.288m; NAD83, Zone VI);

1. Thence, South 89° 48' 23" West, along the South line of said Section 17, and the centerline of Ramon Road, a distance of 823.69 feet to the Southwest corner of Palm Springs Outpost Unit No. 5, as shown on the map filed in Book 26, at Page 88 of Maps, Records of Riverside County, California;
2. Thence, North 00° 07' 38" West, along the West line of said Palm Springs Outpost Unit No. 5, a distance of 1322.68 feet to the Northwest corner of said Palm Springs Outpost Units No. 5;
3. Thence, North 89° 42' 57" East, along the North line of said Palm Springs Outpost Unit No. 5, and its Easterly prolongation, a distance of 825.86 feet to a point on the West line of the Southeast quarter of said Section 17, said point also being the Southeast corner of Lot 24 of Palm Springs Country Club Estates, as shown on map filed in Book 22, at Page 40 through 44, inclusive, of Maps, Records of Riverside County;
4. Thence, North 00° 02' 01" West, along the said West line of the Southeast quarter of said Section 17, a distance of 1323.16 feet, more or less, to the center of said Section 17, as shown on said Record of Survey Map; (N683731.997m; E1978387.815m; NAD83, Zone VI);
5. Thence, North 89° 44' 03" East, along the North line of the said Southeast quarter of Section 17, a distance of 33.96 feet, to a point on the Westerly line of the Whitewater River, as shown on said Record of Survey map, said Westerly line being a non-tangent curve, concave Southwesterly and having a radius of 30,000.00 feet, a radial of said curve through said point of intersection bears North 63° 49' 10" East; (N683782.045m; E1978398.166m; NAD83, Zone VI);
6. Thence, Southerly, along said Westerly line, through a central angle of 5° 30' 07", a distance of 2880.81 feet, more or less, to a point on the South line of said Section 17, distant thereon South 89° 48' 23" West, 1460.64 feet from the Southeast corner of said Section 17 (SE cor = N682928.145m; E1979192.363m; NAD83, Zone VI), a radial of said 30,000.00 foot radius curve through said point bears North 69° 19' 07" East;
7. Thence, South 89° 48' 23" West, along said South line of Section 17, and the centerline of said Ramon Road, a distance of 1177.47 feet to the True Point of Beginning.
8. Containing 63.38 acres, more re less.

## CHAPTER I

### INTRODUCTION AND PROCESS OVERVIEW

#### 1. Mandate for Implementation Plan

AB 1290 and SB 732, enacted in 1993 and 1994 respectively, as a comprehensive reform of California Redevelopment Law, established regulations which required each redevelopment agency to adopt an Implementation Plan no later than December 31, 1994, and to update the plan every five years. The Cathedral City Redevelopment Agency adopted its first Implementation Plan on December 14, 1994. The second and third Implementation Plans were adopted, respectively, on December 22, 1999, and December 8, 2004. An Amended and Restated 2004 Implementation Plan was adopted on December 14, 2005.

This 2009 Implementation Plan has been drafted to meet the requirements of California Redevelopment Law as set forth in Health and Safety Code Section 33490. California Redevelopment Law is embodied in Sections 33000 et seq. of the Health and Safety Code. All code sections cited in this Implementation Plan are taken from that source.

#### 2. Purpose and Contents of The Implementation Plan

The purpose of the Implementation Plan is to provide a documented link between the actions of the Redevelopment Agency and the elimination of blight. According to Section 33490(a), an Implementation Plan must contain the following components:

- Specific goals and objectives of the Project Area;
- Specific programs, including potential projects, and estimated expenditures proposed to be made during the next 5 years;
- An explanation of how the goals, objectives, programs and expenditures will eliminate blight within the Project Area;
- An explanation of how the requirements of Section 33333.10 will be implemented.
  - An explanation of how the goals, objectives, programs and expenditures will implement the affordable housing requirements of Sections 33334.2, 33334.4, and 33413. These requirements are discussed in Chapter V of this Implementation Plan.

**3. Status of the 2006 Cathedral City Merged Project Redevelopment Plan**

The 2006 Cathedral City Merged Redevelopment Project Plan (the Merged Plan), which merged all of the City's Project Area Plans, was adopted by the City Council on September 27, 2006, by Ordinance No. 624. A map of the project area can be found in Appendix B. The Merged Plan was amended once on May 25, 2007, to add a State-mandated program for the use of eminent domain.

The 2006 Cathedral City Merged Redevelopment Project is composed of what were originally Project Area No. 1 (adopted in 1982, with area added in 2003), Project Area No. 2 (adopted in 1983) and Project Area No.3 (Adopted in 1984). Appendix A depicts the City and shows the boundaries of all of the project areas. Note that the Project Area No. 3 outer boundaries are the same as the boundary of the 2006 Merged Project Area. Due to the merged nature of the Redevelopment Project, the limitations on plan effectiveness and the ability to collect tax increment varies depending upon which of the original project areas is being considered. The following Table 1 outlines the main limitations by project area

**Plan Effectiveness and Collection of Tax Increment**

	PLAN EFFECTIVENESS	COLLECT TAX INCREMENT
Project Area No.1	November 28, 2025	November 28, 2035
Project Area No. 1 (Added Area)	July 9, 2033	July 9, 2043
Project Area No. 2	November 28, 2026	November 28, 2036
Project Area No. 3	November 29, 2026	November 29, 2036

**4. Period of Implementation Plan**

As noted above, Section 33490(a) requires that an Implementation Plan address a redevelopment agency's programs and expenditures for the next 5 years. Section 33490 does not specify the beginning and ending dates for the 5 year periods. The City set the beginning date for the first Implementation Plan at January 1, 1995 and the ending date at December 31, 1999. The second Implementation Plan period began on January 1, 2000 and ends on December 31, 2004. The third Implementation Plan (as amended and restated) period began on January 1, 2005, and ends on December 31, 2009. This third Implementation Plan was also augmented and amended in conjunction with the 2006 merger of the project areas. This new Implementation Plan will extend from July 1, 2009 through June 30, 2014 as we are converting to a fiscal year basis for ease in tracking and administration.

#### 5. Citizen Participation

A public hearing on the 2009 Implementation Plan was conducted by the Redevelopment Agency on October 28, 2009. Public notices were given in accordance with Section 33490(d) as follows:

- On October 3, 10 and 17, 2009, notices of this public hearing were published in *The Desert Sun*, a newspaper of general circulation in the Coachella Valley.
- On September 28, 2009, notices of this public hearing were posted in the following four (4) locations within the Project Area as well as on the City's website at [www.cathedralcity.gov](http://www.cathedralcity.gov).
  - (1) City Hall Paseo, 68700 Avenida Lalo Guerrero;
  - (2) Cathedral City Library, 33520 Date Palm Drive;
  - (3) Community Center at Tierra del Sol, 37101 West Buddy Rogers;
  - (4) Cathedral City Fire Station 412, 32100 Desert Vista Road;

These notices stated that copies of the draft Implementation Plan were available for review at City Hall, at the City Library, and on the City's web site at [www.cathedralcity.gov](http://www.cathedralcity.gov).

Section 33490(c) requires that a hearing on the Redevelopment Plan and Implementation Plan be conducted by the Agency between 2 and 3 years after adoption of the Implementation Plan (Mid-Term Review). The Mid-Term Review of the 2005 Amended and Restated Implementation Plan was held on November 14, 2007.

Should the Redevelopment Agency desire to amend the Implementation Plan at a future time, a public hearing noticed in accordance with Section 33490(d) will be published.

#### 6. Terms Used in This Implementation Plan

- The Low- Moderate Income Housing (LMIH) Fund required by Section 33334.3, into which 20 percent of all tax increment receipts must be deposited, is often also referred to in conversation as the "Housing Set-Aside Fund".
- "Agency" refers to the City's Redevelopment Agency.

The State Health and Safety Code provides the following definitions of income groups:

- "Extremely Low Income households are persons or families whose annual income does not exceed 30 percent of the County median income (Section 50106)

- "Very Low Income" households are persons or families whose annual income does not exceed 50 percent of the County median income (Section 50105).
- "Low Income" households are persons or families whose annual income does not exceed 80 percent of the County median income (Section 50079.5).
- "Moderate Income" households are persons or families whose annual income is between 80 and 120 percent of the County median income (Section 50093).

#### 7. IMPLEMENTATION PLAN ADOPTION PROCESS

The adoption of the 2009 Implementation Plan for the 2006 Cathedral City Merged Redevelopment Project has proceeded through the following schedule:

- A. The Implementation Plan was prepared by Agency Staff and DHA Consulting.
- B. A draft document was sent to Agency/City staff and legal counsel for comment.
- C. The comments of Agency/City staff and the Agency's legal counsel were incorporated into the final version of the Plan, which was made available to the public for review and comment.
- D. Notices of the Public Hearing were posted in the Project Area at the following locations on September 28, 2009:
  - Cathedral City Civic Center
  - Cathedral City Senior Center
  - Cathedral City Public Library
  - Fire Station No. 412 (Headquarters)
  - Cathedral City Web Page ([www.cathedralcity.gov](http://www.cathedralcity.gov))
- E. Notices of the required Public Hearing were published in The Desert Sun on the following dates:
  - October 3, 2009
  - October 10, 2009
  - October 17, 2009

## CHAPTER II

### HISTORY OF REDEVELOPMENT IN CATHEDRAL CITY

#### HISTORY OF REDEVELOPMENT IN CATHEDRAL CITY

Cathedral City was incorporated in 1981 and began an active redevelopment program with adoption of its first redevelopment plan in 1982. Since then, the Agency has added a variety of programs. These programs are accomplishing the goals of the redevelopment plans.

During this most recent planning period, 2004 to 2009, the Agency has faced significant issues with a down-turn in the economy, foreclosures, reassessment of property and State takes of redevelopment funds. During this same period: a particular focus has been placed on the downtown area of the City, which has already seen significant new construction with the new Civic Center, Town Square, the Desert IMAX Theater, the Pickford Theater, a 1,125 space parking structure, and a 22,000 square foot retail complex. Projects under contract (Disposition and Development Agreement, Owner Participation Agreement or Memorandum of Understanding) for development include a 300 room conference center hotel, an 18 hole golf course, 162 room limited service hotel, 75 very low income affordable senior apartments (Tierra del Sol project), with new 5,000 sq. ft. Senior Center), 61 units of affordable family housing, and 23 acres of mixed use development in East Downtown.

#### IMPLEMENTATION OF THE REQUIREMENTS OF SECTION 33333.10

The Agency has not extended the life of the Redevelopment Plan pursuant to Section 33333.10, thus the Agency is not obligated to implement these requirements.

#### SPECIFIC CHALLENGES FACING THE AGENCY OVER THE UP-COMING PLAN PERIOD

The Agency faces several significant challenges over the Implementation Plan period, all relating to the ability to finance programs and projects. Those challenges include:

1. The continuing threat of State take-aways. In its continuing quest to balance its own budget, the State is seeking a way to use local redevelopment funds. A current proposal which has been enacted by the Legislature would require the Cathedral City Redevelopment Agency to contribute \$9.5 million to the "Supplemental Educational Revenue Augmentation Fund" of Riverside County for fiscal year 2009-2010, and

an additional \$2 million for fiscal year 2010-2011. If successful, this State take-away is likely to become permanent and will have a significant negative impact on the Agency's ability to implement any of the programs in this Implementation Plan.

2. Declining Property Values. Due to the sharp economic downturn over the last few years, property values have plummeted. As property value decreases, so does Agency tax increment revenue. Assessed value stabilization is not expected for several years. The reduction in Agency revenue for 2009-2010 due to reduction in property tax values is expected to be \$5 million.
3. Foreclosures. The sharp economic downturn has also generated a greater than normal number of foreclosures, with even the foreclosing lender going into receivership. This situation has created additional blighting influences with abandoned homes, businesses and buildings in various stages of construction.

#### ESTIMATED EXPENDITURES

The Agency issued \$115 million in A-rated tax increment bonds in March 2007. After repaying existing obligations and funding other projects such as development of the soccer park, land acquisitions and street projects, there is approximately \$57.8 million in remaining bond proceeds available for use during the period covered by this Implementation Plan. These funds are currently earmarked for hotel, conference amenities, tourism and recreational projects; hydrology and drainage improvements; land acquisition; biking and hiking trail development; economic development; signalization and traffic flow improvements and capital improvements and carrying costs for existing Agency owned properties. It is anticipated that these projects will become realities during this coming five-year period. In addition, \$11.5 million is earmarked for debt reduction in order to provide sufficient revenue to meet the State mandated Special Educational Augmentation Fund payments required in FY 2009-10 and FY 2010-11. If not for this State "take", the Agency could use this \$11.5 million for other projects and programs designed to alleviate blight, stimulate private investment and enhance the economic health of the project area.

On an on-going basis, the Agency anticipates receiving approximately \$2.5 million in net "non-housing" tax increment each fiscal year during the period covered by this Implementation Plan. Net tax-increment is that available after existing debt service payments, housing set-aside deposits and honoring tax sharing agreements. These monies are needed for Agency administration. Staff had initially anticipated that net tax

**LONG RANGE PROPERTY MANAGEMENT PLAN  
CITY OF CATHEDRAL CITY AS SUCCESSOR AGENCY TO THE FORMER  
REDEVELOPMENT AGENCY OF THE CITY OF CATHEDRAL CITY**

---

increment would be substantially higher and that we would be able to issue new bonds, but this is no longer an expectation. Our assessed valuation has declined approximately \$5 million annually and it is anticipated that net tax increment will remain fairly flat in the immediate future until the economy rebounds and foreclosed residential and commercial properties are resold and occupied. As such, it is not expected that additional dollars will be readily available for general redevelopment activities and future projects will have to be structured as developer advances, with the developer repaid out of project generated tax increment.

As previously mentioned, lack of funding caused by the State mandated "take" of Agency funds, coupled with the decline in assessed valuation, will be a significant challenge during the time span covered by this Implementation Plan and redevelopment activities will most likely be modest and planned Agency assisted projects, such as the redevelopment of the Eastside (approximately 23 acres bounded by East Palm Canyon, Monty Hall, the Channel and Date Palm) will be delayed. The Agency will continue to partner with other economic development and governmental entities and will seek grant funding as available in order to leverage the limited dollars that are currently available in the continued efforts to alleviate blight and diversify the existing tax base.

### CHAPTER III

## BLIGHTING CONDITIONS IN CATHEDRAL CITY AND HOW ACTIVITIES WILL ASSIST IN THE ELIMINATION OF BLIGHT

AB 1290 strengthens the connection between the Agency's actions and the elimination of blight. This chapter summarizes the blighting conditions found at the time the Redevelopment Plans were adopted and, in the case of Project Area #1, at the time of its amendment in 2003.

These descriptions of area blight are extracted from the Project Area #1 Redevelopment Plan and Amendment, Project Area #2 Redevelopment Plan, and Project Area #3 Redevelopment Plan and highlight the blight that will be the focus of specific activities of this Implementation Plan. The merging of the City's three redevelopment projects into the Cathedral City 2006 Merged Redevelopment Project has no effect on these original blight findings.

#### Project Area #1

- The existence of numerous buildings with a variety of land uses that are built lot line to lot line with no provision for off street parking.
- Lack of adequate circulation and numerous access problems.
- Little definition of a commercial core.
- A high-density residential area that is suffering from deterioration, disuse and economic dislocation.
- Inadequate buffering of industrial uses from residential and commercial uses.
- Inadequate flood control and drainage, including lack of curbs and gutters on most streets.
- Homes built for seasonal use are now being used year round.
- Commercial uses that are aged, obsolete and deteriorated and are mostly built on small lots of irregular size and shape due to the diagonal orientation of East Palm Canyon Drive.
- Lack of adequate sewer system causing potential contamination of ground water.
- Significant overcrowding of residential units.
- Vacant and under-utilized properties and increased commercial vacancies.

Project Area #1 Added Area

- The existence of buildings suffering from economic dislocation and disuse.
- Properties requiring re-planning, redesign and/or redevelopment and which could not be accomplished by private enterprise acting alone without public participation and assistance.

Project Area #2

- Inadequate drainage.
- Economic dislocation, deterioration and disuse causing the area to be an economic strain on the community.
- Lack of adequate circulation.
- Inadequate public improvements, facilities and utilities.
- Depreciated values that impair investment and cause social and economic maladjustment.
- Lack of adequate drainage and sewer facilities.

Project Area #3

- Inadequate public improvements, public facilities, open spaces and utilities.
- Age, obsolescence, deterioration, dilapidation, and mixed character of buildings and inappropriate reuse of existing structures.
- A prevalence of depreciated values, impaired investments and social and economic maladjustment.
- There are lots or other areas that are subject to being submerged by water Due to lack of or inadequate draining and flood control infrastructure.
- Economic dislocation, deterioration or disuse resulting from faulty planning.

**HOW ACTIVITIES WILL ASSIST IN THE ELIMINATION OF BLIGHT**

While progress has been made to eliminate blighting conditions in the Project Area, there still exist substantial detrimental physical and environmental conditions within each Project Area. The Agency proposes to alleviate these conditions by undertaking various activities. Taken together, these activities will stimulate further private development and rehabilitation in the Project Area, not only in the next five years, but throughout the remaining lifetime of the respective Redevelopment Plans provided the State does not continue to take away Agency funds to balance its own budget.

The activities proposed to be implemented over the next five years, as funding is available, will reduce or eliminate many of the blighting influences in the Project Area. The specific blighting influences that will be addressed vary by the type of activity to be undertaken. The type of blight to be addressed is described below for the various activities proposed. To avoid duplication and facilitate discussion, the various activities have been grouped by general category.

#### COMMERCIAL AREA REVITALIZATION ACTIVITIES

Commercial area revitalization activities are designed to enhance commercial areas and attract new and desirable commercial uses to the Project Area. Many of the planned activities will directly reduce blight by alleviating existing detrimental physical conditions by rehabilitating existing deteriorated uses and commercial buildings or replacing them with new structures. In addition, the activities will provide additional retail customers which will bolster local retail businesses and directly improve sales activity. These improved sales increase the value of previously impaired investments and help make more capital available for reinvestment in local businesses. Improved sales will help create a more attractive environment for the attraction of new investment and reinvestment.

Such activities, should the Agency have sufficient funds to do so, will also increase the number of local employment opportunities, expand the City's tax base for the support of essential services, and reduce the costs to the City and other public agencies of providing some services. This in turn will spark additional investment in the community. In addition, the commercial revitalization activities are expected to alleviate detrimental physical conditions through tools such as re-parcelization, replacement or rehabilitation of deteriorating land uses and the provision of needed public and transportation facilities.

#### PUBLIC IMPROVEMENTS AND FACILITIES

The provision of public improvements and facilities will assist in eliminating blighting conditions in numerous ways. Sewer projects will decrease the potential of contamination of ground water. Street projects will improve traffic circulation and access to commercial businesses; thereby reducing traffic congestion and assisting in increasing patronage for existing businesses while increasing the attractiveness of the commercial areas as a location for new businesses. Roadway improvements also help attract new investment by signaling to the financial and commercial communities that the City and Agency are able to provide the services necessary to help ensure the success of investments. Streetscape and median projects are intended to reduce blight by helping existing businesses improve both the appearance and functionality of commercial areas, thereby improving their desirability and competitiveness. Graffiti abatement and other crime reduction activities are anticipated to assist with business attraction and retention efforts, reduce the burden on local services, and enhance

public perception of the area, thereby encouraging further private investment in the area.

#### PARKS, OPEN SPACE, RECREATIONAL AND EDUCATIONAL FACILITIES

The provision of parks, open space, recreational and educational facilities will enhance the living environment for local residents. This improved quality of the environment will result in improved property values and greater neighborhood pride. This will result in significantly increased reinvestment in adjacent residential neighborhoods. Additional and improved educational facilities will not only assist in increasing property values but will also assist in preparing residents for employment opportunities. An educated workforce and the overall quality of and access to education is a major factor considered by employers who are making site decisions for their businesses. Additional and enhanced cultural facilities will also provide attractive community amenities and may serve as destination locations within commercial districts, thereby drawing more patrons to these areas.

REDEVELOPMENT PROJECT AREAS

CHAPTER IV

NON-HOUSING

RECENT ACCOMPLISHMENTS OF THE AGENCY

Since the adoption of the last Implementation Plan, the Agency has been very active in the downtown core and along East Palm Canyon Drive and in other parts of the City. It has:

- Established the Cove Improvement Assessment District and began construction of sewers and flood protection facilities and reconstruction of roads in the Cathedral City Cove.
- Designed and built the Cathedral City Soccer Park.
- Completed the Pickford Promenade, a 22,100 square foot commercial complex across the street from the Mary Pickford Theater.
- Acquired land and entered into Agreements for the expansion of existing new car dealerships.
- Completed construction of a flashing crosswalk for traffic safety improvements in the area of the Auto Center.
- Acquired 81.86 acres of land for future park and open space development.
- Completed the acquisition, relocation and clearance processes for an old, dilapidated mobile home park (Desert Hills Mobile Home Park).
- Assembled approximately 20 acres of land for the redevelopment of East Downtown.
- Assembled land and developed plans for the construction of a replacement downtown fire station.
- Implemented a commercial façade program.
- Implemented a local economic development stimulus program including Locals Dine Out and Cathedral City Bucks campaigns designed primarily for business retention during challenging economic times.
- Financed and completed preparation of the North City Specific Plan for future economic development opportunities at the entry way to the City.
- Entered into leases to bring two new restaurants to the Downtown Core.

GOALS AND OBJECTIVES

The goals and objectives and activities that may be initiated during the period covered by this Implementation Plan are summarized below:

- Promoting the development of a hotel and conference center to anchor downtown development and serve as a catalyst for additional mixed-use and commercial development
- Promoting further development of the Auto Center.
- Encouraging the rehabilitation or replacement of commercial properties and continuing and expanding the commercial façade improvement program and graffiti eradication to remove visual blight.

APPENDIX A

**REDEVELOPMENT PROJECT AREAS**

- Construction or replacement of sewer lines and treatment facilities as necessary to implement development contemplated in the General Plan, even if those facilities lay outside the project area.
- Construction or replacement of water lines and water treatment facilities as necessary to implement the development contemplated in the General Plan, even if those facilities lay outside the project area.
- Construction of storm drains and flood control facilities as required to protect the health and safety of the City's residents, even if those facilities lay outside the project area.
- Construction of municipal facilities including police and fire stations, libraries, parking facilities and museums and other educational tourism oriented facilities
- Construction of municipal recreational facilities including but not limited to tennis courts, walking and bicycle trails, handball courts, swimming pools and parks.
- Extension of utilities to under- or non-served areas within the project area.
- Rehabilitation of existing facilities.
- Economic development activities designed to attract and retain businesses within existing and proposed commercial and industrial centers.
- Assist with workforce development activities including attracting technical and educational venues to stimulate economic development activities and opportunities.
- Provide capital improvements in public facilities such as communication systems.
- Continued diversification and stabilization of the economic base.
- Providing assistance to low-and moderate-income residents of the Project Area through grants or loans for weatherization, energy efficiency and rehabilitation.

**Downtown Goals**

- To restore Cathedral City's historic Downtown (located in Project Area #1) as the social and symbolic "Heart of the City" in order to revitalize the identity and investment climate of the City as a whole.
- To reverse the forces of disinvestments which have contributed to the deterioration of Downtown residential neighborhood, and promote the creation of a distinctive livable "in-town" neighborhood.
- To make Downtown a place that accommodates a rich and vibrant pedestrian environment with a wide variety of services, shops, places to eat, entertainment and cultural offerings, capable of appealing to residents and visitors alike.
- To make Cathedral City the best city in the Coachella Valley - the city with the most successful Downtown, the most appealing neighborhoods, and the most attractive city for investment in job-creating commercial development.

APPENDIX A

REDEVELOPMENT PROJECT AREAS

In addition to the overriding goal of eliminating blighting conditions, the following are the major goals to be pursued by the Agency over the coming five years.

1. Implement the goals and implementation measures for economic development adopted by the City in its General Plan, Strategic Plan and other policy documents, including diversifying the local economy and economic base.
2. Implementing the goals and action steps recommended in the Coachella Valley Economic Partnership Economic Development Blueprint documents and the yet to be developed Compass Blueprint Plan for the Date Palm corridor.
3. Promote commercial revitalization to stabilize and expand the tax and employment base.
4. Provide needed public improvements and facilities to support revitalization of the Project Area and reduce unemployment by developing a well educated work force.
  - a. Specific capital improvements anticipated for construction during the period covered by this Implementation Plan include, but are not limited to :
    - i. Continuing the construction of landscaped medians along Ramon Road and Date Palm Drive.
    - ii. Parkland development.
    - iii. Street improvements along East Palm Canyon Drive throughout the project area.
    - iv. Widening of East Palm Canyon to facilitate traffic flow.
    - v. Bridge widening, stabilization and construction to further facilitate traffic flow and drainage projects
    - vi. Construction of interchanges along State Highway 10.
    - vii. Storm drain construction and other drainage improvements
    - viii. Construction of Eagle Canyon Dam and associated drainage lines to assist in removing much of the project area from the 100-year flood plain. Construction of infrastructure into and within the Project Area north of Interstate 10, including sewer, water, flood control and other utilities.
    - ix. Replacement of Fire Station 411 and associated emergency operating centers and administration support facilities.
5. Assist in the commercial revitalization of key shopping areas by providing incentives, support services and promotion to help reduce vacancies, attract new tenants and patrons and encourage business retention.
6. Continue efforts to redevelop the Downtown Core. Specific activities planned over the course of this Implementation Plan include, but are not limited to, providing assistance or incentives for the development of tourism facilities including hotels, recreational and destination facilities and mixed-use commercial and residential developments.

APPENDIX A

**REDEVELOPMENT PROJECT AREAS**

7. Improve traffic circulation and parking in key areas, thereby reducing hazards and creating viable retail environments in commercial areas.
8. Assemble deteriorated, vacant and/or underutilized sites, provide necessary site improvements, and sell or lease such sites to qualified redevelopers for affordable housing and tax and job generating reuse.
9. When other alternatives are not feasible, remove buildings that are significantly structurally substandard to permit the return of lands to economic use through new construction.
10. Assist property owners and business owners and tenants by providing rehabilitation loans, designing and implementing façade improvement programs, assembling needed expansion sites, carrying out business retention activities and improving buffers for incompatible uses.
11. Assist in building, expanding or rehabilitating community facilities, including libraries, fire stations and fire-fighting equipment, police stations and educational institutions at all levels, which will provide a physical and economic stimulus to the revitalization of the Project Area while serving the residents of the Project Area.
12. Facilitate the rehabilitation of those structures that are culturally, historically, physically and aesthetically worthy of rehabilitation, with emphasis on owner participation and assist in the development of new cultural opportunities within the Project Area.
13. Eliminate environmental deficiencies including lots of inadequate size and shape, inadequate street and alley layout, and inappropriate mixed character of land uses.

**DOF LONG RANGE PROPERTY**  
**MANAGEMENT PLAN**  
**CHECKLIST**

## LONG-RANGE PROPERTY MANAGEMENT PLAN CHECKLIST

---

**Instructions:** Please use this checklist as a guide to ensure you have completed all the required components of your Long-Range Property Management Plan. Upon completion of your Long-Range Property Management Plan, email a PDF version of this document and your plan to:

[Redevelopment\\_Administration@dof.ca.gov](mailto:Redevelopment_Administration@dof.ca.gov)

The subject line should state “[Agency Name] Long-Range Property Management Plan”. The Department of Finance (Finance) will contact the requesting agency for any additional information that may be necessary during our review of your Long-Range Property Management Plan. Questions related to the Long-Range Property Management Plan process should be directed to (916) 445-1546 or by email to [Redevelopment\\_Administration@dof.ca.gov](mailto:Redevelopment_Administration@dof.ca.gov).

---

Pursuant to Health and Safety Code 34191.5, within six months after receiving a Finding of Completion from Finance, the Successor Agency is required to submit for approval to the Oversight Board and Finance a Long-Range Property Management Plan that addresses the disposition and use of the real properties of the former redevelopment agency.

### GENERAL INFORMATION:

Agency Name: **Cathedral City Successor Agency**

Date Finding of Completion Received: April 17, 2013

Date Oversight Board Approved LRPMP: November 20, 2014

---

### Long-Range Property Management Plan Requirements

For each property the plan includes the date of acquisition, value of property at time of acquisition, and an estimate of the current value.

Yes  No

For each property the plan includes the purpose for which the property was acquired.

Yes  No

For each property the plan includes the parcel data, including address, lot size, and current zoning in the former agency redevelopment plan or specific, community, or general plan.

Yes  No

For each property the plan includes an estimate of the current value of the parcel including, if available, any appraisal information.

Yes  No

For each property the plan includes an estimate of any lease, rental, or any other revenues generated by the property, and a description of the contractual requirements for the disposition of those funds.

Yes  No

For each property the plan includes the history of environmental contamination, including designation as a brownfield site, any related environmental studies, and history of any remediation efforts.

Yes  No

For each property the plan includes a description of the property's potential for transit-oriented development and the advancement of the planning objectives of the successor agency.

Yes  No

For each property the plan includes a brief history of previous development proposals and activity, including the rental or lease of the property.

Yes  No

For each property the plan identifies the use or disposition of the property, which could include 1) the retention of the property for governmental use, 2) the retention of the property for future development, 3) the sale of the property, or 4) the use of the property to fulfill an enforceable obligation.

Yes  No

The plan separately identifies and list properties dedicated to governmental use purposes and properties retained for purposes of fulfilling an enforceable obligation.

Yes  No

---

## ADDITIONAL INFORMATION

- If applicable, please provide any additional pertinent information that we should be aware of during our review of your Long-Range Property Management Plan.

**APPENDIX E**  
**CITY GENERAL PLAN**  
**EXCERPTS**

**Canyon Trail** is a hiking and equestrian 2 mile trail which can be accessed from Garstin, Shannon or Araby trails, west of Cathedral City.

On the north side of the City, trail opportunities are more limited. The **Long Canyon Trail**, however, is accessed from a trailhead north of Long Canyon Road, north of the planning area. The trail extends into Joshua Tree National Park, and although strenuous, can serve as access to the facilities and trails within the park. There is a proposed hiking trail adjacent to and parallel to the Edison right-of-way and a multi-use trail proposed in the setback area along Interstate 10. Developers in North City are encouraged to design projects that would include trails that would tie in with the already-planned trails as found in the North City Specific Plan.

## **FUTURE DIRECTIONS**

Currently, parks are few in number, and developed acreage falls far below the recommended standard. One of the City's primary goals for the future should be to establish standards, and identify and develop parklands. Parks and recreational facilities have many important functions in the community. Creating a more diverse system of parks that enhances existing facilities, and plans for and designs new parks for the growing population, will assure the City meets the needs of the community and works to improve the quality of life for its residents.

The City should also focus on creating bikeways and pedestrian pathways along the City's arterial streets. An extensive biking and pedestrian network will provide a much needed recreational facility for the City and for the region. The network should be linked to important locations within the community to decrease the dependence on vehicles and to create a more livable and healthy City.

## **GOALS, POLICIES AND PROGRAMS**

### **Goal 1**

Establish a diversified, high quality public park system that provides recreation opportunities at a variety of scales for all residents.

### **Goal 2**

An accessible, safe park system that provides spaces that encourage public gathering and participation.

### **Goal 3**

A comprehensive bikeway and walking path system which connects homes to work places, commercial venues and recreational facilities, as well as other cities in the Valley.

### **Policy 1**

The City will utilize the Quimby Act to provide at least three (3.0) acres of community and neighborhood parkland per 1,000 population.

to the time the officer arrived at the scene, was approximately 4.2 minutes. The average response time to an incident that “just occurred” was also 4.2 minutes.

### **Community-Based Policing**

The Police Department sponsors and supports a variety of community-based policing programs and other special community events. The Neighborhood Watch program educates residents about implementing crime prevention strategies in their neighborhoods. Racing for Kids uses motorcross racing to provides important activities for teenagers, while also serving as a forum for educating vulnerable youth about alternatives to drugs and gangs.

The Police Explorers Program allows teenagers and adults ages 14 to 21 to learn about and participate in a variety of law enforcement functions, including crime prevention support and ride-along programs with officers. One officer is assigned to the D.A.R.E. program and brings a message of drug resistance to school children. The Department also has assigned a School Resource Officer.

The Citizens-on-Patrol (COP) program consists of volunteers who serve as the eyes and ears of the police department and provide two patrols per day. Responsibilities include facilitating towing abandoned vehicles, directing traffic at collision sites, looking for graffiti, and alerting police to potential criminal activity. COPS volunteers also provide support to the Community Police Service Offices and Community Alliance Officers. Volunteers are trained by sworn police officers and attend monthly meetings. The program currently (2001) includes approximately 50 volunteers.

## **FUTURE DIRECTIONS**

As the City continues to grow, so will the need for additional police and fire protection. It is difficult to predict exactly where and when new police and fire facilities will need to be constructed, as this will depend upon the type, location and intensity of future development. Nonetheless, the City will be responsible for monitoring growth patterns and responding to the demand for additional public safety facilities and services. Considerations will include land use and circulation patterns, the provision of water for adequate fire flows, the financing of future fire and police stations, and the adequacy of emergency response times.

## **GOALS, POLICIES AND PROGRAMS**

### **Goal 1**

Protection of the community from the threat of loss of life and property from fire and environmental hazards.

### **Goal 2**

The highest level of security and police protection to preserve and protect the health, welfare and property of residents, visitors and businesses in the City.

## **FUTURE DIRECTIONS**

The continued funding of public services and facilities is crucial to meeting essential needs of the community, and the construction and/or expansion of new facilities will be necessary as the City continues to grow. Until December 1999, the City's Community Services District (CSD) provided a steady revenue stream to fund law enforcement, parks and recreation, street lighting and other public services and facilities. In December 1999, the residents of Cathedral City voted to terminate the CSD. With the loss of CSD income, the City will have to pursue other funding opportunities, such as state and federal grants, General Fund revenues, and the expanded use of volunteers, to meet increasing demands for public services.

Each year, local government agencies (including cities, counties, school districts and special districts) planning the construction of capital facilities must submit to the planning agency a list of proposed projects which they would like implemented. The City's Capital Improvement Program (CIP) identifies existing and proposed projects that require on-going and forward-looking governmental funding, such as traffic signals, street widenings and repavings, parks and recreation facilities, and public parking lots. It is essential that the City carefully review and adjust its CIP, as necessary, to assure consistency with General Plan goals and policies and to respond to the changing needs of the community.

## **GOALS, POLICIES AND PROGRAMS**

### **Goal 1**

Dependable, cost-effective, and conveniently located public buildings, services and facilities, which meet the current and future needs of the City residents.

### **Goal 2**

Public buildings and facilities with optimal functionality, while being compatible with surrounding land uses and aesthetically integrated into the City's built and natural environments.

### **Policy 1**

The Land Use Element shall assure the long-term availability of sites for future public and quasi-public buildings, infrastructure, and other facilities.

### **Program 1.A**

The City shall periodically review its official Land Use Map and development patterns to assure the availability of adequate sites for future public and quasi-public buildings, infrastructure, and other facilities. The City shall confer and coordinate with utilities and other public and quasi-public agencies regarding their long-term needs.

**Responsible Agency:** Planning Department, Public Works Department, CVWD, DWA, Riverside County Flood Control, SCE, SCG, Verizon, Time Warner

**Schedule:** 2003-2004; every five years

## **GOALS, POLICIES AND PROGRAMS**

### **Goal 1**

An intra- and inter-city transportation system that provides for the safe, efficient and cost-effective movement of people and goods, and enhances commerce and the overall economic well-being of the entire community.

### **Goal 2**

A City-wide and neighborhood-specific transportation system that is responsive to, and which implements the Ahwahnee Principles of community design, through land use and transportation planning, to the greatest extent feasible.

### **Policy 1**

The City circulation system shall be planned and developed to assure the provision of safe and efficient vehicular, pedestrian and bicycle access to all parts of the community, effectively linking residents and visitors to the full range of residential, employment, shopping, and recreational land uses.

### **Program 1.A**

The City shall establish a schedule by which to study and evaluate “Special Study Zones” identified in the General Plan, to assure that these areas are appropriately designed and improvement funding is planned to include projected impacts.

**Responsible Agency:** Planning Department, Engineering, Transportation Commission, Planning Commission, City Council

**Schedule:** 2002, On-going

### **Program 1.B**

The Public Works Department shall establish and implement a prioritized roadway and intersection study and analysis program to assure the provision of adequate future right-of-way and facilities at critical roadways and intersections. Said program may be incorporated into the five-year Capital Improvements Program, which should be reviewed and amended, as necessary, annually.

**Responsible Agency:** Planning Department, Engineering, Transportation Commission, Planning Commission, City Council

**Schedule:** 2002, On-going

### **Policy 2**

Transit stops and pedestrian and bicycle paths should be sited in a manner which encourages the use of alternatives modes of transportation and provides safe, convenient access to commercial and employment centers, as well as institutional and recreational uses.

### **Program 2.A**

A planning and engineering project review checklist should be developed, which includes all major aspects of the Ahwahnee Principles, as well as other applicable principles of neo-
